

NAVY AND MARINE CORPS MONTH for the city of Klamath Falls was proclaimed for October by Mayor Paul Landry, left. The primary purpose is to encourage enlistments in the Navy and Marine Corps and to familiarize the people of this area with the Navy and Marine Corps by the use of displays of models and other means. The first display will be in the Woolworth's store on Main Street. Chief Petty Officer Earl A. Carlson, center, Navy recruiter here, and Staff Sergeant Harold Morris, Marine recruiter here, attended the ceremony where Mayor Landry signed a proclamation designating the month.

PEGGY CARSON, 17-year-old daughter of Mr. and Mrs. Don Carson of Merrill, was selected at the elimination dance Saturday evening, September 29, to be Merrill's candidate for queen of the 1956 Klamath Basin Potato Festival to be held October 19 and 20. Competing with her were Alice Ann Winther and Doris Bredeen. Announcement of Merrill's candidate was made by Bob Trotman, dance chairman.

College Plans Parents' Fete

Plans for the seventh annual parents' weekend, October 19-21 on the Willamette University campus in Salem are being set in motion this week.

Post cards are in the mail to all parents of the 125 students living in the Klamath Falls area, telling them of the weekend and inviting them to attend.

Part of the weekend's activities will include the annual variety show, Varsity Varieties, composed of student talent, on Friday evening, October 19. Registration, the annual parents' meeting and election of officers, a one-act play presented by the drama department, and a football game with College

of Pacific will comprise a good share of the parents' time. Last year over 500 parents attended the weekend, coming from as near as Salem and as far as Chicago Illinois.

Insurance Record Set

A new record for the life insurance business was set in September by State Farm Life Insurance Company, Bloomington, Illinois. William N. Goen, agent here for the State Farm Insurance Companies, announced today. The life firm passed the mark of one billion dollars of life insurance in force in its 20th year, the shortest time in which this total has ever been reached through direct sales by agents.

State Farm agents here were saluted in a personal letter from A. W. Tompkins, executive vice president — agency of the State Farm Companies, for their help in reaching the new high mark. Through August 31, of this year, the State Farm field force paid for more than \$140 million dollars of new ordinary life insurance.

State Farm Life Insurance Company was organized in April, 1929. At June 30, 1956, its assets exceeded \$114 million and its surplus to policyholders was \$13,600,000.

The life company is an affiliate of State Farm Mutual Automobile Insurance Company, and State Farm Fire and Casualty Company. The auto company now insures 4,500,000 automobiles, more by far than are insured by any other company. This is State Farm Mutual's 18th consecutive year of auto insurance.

Man Sentenced For Hit, Run

Willie Shoals, 37-year-old potato worker, started serving 47½ days in the county jail Monday after he was found guilty of hit-and-run driving by District Judge D. E. Van Vactor.

State police said Shoals car collided with a machine driven by Charles Waldo on Highway 66. He fled to the scene of the accident. Shoals was remanded to jail in lieu of a \$100 fine.

Suez Argument, Algeria Rebellion Face Assembly

PARIS (AP)—The French National Assembly opens its fall session today in an atmosphere of mounting dissatisfaction with a foreign policy linked so closely to that of the United States.

Debate on the Suez Canal controversy and the Algerian rebellion are expected to bring such criticism to the front when the Assembly tackles those issues later in the month.

Feeling has been growing in some quarters that there has been a lack of support and understanding from the United States on these prime problems confronting France.

Sen. Auguste Pinton, secretary of state for public works, highlighted that line of thought in a report to a local organization of his Radical party.

"Might an alliance with Russia have profited France more than one with the United States?" Pinton asked.

He went on to suggest that the Atlantic Alliance no longer be considered the cornerstone of French foreign policy and that it be replaced with a "European understanding." Pinton said it was his opinion that Britain would be quick to join in such a move.

PUBLISHER DIES

CHICAGO (AP)—Mort Luby, 59, owner and publisher of the National Bowlers Journal, a trade magazine, died Monday.

For Rent Upstairs

... 19x60, Main St., City Center. Suitable for office, tea room or business. Also living quarters. 733 Main.

Much criticism also has been voiced in Britain of the U.S. stand in the Suez Canal dispute. U.S. refusal to go along with military action against Egypt is widely credited with nullifying British and French threats to occupy the Canal zone unless Egyptian President Nasser permitted international control of the waterway he took from the British-French Suez Canal Co. July 26.

Pinton's statement, although not necessarily representing the government's position, appeared to reflect Premier Guy Mollet's recent expression of "bitterness and anxiety" over what he called a lack of support for France from some of its allies in the Suez crisis.

Some anti-U.S. talk has been even stronger in private, and it has come from politicians who are strongly anti-Communist.

Statements similar to Pinton's have come this week from Robert LeCourt, head of the Popular Republican Movement in the assembly, and Jacques Soustelle, leader of the Parliament remnant still faithful to Gen. Charles De Gaulle.

Roger Duchet, another deputy and general secretary of the right-wing Independent party, put the blame elsewhere for French difficulties.

"Too often," Duchet wrote in a special article, "we invoke the failures of our allies. The govern-

ment was warned of the limits of Western solidarity. It should have acted with more prudence and determination."

Unlocks full horsepower

"RPM 10-30 Special" cuts engine drag to increase usable power up to 15%

This new kind of oil combines the free-flowing qualities of a light grade oil with the protective strength of a heavy grade to cover every range of motor oil performance from SAE grade 10W through 30. The result is less "drag" between moving engine parts. And this means...

Extra usable power—up to 15% more—for hills, passing, pick-up in traffic.

Full-time protection of vital engine parts. Free-flowing "RPM" goes to work the instant you touch the starter. Completely lubricates hydraulic valve lifters.

Gas and oil savings—up to 1 gallon of gas in every 8, oil consumption improved as much as 33% compared with light grade motor oils.

More knock-free acceleration—"RPM" fights off cylinder-head deposits that cause knock, improves octane performance.

Longer battery life—because your engine turns over faster and easier for instant starting.

Improved performance in all seasons, all climates. Meets requirements of high-compression engines.

We take better care of your car—with S.O. products
