Estes Tours New Mexico

He commented on Adlai E. Stevenson's sharp personal attack against him by repeating that he did not "intend to say anything disparaging about Mr. Stevenson." Kefauver said he had asked his supporters to not criticize Stevenson. In California and Minnesota he said, "there were identical efforts in both states to organize Mr. Stevenson's support in such an overwhelming show of power that I would be frozen or frightened out." Kefauver again urged that after the Democratic National Convention all party factions "get together" and work for the election of a Democratic party and Democratic Congress. In his Phoenix appearances yesterday Kefauver criticized the Republican administration for its farm, labor and education policies.
