

Record Breaking Budget Handed Legislature In California For Action

By WAYNE SARGENT

SACRAMENTO (UP) — Gov. Goodwin J. Knight handed the Legislature today a record-breaking \$1.73 billion state budget. He said it can be financed without new or higher taxes or dipping into reserve funds.

"This is a budget reflecting a sound condition of state finance and a prosperous economy," Knight told a joint meeting of the Assembly and Senate. "It is a budget, I am happy to report, which will be financed within the existing revenue structure without new or increased taxes."

Although the proposed budget for the fiscal year starting July 1 is up \$130 million over the current spending program, Knight said the 8.1 per cent increase is needed because of the tremendous growth of the state.

POPULATION
California, he said, now has almost 13.5 million people, an increase of 2.8 million in the last six years.

Knights conceded that the unprecedented business boom of 1955 had turned what would have been a red-ink budget into a spending program which can be balanced out.

Finland Tieup Grows Worse

HELSINKI, Finland (AP) — Finland's general strike took a turn for the worse Monday. Power plant workers and printers joined in the work stoppage and the seamen's union proclaimed a blockade of the port of Helsinki.

Already half a million workers were idle at the call of the Federation of Trade Unions. The strike has isolated Finland for four days. The unions are demanding a 6 per cent increase in wages, which now average 22 Finnish marks (86 cents) an hour.

Engineers and technicians maintained electric power supplies after the regular workers left their jobs, but the printers' strike is preventing any newspapers being published.

Government efforts to negotiate a settlement of the strike Sunday and the Cabinet in their emergency session in two days named a new non-government mediation committee.

There have been no disorders and the only demonstration Monday was a Communist mass meeting in a Helsinki square. Speakers insisted the government must approve the wage increase.

Philip Noe Rites Held

LAKEVIEW — Funeral services were held from the Lakeview Elks Lodge today at 2 p. m. for Philip Noe, 28, who lost his life last week in a Jeep accident in Klamath Falls.

Born at Susanville, California, in December, 1927, Noe was graduated in 1946 from Lakeview High School and in 1955 from the University of Oregon. He was a member of the Elks and Masonic lodges and of Hillah Shrine Temple.

He is survived by his father, Milton J. Noe of Hill, California, and his mother, Margaret Noe, who is a nurse at Ashland.

The Rev. David St. George officiated at the funeral services following which Masonic grave services were held at Sunset Park. Ousley Osterman, funeral home, was in charge of arrangements.

Active pallbearers were Donald Rhythe, Terrence Cahill, Robert Pardue, John Murphy, Norman Lazarus and Scott McDonald.

Honorary pallbearers were Dr. Paul G. Kluwer, Dr. L. C. Robertson, William J. Stiles, Dr. M. P. Vogel and Dr. W. P. Wilbur, all of Lakeview.

of surplus 1955-56 revenues and existing tax levies.

While he did not renew his request for an \$50 million luxury tax program—which the Legislature turned down last year—he did warn that the state faces financial trouble in the years ahead.

"We must not be lulled into undue complacency as to our future financial problems," he said. "Unless we have a substantial further expansion in our economy, we still face a day of reckoning when adjustments in either the revenue structure or the basic expenditure program must be made to obtain a balanced budget."

NO CUT
And the governor made it clear he had no prospect of cutting state spending in the future.

"Heavy increases in the costs of education are inevitable," he said. "To a lesser degree, the outlays for welfare, corrections and mental hygiene will continue to grow. By one means or another our water development program must be financed and we must be prepared to meet heavy outlays from state funds."

Largest increases in Knight's new budget included: A \$22 million jump in the amount set aside for public school support. Education costs will total \$208 million in the new budget. It is the heaviest expenditure of any activity in the state.

A \$25.6 million appropriation from tidelands oil revenues for a five-year beach and park acquisition program.

A five per cent salary increase to 80,000 state employees which will cost \$18.5 million.

FLOOD RELIEF
An appropriation of \$10.4 million for flood relief. Knight's recommendation for flood aid may be increased by the Legislature.

A boost of \$7 million in the mental hygiene budget. The department wants to add more than 1000 employees to its staff at 14 hospitals.

A \$1.1 million appropriation for the Feather River Project, a project whose total cost is estimated to exceed \$1.5 billion.

Four million from tidelands funds for the winter Olympic Games at Squaw Valley.

An \$8.5 million increase in state aid to local flood control districts.

Here's How Money Spent:

SACRAMENTO (UP) — Here's where the state's tax dollar comes from and how it is spent:

REVENUE DOLLAR
25.9 cents from sales tax.
32.2 from motor vehicle taxes and fees.
9.4 from bank and corporation franchise taxes.
7.8 cents from personal income tax.

2.9 liquor taxes and fees.
2.9 insurance tax.
2.3 inheritance and gift tax.
1.6 horse racing fees.
5.4 cents from all other sources.

EXPENDITURE DOLLAR
39 cents for education.
24.1 for highways and vehicle regulation.
11.1 cents for social welfare and health.
8.7 for mental hygiene and corrections.
5.8 for conservation of natural resources.
1.9 for fiscal affairs.
9.4 for all other functions of state government.

NO TRUST
TAIPEI, Formosa, (AP) — An official Nationalist news agency predicted Monday Red China boss Mao Tse-tung would eventually replace Chou En-lai and Marshal Peng Teh-huai "because he doesn't trust them fully."

The report was carried by the Interior Ministry's T'aipei news agency, which claims underground contacts on the mainland.

Chou is premier and foreign minister. Peng is defense minister and a deputy chief of the National Defense Council.

ORDER
TOKYO (AP) — Kyodo News Agency said Monday four Japanese steel companies have ordered two million tons of iron ore from Red China.

VISTA VISION

PLANNING THE ANNUAL FIREMEN'S DANCE, to be held March 17 in the Klamath Falls Armory, were these members of the local fire department. Pictured here holding a shamrock which will be a part of the St. Patrick's Day dance decorations are: (l-r) Doyle Edwards, Ralph Edwards, Dick Suber and Geno Gheller, chairman of the dance. The proceeds of the dance will be used during the year to buy equipment used by the firemen in their spare time and for their contributions to various civic fund drives such as the United Fund and the March of Dimes.

"DENNIS THE MENACE"

Well, it's not invisible ink. We know that much.

Orectech Players To Give The Late Christopher Bean

The Orectech Players organization will present the famed play, "The Late Christopher Bean" by Sidney Howard in the Orectech Theater Wednesday and Thursday with curtain time at 8:15 p. m.

The plot revolves around several paintings left by a New England painter named Christopher Bean. His neighbors thought the canvases were valueless at the time he died. When several collectors arrive in town to try and buy the paintings the resulting scramble for the dead man's work causes many twists to the plot.

Some of the cast of characters include OTI students Jim Bell as Dr. Haggitt, Helen Van Winkle as Susan Haggitt, Cynthia Niver as Abby, Naureen Hanson as Mrs. Haggitt, Mary Rhea as Ada Haggitt, Lyle Fleetwood as Warren Creamer, Bob Linder as Tallant, Leo Kreuzer as Rosen and Darrell Jackson as Davenport.

The play's staff includes: Bob Linder, stage settings; Tony Unive, ticket sales; Anne Curry, production manager; Bud Stumpges, stage manager; and Betty Cote, OTI dean of women, director. Tickets will be on sale both Wednesday and Thursday nights.

OOA Honors Franklin

The Oregon Optometric Association will pay tribute to Benjamin Franklin during Save Your Vision Week, March 4 to 10, for his invention of bifocal spectacles.

The 250th anniversary of the birth of Franklin is being observed in 1956 throughout the United States and in many other countries, under the sponsorship of the Benjamin Franklin Institute of Philadelphia.

Twenty-five million Americans who wear bifocal or trifocal glasses owe a debt of gratitude to Benjamin Franklin for his invention. Dr. Robert Harrahill said, "Except for Franklin's invention almost everyone over 50 would have to change from one pair of glasses to another to see clearly at both near and far. Dr. Harrahill is chairman of the Southern Oregon Optometric Society.

Franklin had two pairs of glasses — one for reading and one for seeing beyond arm's length. He cut the lenses and had half of each inserted in the same frame. Franklin invented bifocal spectacles at the age of 78, when he was ambassador to France. One of the advantages of bifocals, Franklin said, was that he could understand French better, because he could see the facial expressions of those who talked to him from across the dinner table.
