Lincoln Sets New Models

DETROIT (UP) — Lincoln introduced today its longer 1957 cars which feature 300-horsepower engines, sweeping rear-quarter panels and four headlights set in vertical pairs.

The headlamps, called "quadralites," are housed in chrome rimmed, oval-shaped settings. The slightly smaller auxiliary lamps, located just under the regular headlights in the oval settings, may be used alone or with the headlights.

Coupled horizontally below the headlights are massive parking lights and directional signals enhancing Lincoln's newly designed grille.

Rear panels bend outward to ward pyramid tail lights. Other rear styling changes hide exhaust outlets under wrap-around bumpers.

The Ford Motor Co. division announced that two new models were being added to its 1957 lines, which will be shown in dealerships across the country Oct. 16. They are a four-door hardtop, called the Landau, and a "thin pillar" sedan. They will be available in both the Premiere and Capri series.

HOW CAN YOU BELIEVE anything WAYNE MORSE SAYS?

HERE IS THE RECORD
MORSE WANTS TO FORGET

Why should you trust a man whose word is not good from one year to the next, one month to the next, or even one day to the next?

The United States Senate does not believe in Wayne Morse. PROOF: They have shelved or defeated more than 90% of the bills he has introduced.

As Ex-Governor Charles A. Sprague puts it: "... he has reversed himself so often, altered his own course, joined what he rejected, spurned what once he endorsed, that his own actions belie either the purity of his motives or the value of his judgment."

Here are the facts.

on the DEMOCRAT PARTY

Morse said Democrat Party "created a terrible mess"

PROOF "... I think it is going to require of us that period of time (1948-1960), by way of a Republican administration, to correct the terrible mess into which the Democratic party has plunged this country."

—Sen. Morse in the Congressional Record, Feb. 23, 1948, page 1531.

Morse said Democrat Party places corrupt machine politics above general welfare...

PROOF "Liberalism is dead in the Democratic party, and that party has reverted to its traditional role of placing political privilege and corrupt machine politics, a la the Missouri gang, above the general welfare of our people."

—Sen. Morse quoted in the Des Moines Register, Jan. 13, 1946.

Morse said Democrat record one of indecision, confusion, and incompetency...

PROOF "Senator Morse termed the Democrats' '18-year record in the White House as one of indecision, confusion and incompetency..."

—Oregon Journal, Oct. 3, 1950.

on EISENHOWER

Morse was strong for Ike...

PROOF "... I am strong for Eisenhower..."

"I know him to be a very intelligent man with complete intellectual honesty and a marked impartiality. I have never seen him duck or hedge an issue or misrepresent a fact."

"I am for Eisenhower because I think his election will give the people of this country something they sorely need, and that is a rallying point for a renewed faith in the future and destiny of our country."

—Letter from Morse to Fred Haas, publisher of the North Bend News, North Bend News, Feb. 7, 1952

But when Morse failed to get the Republican nomination for vice president he changed his mind...

PROOF "I have absolutely no confidence in him and I am satisfied he is completely lacking in all political morality."

"In my judgment, he is the most dangerous man who will ever have been in the White House."

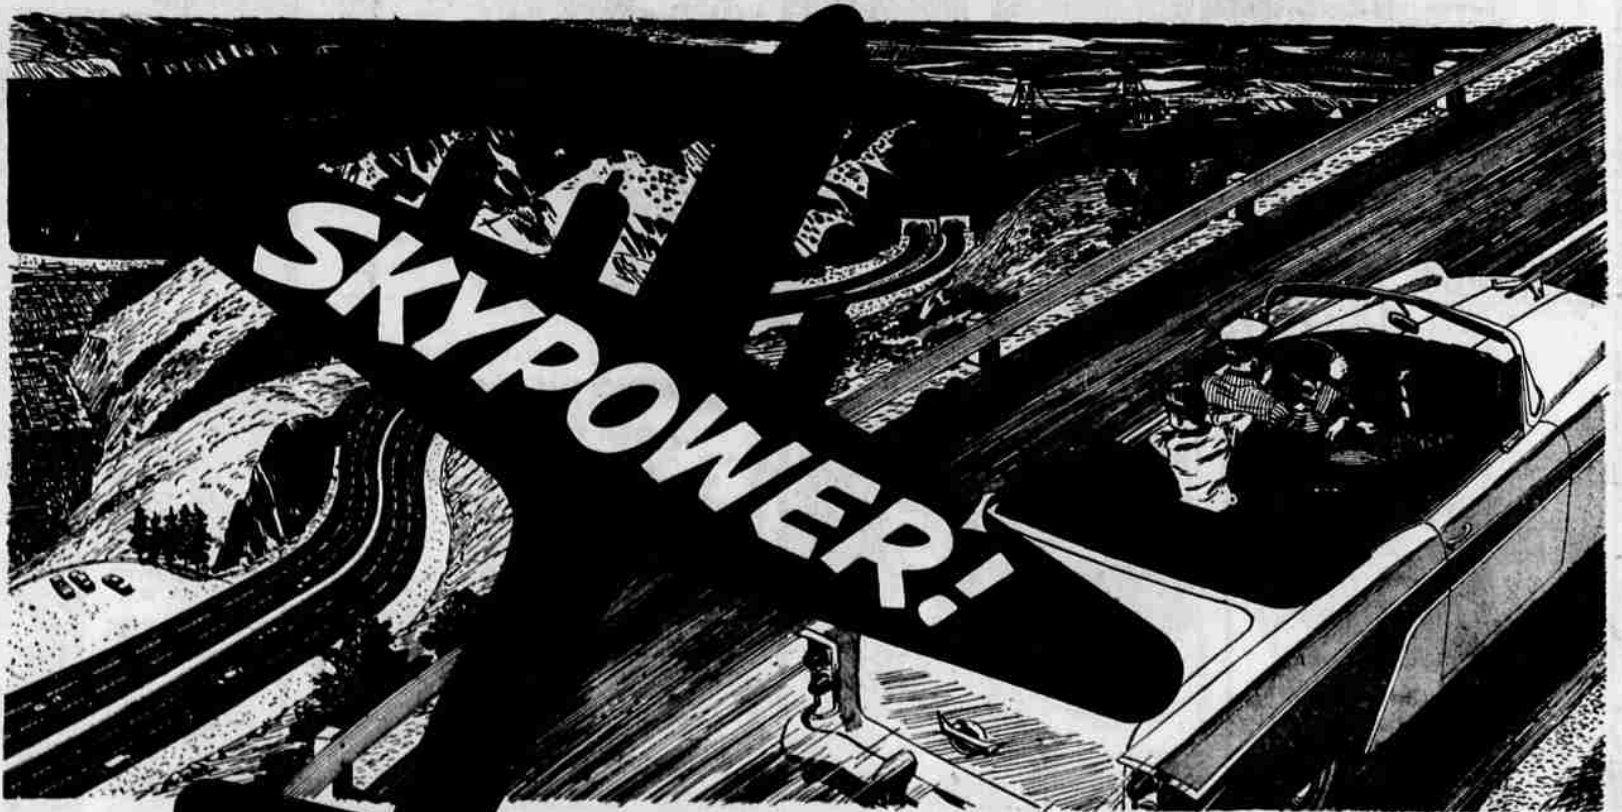

—Sen. Morse, quoted in the March 2, 1953 New Republic magazine.

Is this the kind of man you want representing you and your family?

The above documented excerpts are from the booklet "THE RECORD WAYNE MORSE WOULD LIKE TO HAVE YOU FORGET" published by the Republican State Central Committee.

Powerful new gasoline for super-compression engines

Aviation blend delivers the "GO" built into '57 cars!

If you're planning to buy one of the handsome new '57 models, then you should know about Chevron Supreme's exclusive Skypower formula, and why it's important to your engine's performance.

As you drive, combustion deposits build up on spark plugs, valves and piston heads. Within a few thousand miles, these frequently cause knock and power loss in new cars, sluggishness in older models.

Skypower (ethylene dibromide, from aviation fuel) vaporizes these deposits before they cause trouble

... keeps new cars at peak performance, adds new life to any car. Chevron Supreme has carburetor-cleaning "Detergent-Action," too, for smooth idling, long mileage.

Whether you buy a new car or stay with your present one, Chevron Supreme will help you keep that "new car" feeling. If you don't need Supreme, you'll get peak power with Chevron Gasoline. Buy the grade that's right for you—and for added convenience, use a Chevron National Credit Card.
