

TEK-HUGHES HAIRBRUSHES had a wonderful reception at Christmas time. If Santa didn't bring you one of the new Flex-Action hairbrushes, you will be interested in this innovation in hairbrushes. The new brush actually bends to give the full stimulating action of every bristle with each stroke.

NEW HAIRBRUSHES

Brushing your hair is a wonderful cure for "cabin fever" caused by winter weather.

Hairbrushes are more necessary than ever this year with fashion's longer tresses, hair tints, dyes and frequent permanents—all contributing to dryness.

So, for beautiful hair, treat yourself to a Tek-Hughes Flex-Action hairbrush. It is the hairbrush that actually bends to give the full stimulating action of every bristle with each stroke, thus coaxing the natural oils to the very tips of your hair. Or, try one of the three contemporary designs now being introduced—the Headliner, the Delineator and the Streamliner—and use it daily. All of these "new look" design hairbrushes are made of Lucite in Crystal, Blue and Rose.

The Headliner is a "new look" professional style hairbrush with extra-long, extra sturdy nylon bristles, a wonderful selection for those of your friends who have thick or wavy type hair. The Delineator is a half-round hairbrush with the finest of nylon bristles, the perfect choice for those who prefer the soft touch. The Streamliner, as the name suggests, is styled for speedier grooming. It is shaped in the form of a crescent which insures a steady grip for fast brushing. Each brush can be purchased separately, or with a matching 8-inch comb in a reusable Hughes Vanity Box.

Also consider Tek-Hughes' Copy Cat Kit. This consists of an attractive washable blue or green checkered case with a handy zipper. Inside are a petite nylon-bristled hairbrush, a miniature clothes brush and a comb in sparkling crystal. The price—a mere dollar and a half.

Looking for something to give that darling little girl who's been stealing your heart recently? Then think of Tek-Hughes' Curly Locks Baby Brush and Comb Set. Imagine her delight when she sees a dainty plastic "see-through" basket, containing her very own extra-fine nylon bristled hairbrush with matching comb in opalescent Satin-Glo. The basket makes an ideal pocketbook for the little miss and she'll take great pleasure in imitating the grown-ups with the very latest in fashion, plastic pocketbooks—only two dollars.

Looking for something to give a man? Then make sure to look at Tek-Hughes' brush sets. A variety of styles is available, all handsomely gift-packaged. Ideal for the man who has everything, or for that

A DRY SKIN wrinkles easily like crushable taffeta, so protect it with a gentle transparent film of Charles of the Ritz Reversence Cream or Liquid Reversence worn underneath your make-up to help keep your skin supple and soft like satin.

The Face of Fashion

It's fun to think about the first spring fashion news even though snow is on the ground in many sections of our country. The early-bird talk from the fashion world tells us we won't be hearing the rustle of taffeta or those other crisp fabrics this spring. Instead, we'll be seeing and wearing the soft, flowing materials that drape and fold gracefully to attractively set off the femininity of a woman's figure.

On the beauty side of the ledger, comparing this season's fashions with beauty, complexions that are dry have never been in style. The fashion trend for beauty always favors the soft-textured skin no matter what the season. To achieve this satiny look a complexion needs more than a fluff of make-up between it and the great outdoors.

A gentle transparent film of Charles of the Ritz Reversence Cream or Liquid Reversence worn under your make-up is one way to keep your complexion supple. This corrective beauty treatment gives the necessary moisture that your skin requires to counteract a tight parched feeling. During the day when you are in and out of doors and your face is in perpetual motion, it's particularly important to keep the skin coddled and protected with a moisturizing treatment so that weather and expression lines won't leave long-lasting impressions around your eyes, mouth and forehead.

Starting out first thing in the morning, after your face cleansing, place a few dots of Charles of the Ritz Reversence on your cheeks, nose, forehead and wherever else

the skin is dry and flaky. Use it sparingly as you would a good perfume, for the merest amount is all you need to lend fresh, new softness on your skin. Once you've smoothed Reversence on, it virtually vanishes leaving behind only a pleasant, light, dewy mist on the surface of your skin that persistently clings throughout the day renewing new smoothness and suppleness to your complexion and providing luxurious weatherproof insulation against drying wintry winds, steamheated air, warm southern sun and possibly age itself.

If your house is like most homes in the Klamath country — it's cook and run all the time, right?

January is Egg Month, and it so happens that there are some wonderful combinations of foods to be made from eggs and milk. Today's recipe is an egg-milk amalgamation (that means "merger, or combination").

Casserole Egg and Cheese: 1 1/2 tablespoons butter or margarine, 1 1/2 tablespoons flour, 1/2 teaspoon salt, 1/2 teaspoon pepper, 1/2 teaspoon paprika, 1 teaspoon Worcestershire sauce, 1 cup milk, 1/2 cup grated sharp Cheddar cheese, 6 hard-cooked eggs, sliced, 1 hard-cooked egg, quartered.

Melt butter or margarine over low heat. Add flour, salt, pepper, Worcestershire sauce and paprika and blend. Then add milk all at once. Cook over moderate heat, stirring constantly until uniformly thickened. Add cheese and cook, stirring until melted and blended into sauce. Place two-thirds cup of the potato chips in bottom of one-quart casserole; top with sliced eggs. Pour cheese sauce over eggs. Garnish with remaining potato chips, placed vertically in the sauce. Or chips may be crushed as shown in the photograph and used as a border. Place in a hot oven (400 degrees F) for 20 minutes or until sauce is bubbly. Four servings.

Now, when serving this up, don't forget to set a tall glass of fresh milk at each plate set at the table. Take it from me, whatta' meal!
