LA Women Said Worst Dressed LOS ANGELES (AP)—A reducing salon executive says Los Angeles women are the sloppiest and poorest dressed of any in the 12 biggest cities in the United States.

"It is regrettable but women here just don't seem to care how they look," said Eloise English, vice president of the Slenderella Reducing Corp.

The corporation's president, Larry Mack, said Los Angeles women dress poorly because "they care more about being comfortable than being well-dressed and well groomed."

CONFIDENTIAL FILES VIENNA (AP)—The Communist-controlled World Peace Council Friday reported removing confidential files from its headquarters here in fear of receiving an expulsion order from the Austrian government.

Top Soviet Heads Eye Stalin Line

LONDON (UP)—West Europe's top Communist leaders were meeting here and in Rome today to puzzle out the Kremlin's new anti-Stalin line that has thrown the Communist party into convulsions of confusion.

In London, British Communist leader Harry Pollitt ignored Moscow's new anti-Stalin line as he opened a national party congress, the first held outside the Iron Curtain since the Soviet switch. There were rumors he may be fired.

SECRET MEETING Maurice Thorez, leader of the big French Communist party, turned up in Rome and was expected to meet secretly today with Italian Communist party boss Palmiro Togliatti to try to prevent wholesale defections from their ranks. These are the biggest Communist parties in the free world.

The Communists in Italy and France already have shown confusion over Soviet party chief Nikita Khrushchev's denunciation of Josef Stalin at the Communist Congress in Moscow recently. This confusion was reflected in Turin when the Communists suffered a heavy defeat last night in an election of shop stewards at the great Fiat Auto and Aviation Works.

The confusion apparently reached inside the Iron Curtain. At the East German party congress Sunday, Politburo member Karl Schirdewan disclosed that the anti-Stalin line led to "attempts by enemies to separate the mass of the party from the party leadership and belittle Walter Ulbricht." Ulbricht is the "Khrushchev" of East Germany.

IN ASIA The Communists also appeared to be having trouble in Asia. A dispatch from Calcutta said First Deputy Soviet Premier Anastas Mikoyan left today en route to Hanoi and Peking to try to swing the Communists of North Viet Nam and Red China into line.

The well informed Hong Kong Standard reported that Peking's silence on the crumbling of the Stalin myth may be cloaking a titanic struggle within the Chinese Communist hierarchy. Leader Mao Tse-tung has always been a Stalin man.

PHILADELPHIA (AP)—Men and machines bored deeper today into the still smoking ruins of a big granary in search for the last of three who perished in the city's worst explosion.

Beyond the loss of life the cost was reckoned in injuries inflicted on between 85 and 100 persons; in property damage estimated by some as much as 2 1/2 million dollars; in dislocations that in some instances will last for weeks.

Rescue squads yesterday recovered the bodies of men identified, the first with assurance and the other tentatively, as Arthur Harrell, 35, Vineland, N.J., and Tyrus Whilden, 31, Dorchester, N.J.

Both were truck drivers. They were waiting in the office of the Tidewater Mill and Elevator Co. in the busy 30th and Market Street section when the blast occurred Wednesday night.

Still listed as missing and presumed to be dead was Edward Johnson, 39-year-old Philadelphia laborer employed by Tidewater.

More than 30 hours after the explosion and raising fire destroyed the granary and wrought damage over a 10-block area, firemen continued to play their hose streams over the rubble.

A vast salvage job got under way. In glass replacement alone the extent of the work was staggering, and before the glaziers could take over much temporary boarding up had to be done, against the chill wet weather and the forays of looters.

Fire Marshal William J. Eckles said the main cause of the explosion lay in a concentration of grain dust, but added, "Something has to ignite it as a rule." So far, it was reported that "something" has not been determined.

PORTLAND (AP)—Two more eastern trucking concerns will be purchased by Consolidated Freightways, president J. L. Sneed Jr. said Thursday.

The Liberty Motor Freight Lines Inc., Secaucus, N. J., will be purchased for 2 million dollars, Sneed reported. The other firm, Bell Lines Inc., of Charleston, W. Va., will be acquired through a stock exchange.

Consolidated recently bought another large eastern line to link its operations with the Eastern seaboard.

Castine Hunt Sr., of the Roundup Cabins is in Klamath Valley Hospital today and his son, Castine Hunt Jr., is in the city jail as the result of a fight between them at the cabin they shared.

Police received the report of the fight at 3:28 p.m. Thursday. The father suffered a bad cut on the temple. His son is held on a charge of being drunk.

Israel Receives French Jets

PARIS (AP)—Well-informed sources said Friday 12 Mysteres, the standard French jet interceptor plane, are on their way to Israel.

One source reported some of them had already passed through Rome.

Officials refused comment on the reports.

The Israelis have been pressing for delivery of the French jets since the Soviet bloc began arming the Arabs. Israel got 10 Mysteres from France last year, officials said, and has some British fighters. Experts estimate the entire Israeli interceptor force at fewer than 40 planes.

The Egyptians are reported to be receiving 200 Russian MIG15s, now being replaced in Russia's own air force, and 60 Ilyushin twin-jet bombers.
