### Petrovics In Council Race

DUNSMUIR — Victor Petrovics, owner of the Dunsmuir Pharmacy, was the first candidate for city councilman to file nomination papers at the Dunsmuir City Hall. Petrovics based his decision to run on having a "stake in the community."

Both a home and business owner, Petrovics was president of the

Dunsmuir Chamber of Commerce last year. He has lived in Dunsmuir since purchasing the pharmacy 10 years ago. Last year he sold his home and built another larger, more modern home in north Dunsmuir.

The parents of three small daughters, both Mr. and Mrs. Petrovics take an interest in church and social life in Dunsmuir.

Dunsmuir voters will choose three councilmen and a city clerk on April 10. Nomination papers are being accepted at the city hall through February 16. While Petrovics was the sole nominee filing this past week, others have signified their intentions of running.

### Ball Park Plans Eyed

DUNSMUIR — Representatives of the Dunsmuir Merchants baseball team and the Railroad Days celebration will form a committee to work out an "equitable solution" to use of the city ball park during the three-day Railroad Days event. The district recreation board, merchants baseball commission and Railroad Days directors met Tuesday night to consider the problem of conflicting interest over the park.

Railroad Days wants the exclusive use of the grounds the three days of the celebration, June 15-17. The merchants want to use the field for a game Sunday, June 17.

Team commissioners argued that the game during Railroad Days last year accounted for 20 per cent of the team's total income for the season. Jack Samuelson, recreation board chairman, who presided at the meeting, said the board would abide by the committee's decision on the use of the park. Committee members were not immediately designated.

Spokesmen were Francis McEmery, Railroad Days, chairman; and Cecil Ballew, baseball commissioner.

### Drunk Driving Fine Levied

YREKA — Verne Davis, 31, Yreka logger, was sentenced to pay a \$420 fine, or serve 110 days in the county jail for drunk driving and driving while his operator's license was suspended.

Two AWOLs from the Navy, Charles L. Shuber, 26, of Seattle and a 17-year-old companion were picked up last Wednesday night at the city parking lot. Police reported the sailors were without funds and the gas tank of the car nearly empty. They are being held in the county jail pending arrival of Naval personnel.

### Babler Brothers Awarded Contract

LAKEVIEW — Babler Brothers, Inc. of Portland were given the contract for resurfacing 26 miles of the Fremont Highway between Silver Lake and the Lapine Junction on a bid of \$37,731. The contract was awarded by the Oregon Highway Commission in Portland last week.

In addition to the new paving the work calls for furnishing crushed rock in stock pile for later use by the highway department.

"SWEET" LONDON (UP) — Soviet Minister of Culture Nikolai Mikhaliov, during a visit to a housing project Sunday, threw his arms around a housewife and sang her "an old Russian love song." The housewife, Mrs. Maurice Hartman, told the husky Russian he was "sweet."

### Siskiyou RC Meeting Held

YREKA — The third meeting of the Siskiyou County Advisory Committee for the American Red Cross was held January 31 at the Yreka City Hall.

At the meeting 23 cases were acted on with a total of \$32,145.35 in assistance given. The total assistance extended to the Red Cross flood victims in Siskiyou County amounts to \$72,076.60. This assistance was extended as an outright gift to 79 cases on which action has been completed.

The Red Cross reports that assistance to disaster victims in the state of California at the end of January amounts to \$2,383,505. In Oregon, the assistance to this date is \$78,780.

MEETING MOUNT SHASTA — Plans to hold a general meeting of the Mount Shasta Chamber of Commerce and an election of officers in mid-March were made at a luncheon meeting of the chamber board of directors luncheon at the Keffee Kup. The date was not decided at the meeting.

H. E. Ramshaw and E. J. Hoi-cek were appointed a committee to report on possible repainting and rewording of the "welcome signs at the north and south approaches to the city.

FIRST THING you need in a car, of course, is power to spark performance.

And you get that in a 1956 Buick in plenty — from big 322-cubic-inch V8 engines that hit new highs in horsepower and compression.

But the power under the hood must be carried to the rear driving wheels in the form of twisting force on the drive shaft.

That's torque—the end-product of your transmission.

And the higher the torque build-up—the greater the "torque multiplication" in starting and accelerating—the better the getaway and response.

So if you want to feel take-off that leaves your breath behind you, come try a '56 Buick with Variable Pitch Dynaflo.\*

For in this airplane-principled transmission, Buick engineers raised the ceiling on torque to give you the best getaway yet.

They did it with something they call "double regeneration"

— a new way to make flowing oil add to its own velocity.

And when you use the full torque of a Buick beauty like the one pictured above, you're using the highest torque multiplication to be had in any standard-production American automobile today.

Come see for yourself what that means in new thrills and new safety.

You'll find brilliant new getaway response in the first inch of pedal travel—plus greater gas mileage to boot.

You'll find an electrifying new safety-surge of full-power acceleration when you floor the pedal and switch the pitch.

And you'll find this spectacular performance blended into the smoothest-traveling, the sweetest-riding, the highest-powered and the easiest-handling Buicks yet built. Drop in on us this week—today, if you can—and judge things firsthand.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
