

THE GRA-Y FUN CLUB is a phase of YMCA activities for boys in the 9 to 12-year age bracket. Meetings are held each Saturday at the YMCA, 722 Pine Street, from 10 a.m. to 3:30 p.m. These Gra-y members are shown learning tumbling and acrobatics. Charles Traver, left, instructor for the group, watches Verne Netzer, on floor, David Stippich, upside down, and John Robinson, far right. This is National YMCA Week.

Gra-Y Fun Club Offers Program For Youngsters

(Editor's Note: The week of January 22 to 28 is National YMCA Week. This is the second in a series of articles describing the various phases of YMCA activities.)

The Gra-Y Fun Club is a YMCA program pointed for boys a bit too old for the Y Indian Guide program described in the first article of this series.

Pitched toward boys from 9-12 years of age, this group now boasts an enrollment of more than 75 boys. The program is designed to capture the interest of all boys regardless of their individual likes and dislikes.

The emphasis in the program is learning through activity.

Rioting In India Flares Over Split

NEW DELHI (UP) — Violent anti-government rioting as bitter as that directed against Britain in the 1930s broke out today in the eastern Indian state of Orissa. The Army was ordered to send troops to the scene.

Mobs surged through the streets of the cities of Cuttack and Puri some 200 miles southwest of Calcutta, burned railway stations, attacked the government-owned radio station in Cuttack, and beat government and police officials.

The new rioting—which started a week ago today in Bombay—came as Prime Minister Jawaharlal Nehru's ruling Congress Party prepared to set out an iron-fisted policy to meet the government crisis.

Most of the attacks in Orissa state today were directed at local officials for their inability to persuade Nehru to change his mind about transferring part of Orissa to the state of Bihar under an unpopular government plan of redistributing Indian states.

The injured included Mrs. Malati Chowdhury, wife of the chief minister. She was hit by a tear gas shell while making an unsuccessful attempt to pacify the unruly crowd.

The brunt of the attack was directed at the Cuttack radio station where the crowd believed police had hidden many of the victims killed in earlier rioting in the state. But today the mob attacked everything smelling of government control.

Nehru met all day yesterday with leaders of the Congress Party and informed sources said his working committee would issue a resolution denouncing "Mobocracy" and stressing the need of stern measures to maintain law and order.

Train Leaps From Rails

WILLIAMSON, W. Va., (UP) — A Cincinnati-bound Norfolk & Western passenger train derailed on a curve at Cedar, W. Va., about midnight, killing the engineer and injuring at least 25 passengers.

The engine, five mail and express cars and two passenger cars remained upright on the rails.

The engineer, Walt Willard, Bluefield, W. Va., was found in the cab with his body buried under cinders. Ernest Hoback, the fireman, was seriously hurt but the extent of his injuries were not determined immediately.

Attendants at Williamson Hospital said six passengers were admitted for treatment. The extent of the injuries suffered by some 15 other passengers was not immediately determined.

Dentist Lack In State Seen

SAN FRANCISCO (UP) — LL Gov. Harold J. Powers warns that California is undergoing a shortage of dentists.

Powers, speaking yesterday to a meeting of the University of California's Dental Alumni Association, paid tribute to the profession for educating the public in ways of achieving dental health.

"But," he added, "the task before you is a growing one. One hundred and six years ago, we had 13,000 people in California. Today we have 14 million.

"We now have but one dentist for every 1818 people in our state, and the ratio is decreasing. We graduate from our four dental colleges about 275 men and women every year. About 200 more are admitted to practice after graduation elsewhere.

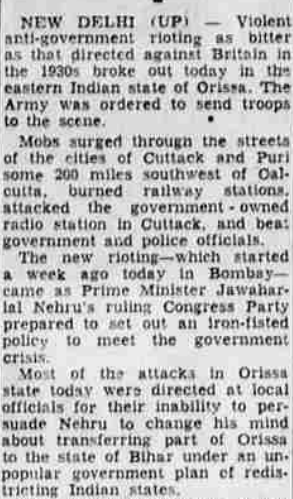

"However, our population is increasing at an even faster rate." The association's annual meeting ended today.

Four Hurt In Smashup

Four Klamath Falls residents were taken to Klamath Valley Hospital late Sunday after a car in which they were riding crashed into a snow plow in Crater Lake National Park. The accident happened 11 miles north of Ft. Klamath.

The injured: Diane Clausen, 24, of 725 North Second Street, fractured leg and cuts and bruises; Mrs. Joan Sitton, 22, 1302 Nimitz, face cuts and possible fracture of the left shoulder; her husband, Huber Sitton, chest injuries and their daughter, Cheryl Sitton, 2, possible fractured leg.

According to Jim Kaler of the Kaler Ambulance service, it is believed Sitton, who was driving, was blinded by blowing snow and did not see the plow.

Embarradero Road Bids Called For

SACRAMENTO (UP) — Bids for construction of a \$2,600,000 second unit of the Embarradero Freeway, linking the freeway to the San Francisco-Oakland Bay Bridge, were called for today by the Department of Public Works.

The department said the new project would extend the double-decked freeway viaduct another one-fourth mile north. Bids on a third unit, to cost \$5,300,000 and carry the viaduct to Broadway, will be called early this summer, the department said.

Marines, Navy Man Wind Up Hike

PORTLAND (UP) — Nine Marines and a Navy corpsman completed their hike from Salem to Portland Saturday for the March of Dimes.

They set out on the hike Thursday, collected dimes along the route and turned the sum over to March of Dimes headquarters here. Officials did not say at once how much was collected, but estimated \$1,000 was donated in Portland alone, by persons living along the route of march.

Cold Clings To Northern U.S. Today

By THE ASSOCIATED PRESS

Bitter cold clung to Northern regions of the nation Monday with sub-zero temperatures plaguing portions of the Midwest.

Light rain spread to the Southeast states with the precipitation locally heavy near the Gulf of Mexico. New Orleans airport reported half an inch.

Snow pushed into Tennessee and Kentucky while as much as an inch of new snow fell in some sections of New York and Pennsylvania. Snow flurries fluttered eastward from the upper Great Lakes region.

Dense fog early Monday in Eastern Colorado, Western Kansas and Southwestern Nebraska hampered highway traffic and caused cancellation of some air travel.

The northwest portion of the Midwest suffered the most from the extended cold snap. Below zero temperatures were common over Minnesota, Northern Iowa and sections of Wisconsin, Bemidji, Minn., was the coldest with 21 below.

The North Central and North Eastern portions of the nation endured cold temperatures but no sub-zero readings were reported. In contrast, Florida was balmy with Miami airport hitting 70 above and Key West 72.

In the Far West, rain spread over the coastal areas eastward to the Rockies with snow reported in higher elevations.

Alfalfa Trial Shows Success

NEW YORK (AP)—It now appears that Emmy has patched up her family troubles and will be a respected lady from coast to coast.

"Emmy" awards are made annually by the Academy of Television Arts and Sciences. They are like the "Oscar" awards made annually by the Academy of Motion Picture Arts and Sciences. There is no relationship between the two academies.

For some time many people employed in television in New York and the Midwest have complained that Emmy awards were not truly representative of the entire industry and were too much under the influence of Hollywood. But now there's been an East-West meeting at the summit here and the Academy of Television Arts and Sciences appears launched on an era of peace and good will.

Don De Fore, the actor and Academy president, explained nearly everything the other day while smoking a peace pipe after the meetings ended.

"We've established 41 categories of awards which will be made next March," he said. "We can really say that everybody is happy. We're setting up machinery for a national board with individual chapters in New York, Hollywood, Chicago, Philadelphia, St. Louis and Boston."

In the recent meetings here New was represented by Ed Sullivan, Max Liebman, Alex McKee, Lawrence Langner, Henry White, Mark Goodson and Mario Lewis. Hollywood representatives, besides De Fore, were Tom Lewis, Robert Longnecker, Loren Ryder and Thomas Freebairn-Smith.

The Emmys are the only TV awards to craftsmen by craftsmen.

Trapper Drowns Under Creek Ice

PARIS, Ky. (AP)—Stuart W. Frye, 28, drowned under the ice of frozen Stoner Creek yesterday after a heroic effort to rescue him.

His brother-in-law James Mathery, 28, said the ice broke under them as they started out to check some animal traps. Both fell into the water.

Mathery regained his footing on the ice and tried to reach Frye with a long tree limb, but the ice broke again, dropping Mathery into the stream a second time.

Again he climbed free and obtained another limb. Frye, too numb to grasp it with his hands, grabbed the limb with his teeth. He was nearly ashore when his grip failed and he sank under the ice. The body was recovered later.

Operation Too Much For Thief

CLEVELAND (AP)—Accused burglar Robert Hodge was in the City Hospital prison ward today, and mightily glad to be there.

Two pals had tried to remove a bullet from his shoulder in their house, using a kitchen knife and a fish of gin for a pain killer. Midway in the operation, Hodge regained consciousness and bolted, screaming at the top of his lungs.

Police found him lying on a sidewalk and arrested him as a drunk. Surgeons removed the bullet later.

Hodge, 26, was shot by restaurant owner Bert Felt early Friday morning after he and his two accomplices robbed the place of \$30, police said.

The story of the attempted operation was told yesterday by Hodge and one of his would-be benefactors, whose name was not available. The third man still was at large.

CLEANING THE SIDEWALK in preparation for the Klamath County Junior Chamber of Commerce's Block of Dimes next Saturday were these members of the club. From left to right the Jaycees are: Bob Beach, Chuck Boley, chairman of the event; Jerry Slusser, Leo Morstad, Jaycee president; Jack Madden and Dean DeWitt. The Jaycees will attempt to beat the record of the Exchange Club which held its Block of Dimes last Saturday. All the proceeds of the downtown events go to this year's March of Dimes drive to combat polio.

'Emmy' Is Now Respected As Television's Top Prize

NEW YORK (AP)—It now appears that Emmy has patched up her family troubles and will be a respected lady from coast to coast.

"Emmy" awards are made annually by the Academy of Television Arts and Sciences. They are like the "Oscar" awards made annually by the Academy of Motion Picture Arts and Sciences. There is no relationship between the two academies.

For some time many people employed in television in New York and the Midwest have complained that Emmy awards were not truly representative of the entire industry and were too much under the influence of Hollywood.
