**WARNING**  
PROVIDENCE, R. I. (AP)—Radio announced Bruce Williamson was conducting a record program over Station WPHM when his wife called to say their 2-year-old daughter locked her out of the house. Knowing the radio was on at his house, Williamson directed an announcement at his daughter, warning her what would happen if she didn't open the door. She opened it.

"IF THEY TAKE YA TO THE HOSPITAL, CAN I BLOW THE SIREN?"

## Veering Tank Crushes Car

COVINA, Calif. (UP)—The California National Guard and police today sought to determine if mechanical failure caused a 46-ton Patton tank to crash head-on into a station wagon, killing the auto's woman driver.  
The tank, after rolling over the station wagon, jumped a curb and roared across the front lawns of two homes before smashing into a brick wall Wednesday night.  
Sgt. I-C Gordon Gray, 26, of Baldwin Park, Calif., said the tank started to veer toward the curb of the street as he drove it to a Baldwin Park army. When he attempted to straighten out, the steering mechanism apparently locked and the tank crossed the street's center line, smashing into the approaching station wagon, Gray said.  
Mrs. Jeanette B. Hendricks, 58, of Covina, driver of the station wagon was killed instantly. Gray and three teen-age National Guardsmen in the tank were unharmed.  
The tank dragged the car 30 feet after hitting it. The station wagon was flattened to about a height of two and a half feet. Rescue workers said they tore off the station wagon's top "like a sardine can" to remove the victim.  
Army Capt. Jack A. Herman, who saw the collision, said he estimated the oncoming tank's speed at between 30 and 40 miles per hour.  
"He hit his brakes about three times," Herman said. "The last time it threw him to the left and right over the station wagon. She had no warning."

## Adventists Give Lecture Series

The welfare of society and the prosperity of the nation depend upon the sanctity of the homes of the people, was the theme of the lecture given by Vern Shotwell at the Moose Hall in Merrill on Sunday evening, February 19.  
A series of lectures are being given at the Merrill Moose Hall by a group of laymen from the Klamath Falls Seventh Day Adventist Church. They are assisted by the church choir.

## Man To 'Bomb' Windy City

CHICAGO (UP)—Negro disc jockey Al Benson's chartered plane returned Wednesday night after "bombing" Mississippi with copies of the U.S. Constitution and a Mississippi record-spinner promised to show Chicago with Confederate flags in retaliation.  
Benson, a 48-year-old Mississippi native, didn't make the Washington's Birthday flight because he said he feared for his personal safety.  
"raid" was performed by his hired pilot, Jim Greer, and a flight instructor, Peter De Kelatta. They dumped most of the 5,000 pamphlets on the capital city of Jackson, Miss., and then winged onto Greenwood, Miss., to get rid of the rest. Greer said the 650-mile non-stop flight was completely uneventful.  
Mississippians also failed to get excited about the "raid." Jackson residents showed only mild interest when Greer's plane swooped in at 1,000 feet and the 43-page booklets fluttered down.  
Some of the pamphlets drifted onto the capitol and the governor's mansion, but quite a few others ended up in the Pearl River swamp east of the city.  
At Oxford, Miss., disc jockey Alan English said he will return Benson's gift Monday in the form of 25,000 paper Confederate flags. He will hire a plane and scatter them along Chicago's loop and lake front, he said.

## Truck Damaged During Fire

A truck on which welders were working caught fire Wednesday morning at the Klamath Powder and Equipment Company, 350 South Spring Street, Klamath Falls. The truck, owned by the Asphalt Paving Company, was badly damaged, but damage was confined to the vehicle, firemen said. The fire reportedly got its start when some oil or grease on the frame was ignited by sparks from a cutting torch.  
The Suburban Fire Department reported that on Tuesday afternoon, the oil stove at the secretary of state's office in the Tower Theater building backfired and sprinkled burning oil on the outside of the stove. There was no damage.

Take it from me...  
**Bessy's Dairy Dishes**

By Bessy, the Basin Bossy  
You know, these days people are too much on the run. And one of the institutions that has taken a beating in the rush is the old style family breakfast!  
It used to be that Mom would roll out of bed early in the morning to pop biscuits in the oven, scramble the eggs, fry the ham or pork chops, and pour out those big glasses full of wholesome milk.  
Nowadays breakfast is usually scattered all over the morning. Dad rolls out first, grabs a bite to eat at home or on the way to work. Next comes Mom, who keeps poking the kids until they get up. And in the rush to get to classes or work, breakfast is almost forgotten.

It shouldn't be! Nutritional experts say that breakfast is the most important meal of the day... It's the meal that gives you energy to carry on all day long. One good way of making sure that you get the energy you need for the day's activities is to start off with a glass full of cool, refreshing Grade A Milk!  
If you'll take a few extra minutes to prepare a bowl of milk and cereal, that's even better. And to keep that energy up all day long, make sure that you get that tall glass of milk with every meal.  
Milk gives you "armored" calories that add energy to your body without adding fat. It's good for everyone — Mom, Dad, baby, teenagers, Grandma and Grandpa — you never outgrow your need for milk.  
Take it from me... If you get the milk habit you'll never be sorry.  
Bessy.

## Advertising... keeps prices down

A penny a pound on the price of a pork roast can make a world of difference to a grocery shopper. And food store managers know it! That's why they do everything possible to keep prices low in their advertising. It's the same for almost any product you can think of. No store can sell it for ten dollars while a second store is advertising it for five.  
Advertising enables you to sit back, relax and compare prices and merchandise. Shopping trips can be planned beforehand to take advantage of the sales which merchants are advertising constantly. By providing a giant market place where stores of all kinds can compete for your business, the advertising in this newspaper helps keep prices low.

Prepared by the Promotions Department of The Des Moines Register and Tribune for the ADVERTISING FEDERATION OF AMERICA.
