

SCHUSSBOOMERS AT SUN VALLEY for their 16th year are Mr. and Mrs. Don J. Divens, 733 Alameda. Shown with them at the right in the picture is Mrs. Robert Charles, 4729 South Sixth Street, on her first visit to the Idaho winter sports resort. Her husband, not pictured, was busy on 9200-foot Baldy Mountain when the above candid was taken at Dollar Mountain — a little slower slope for less skilled skiers.

Don and Marie Divens have applied their winter vacation know-how to the new ski-tow near Klamath Falls at the Rocky Point-Lake of the Woods Junction. Almost always accessible — the ski-spot has become a popular place with local snow-worshippers. The two Klamath Falls couples are scheduled to vacation at Sun Valley until tomorrow, February 20.

By Bessy, the Basin Bossy

That white stuff that came down Thursday night and Friday morning threw the girls in my herd in a dither. Here we had been having nice weather and it brought to us dreams of sunny skies and lush green pastures.

If the snow threw your plans in a spin and made you tired, restless or worried, then take a tip from Bessy...

Relax with the milk habit... drink three glasses of milk every day... and make sure that every member of your family does the same thing.

Dr. Herrell DeGraff of Cornell University says, "Tests of a number of nervous children and adults prove that drinking enough milk—at least three glasses a day—helps materially to reduce fatigue and promote mental serenity."

The finest habit you could have is drinking three glasses of refreshing milk every day. From them you get all the calcium your body needs for proper functioning. You get low-cost protein, generous amounts of needed vitamins. Milk does more for your mind and body than any other food.

Try milk for a month, three glasses a day. Let it soothe you, build you, as it did when you were a baby. Relax!

Take it from your pal Bessy... if you do this, a little snow or what-have-you, won't throw you in a dither.

Bessy.
