US To Hawaii Cable Planned

SAN FRANCISCO (UP) - The Pacific Telephone and Telegraph Company has disclosed plans to lay the world's longest underwater cable to connect the West Coast with Hawaii.

A PT&T spokesman said the 2100 nautical mile cable will be laid between Point Arena in Mendocino County and Koko Head, Oahu.

The cable laying operation will begin next summer and will last into the fall. Four ships will be used.

Total cost of laying the cable will be \$35 million.

The cable will consist of two parallel cable lines. One will carry eastbound traffic and the other westbound. A total of 36 circuits will be available to handle the 500 calls placed daily between Hawaii and the mainland.

The cable will replace the present radio-telephone service between the islands and the mainland. The PT&T said radio channels are becoming increasingly crowded, a fact which restricts the growth of this medium.

The new cable will be nearly 200 miles longer than the newly installed Atlantic cable.

Construction has already begun on a single story building in Manchester, near Point Arena, 45 miles south of Fort Bragg. It will contain equipment for supplying electrical power to operate the line.

Red China Chief Protests To Press

LONDON (AP) - Red China declared last night it cannot tolerate further disorders on its doorstep in British Hong Kong.

Premier Chou En-lai told a group of foreign correspondents in Peiping last week's riots, in which 47 persons were killed, could be traced to "the policy of the British of keeping large numbers of anti-Communist elements in Hong Kong."

"If the British authorities continue the policy any longer," Chou said, "then such disorders can arise in the future and on an even greater scale. The Chinese government cannot ignore such disorders on the doorstep of China."

Chou's comments were reported in a Tass dispatch broadcast by Moscow radio.

The Communist premier-foreign minister already had protested officially to Britain about the riots. He called in the British charge d'affaires in Peiping Saturday to complain of the "failure so far of British authorities to adopt effective measures to stop the violence."

Chou expressed indignation over "cold-blooded murders and looting perpetrated by Kuomintang (Chinese Nationalist) agents." He demanded that the British authorities punish the offenders and protect the Chinese in Hong Kong.

Hong Kong authorities blame the three-day riots on secret Chinese societies and underground criminal organizations who took advantage of animosity between Chinese residents loyal to Red China and those loyal to the Chi-

nese Nationalists on Formosa. In Hong Kong, Gov. Sir Alexander Grantham said complete restoration of law and order depends on the "masses" cooperating with police and military forces.

Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. PASTERETH holds plates firm and true comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause rashes. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get PASTERETH at any drug counter.

Painting Classes Organized Here

Art instruction for beginners and advanced students, in both watercolor and oil, under the auspices of the Klamath Art Association, will start on Tuesday evening, October 16, at the association's new clubhouse.

The new clubhouse was officially opened this weekend with a tea on Saturday afternoon and open house Sunday afternoon and Sunday evening. The building is the former Mountain View housing development community building and has been completely remodeled and renovated. It is located at the end of the street which runs through the housing area. Visitors are directed to turn left off Alameda just beyond the intersection with Hillside.

Instructor will be Howard Hall, who is starting his third year as Klamath Union High School art instructor.

Classes will be organized at 7 p.m. It is planned that the series of classes will run for 10 weeks with two hours of instruction each week on Tuesday evenings.

EARTHQUAKE
TOKYO (AP) - A rolling earthquake, lasting about a minute aroused many from sleep early Monday. The quake was felt in Tokyo and northeast Honshu. It was the second felt in Tokyo in 24 hours. There were no reports of casualties.

4 ways to increase the productivity of your farm

The yield capacity of your farm can be economically increased by the extra usefulness, economy and work capacity of a Caterpillar Diesel Tractor. Illustrated here are only a few of many ways a Cat track-type Tractor will serve you. We invite you to discuss these points with our specialists, compare our products and services. Then you be the judge!

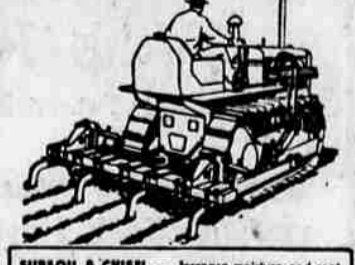

CONTROL RUN-OFF... Build terraces, water diversion channels, save water, halt erosion.

CLEAR LAND... Use the power, traction and ruggedness of a Caterpillar Diesel Tractor to move rocks and push out trees.

FORM LAND... Move dirt with dozer or scraper for better drainage, proper irrigation water coverage. Fill gullies, take off high spots.

SUBSOIL & CHISEL... Increase moisture and root penetration, aerate soil with Cat Tool Bar, subsoiler and chisel.

CATERPILLAR

Caterpillar and Cat are Registered Trademarks of Caterpillar Tractor Co., U.S.A.
