Khrushchev To Lead Meet

MOSCOW (AP)—Nikita Khrushchev, first secretary of the Communist party, is expected to dominate the 20th congress of the Soviet party opening here Tuesday.

Delegates from the steppes and from the Siberian tundra, from farm and factory far and near already are arriving for one of Moscow's most important political gatherings since Joseph Stalin died in 1953.

Meeting behind closed doors, in an atmosphere far removed from that of an American political convention, these delegates are certain to give party approval to a new five-year plan and the foreign and domestic policies that will be laid down.

Khrushchev has bounded to the front in the last three years. He will give the Central Committee's report, which is the equivalent of a State of the Union message. In this message Westerners will expect to read the latest line on foreign policy. They will have an ear tuned especially to what he says about such places as Iran, whose adherence to the Baghdad Pact with Turkey, Pakistan, Iraq and Britain has infuriated Kremlin leaders.

Premier Bulganin will lay down the directives of the already published five-year plan, and thus has a role of secondary importance.

So far no particular part has been assigned Georgi Malenkov, who read the keynote at the last congress in Stalin's lifetime. Malenkov later became premier but stepped down to a deputy premiership last February.

Negro Coed Files Legal Action Against College

BIRMINGHAM, Ala. (AP)—A Negro coed, returning to federal court in a bid to gain readmission to the University of Alabama, charged school officials could have halted campus rioting.

The action was one of two filed yesterday in the long legal battle of Autherine Lucy to attend classes at the university. Hearings on both petitions are scheduled Feb. 29, before U.S. Dist. Judge Hobart Grooms.

Miss Lucy petitioned Grooms to compel university authorities to readmit her to classes, and in a companion action she seeks dormitory accommodations and the right to eat in the school's dining halls.

Miss Lucy charged that members of the Board of Trustees and Dean of Admissions William F. Adams "intentionally permitted acts of unidentified persons in order to assimilate an air of riot and disorder and rebellion on the campus."

Such actions, she said in her petition, were a "subterfuge for refusing to permit her to pursue courses at the university."

The 26-year-old Birmingham secretary is the first Negro enrolled at the 125-year-old state university. She was barred Monday from attending classes after rioting crowds had stoned her and school officials.

The trustees declared that she was excluded as a measure of safety. But Miss Lucy charged in her petition that she was excluded solely because she is a Negro. In defiance of an order issued by Grooms last July, it was on this order that Miss Lucy was admitted to the school.

She called the board's action "a cunning stratagem" and said adequate police protection is available.

Miss Lucy is asking \$1,000 damages in the dormitory suit, and also asks that Dean of Women Sarah Healy be compelled to assign her a dormitory room, and allow her to eat in university dining halls.

"SERVICE" MEATS!

That's right! Surveys by Super Market Institute, of which Big Y is a member, show that 7 out of every 10 women prefer to have the butcher wait on them when they buy meat. They like to pick out the fresh, tender cuts they want, and to have the butcher weigh them and wrap them right before their eyes. That's why Big Y sticks to "Service" meats.
