

W. O. WHITE of Fort Rock displays a box of apples from trees he irrigated and tended at The Poplars ranch this summer. These are Duchess variety, some of which won third prize at the Lake County Fair. The trees were set out in 1929 by Henry M. Parks, father of Bud Parks who operates The Poplars. The only other mature apple trees in the Fort Rock area were planted by Pete Mittleholtz in homestead days and grew until the late 1930s when his property was sold under the federal marginal land purchase program. —Photo by Parks

Postmasters Hold Meeting

NEW PINE CREEK—The newly organized five-county district alone, Peat was somewhat disappointed at the small percentage of attendance Sunday at 1 p.m. in the banquet room of Van's Cafe in Lakeview with 23 postmasters, including wives and husbands, present.

Postmaster Fred Peat, president of the five county group, was host, assisted by Mrs. Peat and Mrs. Buna Faris, county director, of New Pine Creek. The five county organization is a geographical division of the state organization of the National Postmasters Association, conveniently subdivided so that the postmasters can meet more often and discuss their various problems.

Mrs. Peat and Mrs. Faris presented each postmaster with a pint jar of home-canned wild plums as a souvenir of the meeting.

Since the state organization has a membership of 460 postmasters or about 90 per cent of all postmasters in the state—with a possible attendance of 42 from the

five county district alone, Peat was somewhat disappointed at the small percentage of attendance Sunday.

But he said, "We must not let this fact deter us from working hard to build greater attendance. It is through these meetings that a greater, more efficient service can be rendered to the public and a greater morale built up within the team of better acquainted postmasters."

HOW to tell people quickly! Place a Want Ad in tomorrow's paper and let the whole town know that you have something to rent, sell, or buy! Dial TU 4-8111.
