Giant 600-inch radio telescope at Naval Observatory combs the heavens for signals from sun, moon and stars.

It takes a GIANT to find distant stars

Out of millions of stars, the radio telescope can pick out the electronic whisper of even the most distant stars. In like manner the newspaper seeks out your nearby and distant customers; for the newspaper is a giant—a giant who lives in every town. With newspaper circulation hitting an all-time high, almost every person in this community is exposed to your advertising message—when you speak through the daily newspaper.

can get more local action from your customers by using the most effective local advertising medium—your daily newspaper. Your ad, side by side with that of the company whose products you sell, attracts with magnetic certainty throughout town and countryside.

The newspaper is a giant who lives in your town and every town. Put it to work seeking out prospects and customers NOW!
