PLANS ANNOUNCED

TOKYO (AP) — Red China announced plans Tuesday night by Peiping Radio for a 74 million acre increase in agricultural lands. By its calculations this would be a 37 per cent increase of cultivated land. On the basis of the World Almanac's estimation of China's arable land—129,880,000 acres—it would be a staggering 60 per cent boost.

Stevenson, Kefauver Oppose Each Other In Minnesota

MINNEAPOLIS (AP)—Adlai Stevenson and Estes Kefauver campaign at opposite ends of Minnesota today. It's their first dual appearance in a presidential primary that suddenly has become a major battleground.

The Tennessee senator interrupted a swing through New Hampshire to personally challenge Stevenson in Minnesota. The stake is 30 delegates to the Democratic National Convention.

There were reports that Kefauver is ready to attack Stevenson's record as Illinois governor in the period before he accepted the Democratic presidential nomination in 1952.

Until now the two rivals have confined their oratory in this state to assaults on the Eisenhower administration.

For the moment at least their paths will not cross. Stevenson is finishing a five-day Minnesota tour with visits to half a dozen communities in the northwestern part of the state.

Kefauver, who for weeks was undecided whether to buck the Minnesota Democratic organization which has endorsed Stevenson, concentrates today in the Twin Cities before heading south to Winona.

The state primary March 20 is the first in the nation for which both are campaigning seriously.

A delegation has been pledged to Stevenson in New Hampshire but he has not campaigned there. He said in a statement yesterday he had "assumed that Kefauver would win all eight delegates there."

Kefauver's backers are convinced that a strong Minnesota showing for their candidate, even without victory, might cripple or at least damage Stevenson's bid for the Democratic nomination.

On his initial tour of the state two weeks ago, Kefauver acknowledged that he was facing a "lot of handicaps." Stevenson, among other things, has the state party's Central Committee endorsement, the backing of a number of influential labor leaders and the powerful support of Sen. Humphrey (D-Minn) and Gov. Orville Freeman.

Yet Kefauver said he was "greatly encouraged" at response to his appearance in southern Minnesota areas where he barnstormed two weeks ago. He has avoided arousing the hostility of Humphrey and Freeman supporters and frequently made a point of declaring his "admiration" for Humphrey.

Actor's Daughter To Be Married

HOLLYWOOD (AP)—The late John Gilbert's daughter, Susan Ann Gilbert, will be married to Jack Waldron, advertising man, in Santa Barbara next Saturday.

She said she has the approval of her mother, the former Virginia Bruce of the films, who is married to Turkish movie producer Ali Ipar.

Miss Gilbert is 22 and Waldron 28. They met three years ago on a blind date.

Secret Defense Meeting Announced In Puerto Rico

WASHINGTON (AP)—The military high command is taking another "new look" at the forces, weapons and strategy required in the next three years to keep pace with missile-atomic age science and the changing face of world communism.

The Eisenhower administration's new reappraisal of the nation's defenses started Saturday, when the Joint Chiefs of Staff slipped out of Washington unannounced and flew to Ramey Air Force Base in Puerto Rico.

Disclosure of the strategy session came last night when the Pentagon said in reply to reporters' inquiries that the meeting will continue through this week at the isolated air base. It added that the military chiefs meeting there will be able to "devote their full time without interruption" to defense business.

Taking part are the chairman, Adm. Arthur W. Radford; Army Gen. Maxwell D. Taylor; Navy Adm. Arleigh Burke; Air Force Gen. Nathan B. Twining; and Marine Gen. Randolph McC. Pate.

The military chiefs are under orders from Secretary of Defense Wilson to make a "complete and careful evaluation of the size, nature and composition of forces likely to be required for the nation's security during the next three years."

Wilson disclosed these plans in a statement to Congress in January. He foresaw then no major change in the over-all size of the armed forces. But he said there would be continuing changes in the "nature and composition" of the military forces in line with scientific progress and changes in the international situation.

The secretary said such a long-range study was needed to provide a sound base for planning "future procurement and other military programs." This means new weapons and equipment.

Pentagon aides, under orders to say no more than necessary about the hideaway meeting of the three generals and two admirals, conceded they have "a whole flock" of other foreign and domestic problems to talk and think about.

In the foreign field, the chiefs will look into the deployment of troops in Europe and Asia, in the light of the Russians' softer approach and the effect on allies and neutrals alike. Also, any strategic review must consider the possibility of how United States forces might be embroiled if fighting should break out in the Middle East.

Wage Increase Schedules For Teachers Approved

A proposed salary schedule for pay increases for teachers of the Klamath Falls elementary schools, Klamath Union High School and for increases in the wages of other school employes was approved by the budget committee of school districts No. 1 and 2 in session March 1 in the high school.

The salary increases allowed conform to a statewide trend for raising teacher's salaries and are based on experience and training.

The allowed increases will be incorporated in the respective budgets of the two school districts for the school year 1956-1957 and will be submitted to the voters at school budget elections to be held in late April or May of this year.

Salaries under the new schedule range from $3,430 for a teacher with three years preparatory academic work to $6,000 for a teacher with a masters degree and 15 or more years of teaching experience.

Custodians and maintenance personnel were allowed a seven cents per hour increase in wages. Cooks received an increase of five cents per hour.

Mrs. Hazel Todd, chairman of the teacher's salary study committee was spokesman for the faculty members; Joe LaClair represented the supervisors and principals and David Hopper Jr., spoke for the custodians and other school personnel.

Members of the budget committee considering the proposal included Mrs. Clara Moore, Mrs. Letha Murphy, Mrs. Margaret Sheridan, R. C. Moehl, budget committee chairman; Ed Hickman, committee secretary; Tom O'Harra, J. C. Renie, Robert A. Kent, W. V. Meade, E. S. Robinson, John Fowler, R. H. Tisdale, Frank Drew, Scott Warren, Fred Hoagland, J. P. Linman, Fred Ehlers and A. E. Dye.

The salary schedule approved by the budget committee for the current school year of 1956-1957, followed by the schedule for the previous year gives comparison figures on experience and amounts.

NEW SNOW

A new snow lies on earth's dark breast
Like the touch of a hand, or a soft caress,
Erasing the flurry-worry lines—
And leaving the cares of her days behind.

Night brought her blankets of fleeces and lace
Tucking them gently round earth's sweet face.

Edith Bellamy Browning

AT MY WINDOW

I wonder today how Earth can be
Sparklingly lovely as a huge Christmas tree.
The very spirit of beauty is everywhere
Angels are tripping the golden stair.

Rhythm of summer is here, too,
While rich cloud blankets add a subtle hue.
Misty gay willow trees make me believe
In fairies and elves and all of these.

I wonder today how Earth can be
Sparklingly lovely as a huge Christmas tree.

Edith Bellamy Browning

Lion Ordered To Leave Town

LOS ANGELES (AP) — King the lion must leave town within 15 days.

The animal regulation commission so ordered after neighbors objected to the 4-month old animal and officials at the nearby Los Angeles orphans home said they would rather the lion were elsewhere.

On Feb. 14 the commission refused King's owner, John Shinners, a permit to keep the animal but said it might reconsider if the lion were confined to a cage. Shinners, 25, a service station attendant, now has a cage but the commission's executive officer, A. B. Stephenson, reported the enclosure is occupied by paint cans and not by King.
