

☆☆☆ I'LL MAKE THIS A "HARVEST" MOON FOR YOU ☆☆☆

It's still the same old moon, and still the same old songs about it. But old O. Howie Hustles, the Herald & News Classified Ad, will gladly help you harvest some extra cash. Under the sun or, the moon, there's no one who "harvests" sales as fast as I do. When you have things to sell, let me sing your tune for fast-cash!

CAT* TOOL BAR

MULTIPLIES THE USES OF YOUR CATERPILLAR FARM TRACTOR

Place the draft arms to the rear, and this tool bar is prepared to carry a wide selection of tools for deep tillage, cultivating, ditching, land renovation and other jobs.

Pivot the arms to the front, and a bulldozer blade or a rake can be mounted for land clearing, dam building and other purposes. Hinge-type Tool Bars have this pivoting feature.

The blade has all the quality that is typical of Caterpillar earthmoving equipment. Cutting edges are replaceable and the mouldboard is box-section reinforced.

Owners can choose the direct-mounted tools they need, and pay less for them than for whole conventional implements of equal capacity. Operators can adjust and control these implements with great speed and accuracy. The same versatile hydraulic control operates both front-mounted or rear-mounted attachments. Please contact us for detailed information.
