

Adlai Stevenson Opens Campaign In California

By THE ASSOCIATED PRESS
Adlai E. Stevenson opened a major campaign effort in California today after renewing his charge that President Eisenhower has been "indifferent" to unemployment, school overcrowding and Social Security problems.

Cheered on by an overflow audience in Portland, Ore., Stevenson said last night that Eisenhower, in his Pittsburgh speech Tuesday night, "set up a lot of straw men and then proceeded to slay them gallantly — while righteously denouncing political irresponsibility."

Stevenson said that Eisenhower's seeming resentment at the Democratic charge of "indifference" reminded him of an old expression that "what some people do speaks so loud you can't hear what they say."

The Democratic standard bearer planned to stump today in the heavily populated San Francisco Bay area and make a nationwide radio-television speech tonight.

Before leaving Oregon, Stevenson was assured by Democratic leaders there that he would win the state's six electoral votes which went to Eisenhower four years ago.

Vice President Nixon, a native Californian, ended a swing in his home state yesterday and headed for Elko, Nev., and Boulder, Colo. In a speech in San Francisco's Chinese section, Nixon said Eisenhower's foreign policy has been aimed at identifying "explosive danger spots in advance" and that it sought through what he called "careful, constant effort" to remove irritants which would lead to armed conflict.

Nixon said Eisenhower and Secretary of State Dulles avoided "rash, impulsive, inexperienced decisions which could have resulted in war."

Nixon was the target of shafts aimed by Sen. Estes Kefauver of Tennessee, the Democratic vice presidential nominee. In Buffalo, N.Y., last night, Kefauver said that "Richard Nixon represents the triumph of the Old Guard in the Republican party. He is their man, heart and soul."

Kefauver said that if Eisenhower is elected, he would be a "lame duck president" and that Nixon would be the "man of the future in the Republican party."

Turning westward today, Kefauver was due to barnstorm in Iowa, with scheduled stops at Des Moines and several other places. Former President Truman was cut campaigning for the Democratic ticket. In Moundsville, W. Va., he said last night that the Eisenhower administration is characterized by what he termed a "great indifference to the growing needs of our country."

In addition to echoing Stevenson's sentiments on this score, Truman said under the Republicans "we've lost a great many close international friends on account of the bungling in the State Department."

Meanwhile, Republicans and Democrats continued to differ over the significance of Tuesday's territorial elections in Alaska. Returns from about two thirds of Alaska's 271 precincts showed the Democrats were ahead in 30 of 39 races. Although some still were close enough to go Republican, the Democrats were assured

of control of the Legislature and top territorial positions. Stevenson called the Alaska results "the best news since the Maine election" Sept. 10 when the Democrats reelected Gov. Ed-

mund Muskie and captured one of the state's three seats in Congress. But in Washington, GOP National Chairman Leonard W. Hall commended the results in the territory

"have no significance in connection with the national elections which responsible polls show are winning."

Kittredge for Representative

ELECT
Kittredge is for Klamath County. A vote for Kittredge is a vote for yourself.
Pd. adv.—Kittredge Committee, Marie Amuchastegui, treas.

APPLE TREES in the orchard at Adams Point between Merrill and Malin, owned by Felisburto Laurence were heavily loaded with fruit this year. Pickers from many parts of the Klamath Basin and travelers passing through the basin stopped to pick and buy fruit. Here, Peggy Brosig, 10 years old of Merrill, reaches for a big, red-cheeked Wine-sap. Felisburto also raises hay, grain, potatoes and beef cattle.

Britain Tests Atomic Device

ADELAIDE, Australia (AP)—Britain test-dropped an "operational" atomic weapon from a plane for the first time today. She pronounced the test a success.

The bomb was dropped from a four-jet Valiant bomber flying about three miles high over the Maralinga test range in southern Australia. It was the third in Britain's current series of four test blasts, but the first to be described as an actual weapon ready for use in event of war.

The air drop was generally considered a dress rehearsal for Britain's first hydrogen bomb test on Christmas Island next spring. Air force officials who will take part in that operation watched today's blast.

A huge fireball dimmed the afternoon sun as the bomb went off. A smoke cloud spread in all directions in patterns somewhat different from the usual mushroom formation which follows ground bursts.

A report from the blast scene said scientists already were moving into the area to check conditions. A fleet of Royal Air Force Canberra bombers were tracing the atomic cloud.

Dunsmuir Eyes School Study

DUNSMUIR—Anyone in Dunsmuir interested in any phase of public schooling has been invited to join the citizen's committee now engaged in a school study at its next meeting, the evening of October 15 at 7:30 in the elementary school auditorium.

This open meeting was set to counteract a rash of rumor concerning the group's purpose. Under the supervision of Chico State educators, a committee appointed by the school board is conducting a study to evaluate the present elementary school setup and to recommend provisions for long term growth.

TEST HOP COMPLETED
BURBANK, Calif. (AP)—Lockheed's new Super Constellation, signed to have the greatest non-stop range of any transport, has successfully completed its first test hop. The new version of the familiar three-tailed, four-engine airliner has wings 27 feet wider than previous models. Lockheed says it will cruise at 350 m.p.h. and stay aloft 234 hours.
