(It's the Buick SPECIAL—and you really ought to try it!)

This is the one that's going to town in a BIG way. And you'll know what we mean when you take its measure—by any yardstick you choose.

By the pound and inch, it's the biggest bundle of high-powered action and high-fashion luxury ever offered in Buick's lowest-priced Series.

By the dollar sign, it's a value so big that Buick outsells every other car in America except two of the well-known smaller ones.

But not till you've put this 1956 Buick SPECIAL to the road can you know what a big-time performer it truly is.

You'll know it by the instant response and purring might of a 322-cubic-inch V8 engine that's been lofted to new peaks of power and compression.

You'll know it by the flash-away action of a new Variable Pitch Dynaflo* that steps up getaway and gas mileage in normal situations—and zooms to full-power acceleration for a needed safety-surge when you floor the pedal and switch the pitch.

You'll know it by your complete mastery of a big car that handles like a dream—steers like a wish—and rides like a cloud in the blue.
