

New Formula For Gas Told

Standard Oil Company of California today announced the West's first automotive gasoline made with an aviation anti-knock fuel formula.

This aviation blend is available only in Standard's premium grade gasoline.

Company engineers say the new gasoline is designed to meet the special performance requirements of modern engines. These special needs are the result of increased compression ratios, radical cylinder head designs, and critical valve operation.

Extensive tests in Standard's laboratories and on the road indicate the new gasoline lengthens valve life and reduces combustion chamber deposits, thus improving octane performance. A substantial reduction in wear rate of piston rings and cylinder walls also is reported in the tests.

Spokesmen for Standard Oil say the same benefits improve performance of older cars as well. Primary purpose of the new blending, however, is to make possible all the performance designed into modern high-compression engines.

A BENEFIT SILVER TEA and doll exhibit will be staged February 29, 2 to 4 p.m. in the First Methodist Church. Proceeds from the affair will go to the Methodist Home in Salem. Over 100 dolls, handmade by Mrs. Glenn F. Johnck, ranging in size from one half inch to 20 inches, will be on display. Mrs. Johnck is a member of the Dollmakers Guild. Left to right are Mrs. Arthur Farr, tea chairman; Mrs. Marion Lehman, displays; Mrs. John Yaden, president of the Women's Society of Christian Service which is sponsoring the tea and Mrs. Glen F. Johnck. The public is invited to view the display.

Church Plans Silver Tea

More than 100 dolls, handmade from various materials by Mrs. Glenn F. Johnck, will be displayed during a silver tea at the First Methodist Church on February 29 to be sponsored by the Women's Society of Christian Service. Tea hours will be from 2 to 4 p.m. Sizes of the dolls range from one half inch to 20 inches and represent many countries of the world. Mrs. Johnck has used a variety of materials, wire, paper, cloth, yarn, nylon and cotton in making the attractive display.

Her dolls have been used for window displays, story-telling illustrations, table decorations, posters, church projects in youth work, arts and crafts displays for Girl Scout work, for church benefits and for a PTA carnival.

Mrs. Johnck is a member of the Dollmakers Guild and has supplied customers with miniatures in various states. One year her dolls were sold at the House of Dolls in Santa Claus, Indiana.

She has won blue ribbons for miniatures at a district fair in California and at the Klamath Basin hobby show. Funds from the tea will go to the Methodist Home in Salem. Mrs. John Yaden is president of the WSCS. Mrs. Arthur Farr is tea chairman. Mrs. Glenn F. Johnck is in charge of exhibits. Mrs. Marion Lehman, displays and Mrs. Joe Brannhall is publicity chairman. The public is invited to the tea.

First Layman Lecture Given

The God of Heaven shall set up a kingdom which shall never be destroyed, but it shall fill the whole earth and stand forever. This was the summary of the lecture given by Ival Taylor, a layman of the Klamath Falls Seventh Day Church, in the Merrill Moose Hall on February 12.

He based his lecture on the King's dream as recorded in the second chapter of the Book of Daniel and explained how history records four great, worldwide kingdoms would arise, that the fourth of these would be divided and while yet divided, God's Kingdom would be established and will destroy all earthly nations.
