

No March RC Drive Planned

There will be no Red Cross fund campaign among the adults of Klamath County this March, the traditional fund raising month for the organization, according to John Hayden, Klamath Basin chapter chairman.

The local chapter raises its annual budget for Klamath County in a joint campaign with the United Fund each fall. The Tulelake branch conducts its own separate campaign each March, as it is not included in the United Fund appeal. The Junior Red Cross conducts its annual enrollment among school children during the spring months, as it is likewise a separate project not included in the adult campaign.

"The local chapter raises its annual budget for Klamath County in a joint campaign with the United Fund each fall. The Tulelake branch conducts its own separate campaign each March, as it is not included in the United Fund appeal. The Junior Red Cross conducts its annual enrollment among school children during the spring months, as it is likewise a separate project not included in the adult campaign."

"Klamath County residents have done their share," Hayden said. "And we would like them to know we appreciate it."

A series of articles will appear during March to inform the public of the local Red Cross program. Volunteers, who outnumber paid Red Cross workers by over a hundred to one, will be featured.

Founders' Day was observed by members of Joseph Conger PTA on February 15. The afternoon meeting was held at the school.

Following the flag salute led by Conger, school girls and the singing of America, past presidents, Mrs. Richard Maxwell, Mrs. Joe Green and Mrs. Robert Elliott were introduced by the president, Eleanor Curtis. Gifts were presented to the honored guests in appreciation of their service to the PTA.

Mr. Eldred Hansen spoke on "Founders' Day." The all-city elementary school string ensemble and Woodwinds played under the direction of Kristian Gippo.

June Potter's first and second grade room won the room count award.

It was announced that a first aid class directed by Mrs. Joe Green would start a six weeks course beginning February 21 at 7 P.M. at Red Cross headquarters in the Klamath County library.

Tuition free members, Mrs. Al Bobbitt, Mrs. Richard Hicks and Mrs. Robert Rouch served refreshments.

Hollywood TV's Only 'Stunt Stand-in' Has Wildest Job

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD (UP)—An attractive girl named Ginny Kruse has

Radar Link Nears Finish

NEW YORK (UP)—The last link in a 1,600-mile chain of radar "eyes" for split-second tracking of the nation's newest guided missiles will soon be finished in the West Indies.

A final radar station planned for the island of St. Lucia will complete the 10-million-dollar series of outposts that start at the missile test center at Patrick Air Force Base, Cocoa, Fla.

At present, the chain lies along seven Caribbean islands as far as Puerto Rico, 1,000 miles from the Florida missile-launching site.

Over 300,000 National Guardsmen in every state and territory are training to help protect and defend America.

Hollywood TV's Only 'Stunt Stand-in' Has Wildest Job

the wildest job in television. She has been run over by sheep, splashed by mud, nipped at by a tiger and kissed by movie stars.

Ginny is Hollywood TV's only "stunt stand-in." For some reason, contestants on NBC-TV's "Truth or Consequences" like to do gaudy stunts in front of millions of viewers. It's up to Ginny to test the stunts in rehearsals.

"They have to be timed, and the lighting fixed," she explains. "And we have to make sure they are

safe for the contestant." Thus Ginny is exposed to any danger or discomfort.

Once, doubling for a contestant to be picked later from the studio audience, she had to stick her head through a hole in the scenery. On the other side a tiger lunged too close for comfort.

After years of watching contestants on giveaway shows, she knows how various types react. In dress rehearsal she has to register embarrassment, happiness, shyness, horror and fright. She tries to "put myself in the contestant's shoes and react the way they'll react."

Ginny stands in for three or four contestants for each show. She often wears coveralls and a bandanna for her unusual job. This attire

Hollywood TV's Only 'Stunt Stand-in' Has Wildest Job

comes in handy for such stunts as being splashed with mud. Many of the tricks, such as the tiger gag, are modified for contestants' after Ginny tests them.

The vivacious brunette has done stunts with pigs, water buffaloes, seals, snakes, bulls, bears, cats, dogs and ducks. The most fun, she thinks, are stunts in which the contestants (Ginny in rehearsals) are kissed by such stars as Cesar Romero, Tab Hunter and David Niven.

Once she stood in for a small boy contestant and was shot at (with blanks) by Guy Madison. Her worst injury was when a mechanical bicycle ran wild "and my vertebrae were shaken loose." Her weirdest experience was being hypnotized as a test for that SC

Ford Wins at Stock Car Racing "Olympics"

HERE'S FORD'S RECORD AT NASCAR'S DAYTONA BEACH NATIONAL SPEED WEEKS.
FIRST in sports car acceleration.
A Ford Thunderbird set a new record for American production sports cars, sprinting a measured mile from a standing start in only 40.5 seconds—reaching a top speed of nearly 150 MPH.
FIRST in top speed—class 4.
A Ford "6" took top honors in the flying mile for class 4 American passenger cars.
FIRST in 160-mile convertible race.
Ford V-8's took 1st and 2nd place in the National Convertible championship race. Ford not only won over all cars entered, but it also topped the all-time record for the Grand National Championship race.
FIRST in overall performance.
Ford won the Pure Oil Manufacturer's award by gaining the greatest number of points for the best performance of any make of car in this great 2-week Stock Car Racing "Olympics"

The Ford V-8 again showed its tallit to all competitors in the "Olympics" of stock car racing at Daytona Beach, Florida.
In blazing across the finish line Ford demonstrated once more the sizzling performance that keeps it the largest-selling V-8 in the world. No other car in the field could match Ford for getaway "git" . . . for straightaway acceleration . . . for all-around roadability. To see exactly how the other cars trailed behind Ford, see the chart at the top of this page.
One of the secrets of Ford's performance is the tremendous torque (wheel turning power) developed by Ford engines. For example, Ford's new 225-h.p. Thunderbird Special V-8 engine develops more torque than any other engine in the low-price field. This means quicker response, smoother running in the kind of driving you do. Just a gentle nudge of Ford's accelerator and *whoosh!* You pass in instants when instants count!
Ford now offers this mighty 225-h.p. engine with any Ford Fairlane or Station Wagon model with Fordomatic. What's more, these engines are coming off the assembly lines right now! So why wait? Come in today for a Test Drive. Find out for yourself about Ford's exciting performance. Find out why Ford is the V-8 with the world's biggest following!
