DON LARSEN  
... hurls perfect game

By THE ASSOCIATED PRESS

NEW YORK (AP)—Don Larson of the Yankees pitched the first perfect game in World Series history and Mickey Mantle hit a telling home run Monday as the Yankees whipped the Dodgers 2-0 in the fifth World Series game and took a 3-2 lead in the series. Larson didn't give a hit or a walk, and not a Dodger reached first. Never before in World Series history had there been a no-hit game, much less one in which a team failed to get a man on base.

**DODGERS THIRD**  
Furillo flied to Bauer. Campanella was called out on strikes. Maglie flied to Mantle.  
No runs, no hits, no errors, none left.

**YANKEES THIRD**  
Robinson threw out McDougald. Carey fouled to Campanella to the right of home plate. Larson also fouled to Campanella, alongside home plate.  
No runs, no hits, no errors, none left.

**DODGERS FOURTH**  
Mantle tossed out William Reese, attempting to obstruct a play. Slaughter was called out on strikes. Larson's fifth strikeout victim, The Yankee right-hander has been pitching throughout without the benefit of a windup, a delivery he adopted in the middle of the regular season.  
No runs, no hits, no errors, none left.

**YANKEES FOURTH**  
Robinson threw out Bauer. Collins was called out, the third strike curving over the outside corner. Mickey Mantle slammed his third home run of the series just inside the foul pole into the lower right field stands. It was his eighth homer in series competition. It was also the first hit by either side in this game.  
Berra lined to Snider who made a spectacular diving catch at his shoe tops.  
One run, one hit, no errors, none left.

**DODGERS FIFTH**  
Robinson flied to Bauer. Mantle made a spectacular backhanded catch of Hodges' drive in deep left center. Amoros drove a long foul that barely missed being a home run, the ball landing in the right field stands. Martin threw out Amoros, who became the 15th consecutive Dodger to be retired.  
No runs, no hits, no errors, none left.

**YANKEES FIFTH**  
Slaughter walked on a 3-1 pitch. It was the first base on balls issued by either pitcher. Maglie charged off the mound for Martin's bunt and threw to Reese, forcing Slaughter at second. McDougald hit a vicious liner that Reese leaped for, deflected the catch in a second stab. The shortstop then fired to Hodges doubling up Martin.  
No runs, no hits, no errors, none left.

**DODGERS SIXTH**  
Furillo popped to Martin in short right. Martin also took care of Campanella's pop-up behind second. Maglie struck out.  
No runs, no hits, no errors, none left.

**YANKEES SIXTH**  
Carey bounced a single over Maglie's head into center field. Larson, with two strikes, bunted in front of the plate and was out on the sacrifice. Campanella to Gilliam covering first.  
Bauer rambled and short into left field scoring Carey. Collins lined a single to right center, sending Bauer to third. Hodges gloved Mantle's sharp rap and stepped on first to retire Mickey, then fired to Campanella and Bauer was hung up between third and home. Bauer was retired in a run down, to complete a double play, the play going Hodges to Campanella to Robinson who made the tag.  
One run, three hits, no errors, one left.

**DODGERS SEVENTH**  
McDougald grabbed Gilliam's low liner on a short hop and threw him out. Reese flied to Mantle. Snider skied to Slaughter.  
No runs, no hits, no errors, none left.

**YANKEES SEVENTH**  
Berra fouled to Robinson outside the left field line behind third.

By FRANK JENKINS

The latest on Suez:  
Egypt rejects the British-French proposal for international control of the canal. Her foreign minister, Mahmoud Fawzi, suggests instead that a negotiating body be established to seek a settlement of the dispute. This, he said, would establish a system of co-operation between Egypt (through whose territory the canal runs) and the USERS of the canal.  
He added that there are basic principles on which there is no disagreement at all. His speech, for the most part, was mild and conciliatory.

Let's keep this fact in mind: THE SUEZ CANAL ISN'T IMPORTANT ENOUGH TO US TO GO TO WAR FOR.

So let's keep on negotiating.

Turning to politics, Vice-President Nixon says today:  
"THE MAIN issue of this campaign is that President Eisenhower is BETTER QUALIFIED by experience, judgment and background to keep the peace without surrender of territory or principle to the international communist movement."

It seems to be that certainly IS the main issue.

What do you think about it?  
Secretary of the Treasury Humphrey, who has to find the money to run the country with, says today in a speech to the Detroit Economic Club that the Democrats propose the EASY WAY of tax-cutting and deficit spending.

He adds:  
"That would destroy prosperity."

He uses big words—which, of course, the professional economists can understand. Let's see if we can simplify it a little for the benefit of the rest of us. What he means is this:  
If you worked less and earned less (thus reducing your income)—  
And at the same time went on SPENDING MORE (thus increasing your expenses)—  
And made up the difference by BORROWING AT THE BANK—  
Where would you come out?

You know where you'd come out. You'd come out at the little end of the horn.

Business note:  
An American business man (the secretary-manager of the Detroit chamber of commerce) told New Zealanders this morning that their country will attract bigger dollar investments if there is a firm government policy on repatriation of dividends earned in New Zealand by overseas capital.

He added that in such an event their country would gain more dollars than it would lose and industrial development would be accelerated.

Those, too, are big words. Let's see if we can boil them down. Suppose Klamath county had said to Johns-Manville: "You can't TAKE OUT OF KLAMATH COUNTY any profits you earn here."  
What would J-M have done?  
The answer is simple:  
J-M would have said: "OK. We'll locate our plant SOMEWHERE ELSE."

That, in simple words, is what the Detroiters who say to foreign investors that they can't take their profits out of the country.

**Helicopters Seek Missing Plane**  
SUNNYVALE (UP)—Six Navy planes aided by two helicopters resumed search at dawn today in the mountains near Los Gatos for a TV2 single engine Navy jet trainer missing on a flight from Corpus Christi, Tex.  
The pilot was last heard from at 11:37 a.m. Sunday when he radioed the Moffett Naval Air Station tower that he was turning into the Los Gatos approach to the field.  
The identity of the pilot was withheld.

### Fund Drive Groups Named

Don't think the residential division of the current United Fund-Cross campaign is strictly a woman's responsibility! Mrs. Earl Sheridan, past president of the United Fund board and residential coordinator for this year's drive said Monday that one of the largest suburban divisions is being organized under Victor Josephson.

The retired railroad worker has eight women working under him to cover the area south of Sixth from Ward Street to the Merrill Highway.

Josephson has enlisted Mrs. Andrew Bergloff, Mrs. Andrew Gordon, Mrs. C. W. Murdock, Mrs. Harold Brisco, Mrs. Ronald Phair, Mrs. J. R. Glodowski, Mrs. Tony Schiro and Mrs. J. E. Sims.

Mrs. Sheridan said the planning committee has adopted a program for residential workers which will cut meetings to a minimum. Members of the planning committee are responsible for two or three districts, with chairmen appointed in each district.

Planners include Mrs. Charles Bailey, Mrs. Percy Murray, Mrs. Paul Campbell, Mrs. Paul Landry, Mrs. Charles Alward, Mrs. James Pinniger, Mrs. Hagen Moore, Mrs. Clarence Humble, and Mrs. Robert H. Anderson.

District chairmen appointed to date include Mrs. Howard Pernel, Mrs. O. M. Stearns, Mrs. Bert Schmidt, Mrs. Everett Miner, Mrs. Lee Huls, Mrs. Norman Moty, Mrs. Truman Runyan, Mrs. A. H. Patterson, Mrs. Orval Alley, Mrs. Keith Walrath, Mrs. Harry Lehig, Mrs. Harvey Hayden, Mrs. Harry Krauel and Mrs. George Crain.

"The reason for a residential campaign in spite of widespread response to the payroll sharing plan is a matter of arithmetic," Mrs. Sheridan said.

"There is more raised through the residential sections than is the entire budget of cancer's request from Klamath County, or the combined budgets of heart, mental health, arthritis and rheumatism."

### Canal To Be Drained Soon

It was decided to turn the water out of the Main A canal on Wednesday, October 10, at a meeting of the board of directors of Klamath Irrigation District held Friday.

Water was turned into the canal on April 15, 1956.

"It has been a most successful season and we are very pleased with the fine cooperation we have received during the season from waterusers of the Klamath Irrigation District," Ray L. Roberts, KID manager, said today.

### Enola Hawkins Rites Set

Funeral services for Miss Enola Adeline Hawkins, 84, resident of Klamath Falls for 56 years will be held from the chapel of Ward's Klamath Funeral Home at 11 a.m.

### Political Scene In State Quiet

By THE ASSOCIATED PRESS

Democratic presidential nominee Adlai Stevenson comes to Oregon this week to seek votes for himself and to aid his party's Oregon candidates.

He will arrive at the Portland airport at 2 p.m. Wednesday, and has scheduled a conference there with party officials.

A motorcade will take him to the Roosevelt Hotel and later in the afternoon he will meet with women representatives of the AFL-CIO Committee on Political Education at the Boilermakers' hall.

A rally has been scheduled for 7:30 p.m. at the Portland civic auditorium. Stevenson will leave by plane for Oakland, Calif., immediately after the talk.

Next week President Eisenhower will speak at the auditorium, Oct. 18.

There were these other developments in the Oregon political situation over the weekend.

Gov. Elmo Smith and his Democratic opponent, State Sen. Robert D. Holmes of Astoria, spoke from the same platform at a League of Women Voters luncheon at Corvallis Saturday.

Smith said he recognized "the injustice of the surtax on the state income tax. I will recommend its repeal."

Holmes said he was opposed to the surtax and to a sales tax also. He said he believed state income tax dependency exemptions should be raised and proposed that the state income tax and corporate tax scales should be "re-graded."

Douglas McKay, GOP candidate for the Senate seat now held by Democratic Sen. Wayne Morse, took Sunday off. He plans to concentrate his campaign in the early part of this week in the Willamette Valley and Southern Oregon.

Morse criticized before Lane County audiences Monday what he called the "partnership give-away scheme of the Eisenhower administration which destroys the people's heritage in America's great multi-purpose dam sites."

Sen. Richard Neuberger (D-Ore) who has been campaigning for Democratic office seekers, told a Portland audience Sunday that he agreed with President Eisenhower who recently questioned the wisdom of limiting a president to two terms. He pledged to support Eisenhower in any move to repeal the constitutional amendment barring third terms.

State Treasurer Sig Unander, Republican candidate for reelection, opened his Portland campaign headquarters.

Rep. Sam Coon (R-Ore) said that if reelected to Congress, he will work to get a federal animal disease testing laboratory in the Pacific Northwest.

Ray Gill, former Republican and former state grange master, was named vice chairman of the Oregon volunteers for Stevenson.

State Sen. Monroe Sweetland agreed to debate with his Republican opponent, Mark Hatfield, in Portland later this month.

Sweetland also reported that he had determined from a telephone survey that Democrats are leading Republican registrations in the state by 35,000. He said that at the present time only 12, and possibly 11, counties remain Republican in registration.

Preliminary figures indicate Democrats outnumber Republicans in Multnomah County by 26,301.

THE MCKAYETTES, a group of KUH girls, will be active in the campaign for Douglas McKay during the final stages of the campaign. Six of the girls, May Ellis, Andrea Kern, Barbara Fanning, Connie Stuart, Susie Brecher and Jeannie Davidson, are pictured here pinning the McKay buttons on Wed McNeen, treasurer of the McKay for Senator Committee. The McKayettes will be on hand Wednesday at the airport to greet Mr. and Mrs. McKay when they arrive for a tour of the Klamath area.

### Wilds Combed For Pilot

PORT ANGELES, Wash. (AP)—Hopes of finding an airman missing after an aerial collision over the Olympic Peninsula rested Monday on reports of signal flares sighted in the Lake Quinalt area.

Ground parties moved into the region to investigate a logger's report he saw flares Saturday night shooting up from a swamp two miles from his home in the rugged peninsula wilderness.

The missing airman, 1st Lt. Robert L. Canup Jr., 25, Salisbury, N. C., was one of four aboard two F89D jet interceptors from Paine Air Force Base which collided in flight Thursday over the peninsula. Three parachuted and made their way to safety Friday and Saturday.

A ground party, one of several landed by helicopter, reached wreckage of one of the crash planes Sunday to confirm that Canup also bailed out after the crash. The wreckage was found on a glacier on Mt. Olympus.

Wreckage of the first jet was reached Saturday night. This was the plane flown by 2nd Lt. George W. Deer, 22, with 1st Lt. Jim B. Paschall, 22, as radar observer. Deer and 1st Lt. Eugene A. Hamby, 26, Hillsboro, Ore., reached safely Friday. Paschall walked out Saturday.

Wreckage of the second jet was reached Saturday night. This was the plane flown by 2nd Lt. George W. Deer, 22, with 1st Lt. Jim B. Paschall, 22, as radar observer. Deer and 1st Lt. Eugene A. Hamby, 26, Hillsboro, Ore., reached safely Friday. Paschall walked out Saturday.

### Coffee Price Up In Bay Area

SAN FRANCISCO (UP)—Two big cafeteria chains, Foster's and Gene Compton's, raised the price of a cup of coffee from 10 cents to 12 cents today.

### Fish Creek Fire Held

ESTACADA (AP)—A forest fire was under control Monday morning after burning over 200 acres in the Fish Creek area of the Mount Hood National Forest near here.

Ralph Cooke of the forest supervisor's office said some 200 men still were on the fire lines, but that little further trouble is expected unless weather conditions take an unexpected turn for the worse.

The fire was spotted in slashing Saturday morning. Fanned by an easterly wind, it raged out of control over the weekend, and at times, 300 men fought it. The wind died down Sunday night, however, and crews were able to check it.

Supervisory personnel from the Siuslaw, Willamette and Rogue River national forests helped direct the fight against the fire.

### Riot Flares In Theater

OAKLAND (UP)—Teenage hoodlums went on a rampage in the lobby of the Rialto Theater Sunday night, severely beating a policeman and knifing another man in two outbreaks.

The first outbreak took place when Patrolman George E. Rothacher, 30, of Concord, went to the theater to question a 16-year-old boy. Assistant manager Frank Prado had called police because the boy was loitering near the ladies' room.

As Rothacher began questioning the boy, his 19-year-old brother sidled up to the officer and knocked him down, Rothacher said. Then a dozen youngsters swarmed over the patrolman, slugging and kicking him.

Prado called for more police. They got there in time to rescue the officer and arrest the two brothers. The other youngsters fled. Rothacher suffered a gashed lip and bruises.

Another fight began an hour later. In this melee, Prado's uncle, David Ricardoz, 27, was stabbed with a knife. Six teenagers ran wild through the lobby, knocking down a television set on display and tearing up billboards. Police arrived too late to catch any of them.

Prado halted the movie and refunded 200 tickets. He said the theater may stay closed for a while.
