Congressman

SAM COON

SAYS:

"Less federal spending means lower taxes. Therefore, we must continue to work for more economy in government. Our administration cut over \$13 billion from the last Truman budget. It will save over \$532 million each year through the adoption of Hoover Commission recommendations. Such economy has made possible a balanced budget the last two years. I will always work for thrift and efficiency in our government. Hard-earned tax dollars must not be wasted."

5 KILLED BY GLARE!

A Central Point driver, apparently blinded temporarily by the setting sun, was one of the victims of the southern Oregon tragedy, as his car swung head-on into another.

Proper Sun Glasses are not a luxury but a MUST for safe drivers. Glare causes general fatigue, adversely affects your reflexes, makes it difficult to judge safe passing distances. DON'T TAKE CHANCES—IF YOU DRIVE, combat deadly glare with scientifically fitted glasses. We can supply them for either daytime or night-time use.
