Political Activity Said Fast

PORTLAND (AP)—Political developments came fast in Oregon Friday with both the Democrats and Republicans active.

The Republicans, preparing for their \$100-a-plate "Salute to Eisenhower" dinner in Portland Friday night, greeted Postmaster General Arthur E. Summerfield, who will speak at the dinner. Some 700 persons are expected.

The dinner also will feature a closed circuit television broadcast by the President, who will be talking to a number of such gatherings across the country.

For the Democrats Pat Dooley announced State Sen. Robert Holmes will manage his campaign for national committeeman, and Dave Epps of Sweet Home announced he will be a candidate for delegate to the Democratic national convention.

The appointment of Holmes apparently means that he will not become a candidate this year. An Astoria radio station manager, he had been mentioned as a possible candidate for state office.

Howard Morgan, state Democratic chairman, indicated support for Dooley, who will be opposing C. Girard (Jebbie) Davidson for the committeeman job. Both Dooley and Davidson are Portland attorneys.

Morgan praised Dooley's declaration to work for harmony in the party, and added, "Mr. Davidson has asked me to express no opinion regarding his candidacy, and I am glad to comply."

Epps, a delegate to the 1940 and 1952 Democratic conventions, said he would be an at-large candidate with the slogan, "Full support for Adlai Stevenson."

Epps, of Sweet Home, said he had no assurance it would happen, but expects both Stevenson and Sen. Estes Kefauver (D-Tenn.) to be in the May primary as candidates for the Democratic presidential nomination.

Summerfield's arrival in Portland said by his hopes the President will run again.

"I'm not thinking about any other candidate," he said, but added, "No matter who the candidate is the people will not want to go back to what they had before the beginning of this administration."

California Outstrips U.S.

WASHINGTON (AP)—The Census Bureau said Friday California is outstripping all other states by a wide margin in population growth.

The state was credited with a gain of nearly 2 1/2 million persons between the 1950 census and mid-1955 to give it an estimated population last July 1 of 13,032,000.

New York's estimated 16,125,000 was the only one to top it. The 1950 census officially made California the second most populous state, displacing Pennsylvania.

New York and Ohio were the only other states to show increases of over a million persons in the 5 1/2 years following the April 1950 census.

However, the Census Bureau said, Nevada's 40 per cent gain in this period made it the fastest growing state percentage-wise. Arizona was second with a 31 per cent increase, Florida third with almost 25 per cent, California fourth with 23 per cent, and Delaware fifth with a gain of 22 per cent.

The bureau estimated that six states lost population between 1950 and 1955. These were Arkansas, with a decline of 121,000; Mississippi, down 68,000; Oklahoma, 66,000; Alabama, 29,000; Maine, 9,000; and West Virginia 4,000.

At mid-1955, the bureau put the nation's continental population at about 164,300,000. That excludes service men abroad.

Oregon showed the biggest percentage gain in the Pacific Northwest. The bureau set the figure at 1,669,000, up 9.7 per cent.

Washington's July 1st population was 2,570,000, an increase of 8 per cent over 1950. Idaho increased 3.9 per cent to 609,000.

ONE OF THE FIRST March of Dimes boards to be completely filled in Klamath Falls was one of these pictured in the Chuck Wagon of the Klamath Billiards. Each board holds \$68, Charles Schuss, second from left, owner-manager of the establishment, said his firm will endeavor to fill three of boards by the end of the anti-polio drive next week. Pictured with Schuss, left to right, were U.S. Navy Chief Petty Officer Larry Cuffel, Schuss, Gretchen Fisher, cashier and Fred Slusser, bartender in the billiards. CPO Cuffel is one of the special events chairmen of the March of Dimes drive. He is the U.S. Navy recruiter for this area.

Howard Morgan, state Democratic chairman, indicated support for Dooley, who will be opposing C. Girard (Jebbie) Davidson for the committeeman job. Both Dooley and Davidson are Portland attorneys.

Morgan praised Dooley's declaration to work for harmony in the party, and added, "Mr. Davidson has asked me to express no opinion regarding his candidacy, and I am glad to comply."

Italians Set Fashion Parad

ROME (AP)—Underlaid Empire, the most successful line introduced by Italian dressmakers last season, promises to continue in cotton frocks in 1956.

Pushed-up bosoms, banded and ribboned under the bustline, a normal unemphasized waistline and slim skirts also can be expected again, now in bright, gay warm weather fabrics.

It's improbable that the line will become more pronounced. Nobody will risk exaggerating it into fancy dresses.

That's what willing-to-talk designers say of the spring-summer collections being shown today. Buyers from all parts of the world, including many from the United States, will be on hand.

Dressmakers who were all out for the Empress Josephine effect before make no secret of their intention to persist in its romantic ultrafemininity. Houses that didn't follow the trend at the last showings are more mysterious about their plans.

Eleanora Garnett, exponent of Empire, says, "A line doesn't change in the spring if it was any good during the wintertime," and keeps her bustline up. Her colors are amaryllis pink and pea green.

Gattinoni is for "fullest expression of Empire," calling it "a great line that everybody loves." She claims it's good even on chubby clients. Adding lots of pleats, Gattinoni is concentrating on cotton in yellow, pale blue, white and grey.

GLENN E. SMILEY, national field secretary for the Fellowship of Reconciliation, an ordained Methodist minister, will speak at a number of functions in Klamath Falls. At 11 a.m. on Sunday, January 22 he will speak at the Church of the Brethren. At 3 p.m. the same day he will speak at a meeting of the NAACP at the home of Kenneth Lambie, 2545 Homedale Road; at 10 a.m. at OTI on Monday, January 23 and before the Council of Church Women, First Christian Church at 2 p.m. the same day. His subject will be "Citizenship With a Southern Exposure."

Auto Ills Said Set By Race

WASHINGTON (AP)—Sen. Monroney (D-Okla.) said today the "white-hot race" for auto sales supremacy between Chevrolet and Ford caused "many of the troubles now plaguing the auto industry and its dealers."

The senator made this comment in an interview with the Commerce subcommittee on automobile marketing the heads scheduled its second hearing on charges of abuses in car selling practices.

Monroney said that in talking to car dealers privately in preparation for his hearings, he had found many who blamed the Chevrolet-Ford contest for similar abuses.

After Chevrolet had held the lead in industry sales for about two decades, it was challenged heavily by Ford in 1954. The outcome was so close both sides claimed victory, using different sets of figures.

Chevrolet was victorious last year on the basis of unofficial sales figures, although Ford was a close second.

The Oklahoma senator said it appeared to him that the race contributed to car "bootlegging," or discount sales by regular dealers to nonfranchised dealers.

Monroney cited the case of an Oklahoma dealer who, he said, received a letter from his zone manager berating him because a competitor finished ahead of him in sales for one month.

"I have seen that letter, and it's the kind that shouldn't have been written to a dog, much less to a responsible, successful business man," the senator said.

"The dealer told me his competitor had built up his sales by bootlegging. But he went on to say, 'Next month, I'm going to be the biggest bootlegger in the state of Oklahoma, because I'm never going to get another letter like that.'"

Take it from me girls... stay Smart and Healthy

Wonderful, casual, do-everything denims may well be still better in coming years. Koret of California has announced it is manufacturing a new line of no-iron, machine-washable finish denims. The folks may be the first to come up with such a thing, as far as we can learn.

First models off their design tables include a side-slit "topover" and pedal-pushers with modified gob front and cord stitched waist band.

Also... contoured shorts and boatneck blouse in Baghdad print unified by a solid cotton ois with concealed back fastening.

All of this, mind you, in the specially processed no-iron denim.

Hats from Paris: bulky torques, berets and cloches. Sleek, yet fancy.

All of this adds new charm to the coming spring season... Easter, then early summer... A bright future to look forward to, isn't it?

Read where the experts are saying that economic depressions are really the products of a "state of mind" of the people involved in them. That "state of mind" business means a lot in more than business, too... in personality, for instance. And in getting the daily job done at home or office.

That's one good reason why three glasses of milk each day for each of your family can mean so much with vitamins and minerals... energy plus, in other words.

Take it from me, there's more in milk than just refreshment.

Bessy.
