Harvest Salad

Take advantage of the excellent apples now on the market and ring your left over chicken with apple slices in a hearty harvest salad. The flavor of crisp apples blends wonderfully with chicken salad slightly seasoned with curry.

HARVEST SALAD

- 2 large apples
- 1 teaspoon Fruit-Freeze
- 1/2 cup chopped celery
- 1 1/2 cups chopped chicken
- 3 tablespoons mayonnaise
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1/4 teaspoon curry powder

Peel, core and cut apples into four thick slices. To keep them from turning color, sprinkle all surfaces lightly with Fruit-Freeze, anti-darkening agent. Treated this way the apples can be prepared hours in advance and still will be attractive and fresh looking when served.

Combine the celery, chicken and other ingredients. Place one apple slice on a bed of lettuce, cover with the chicken salad and top with a second slice of apple. Yield: 4 portions.

SHELF CARE

A coat of wax on painted shelves will prevent oilcloth or shelf paper from sticking to the wood.

MISS POTATO CHIP of 1956, six-year-old Kathleen Von Hollebeke of Seattle, is playing "chip on a string" which is being introduced this year as a Halloween game. The object of the game is to see if you can bite a series of potato chips off a string without dropping any of them on the floor.

Knit Fashions

Knit dresses are so practical. They can be dressed up or dressed down as the occasion demands. They are so comfortable to wear too.

The custom-look is new this fall season. In the soft and bulky yet light-weight knit, the sheath coat is worn with the tailored dress; dresses with cardigans; and skirts and tops. For the first time, synthetic fur fabric inserts are seen on knit suits. The sheath silhouette

is endorsed for daytime knits that are truly handsome — cashmere, satin-textured synthetics, and dry-hand wools. The Empire and long torso silhouettes are favored.

For late day a feeling of elegance is created by the use of metallic yarns, satin-yard knits, and gossamer knitted lace mounted over net. Filmy lacy knits give a feeling of airiness when used to create the cocktail dress. There is a freshness in the ribbon knits this season. Silk organza ribbon knits are used effectively alone or in combination with fabric—for example a ribbon bodice and a bouffant chiffon skirt.

New trends are evidenced in sweaters too. The height of luxury is achieved by combining fine lambs wool and fur. Inserts of ribbon, ribbon run through yarns, looped split fronts, welting on collars, and packets are well designed. Jewel-trim is still important.

Heavy knit three-quarter length sweaters of Orlon with a high cape collar are different and designed for casual living.

The National Institute of Dry-cleaning, Silver Spring, Maryland, advises that wool knit garments are handled differently than ribbon knits or knits made from the newer synthetic fibers. Consult your cleaner on the proper care and cleaning of your knit fashions.

Fun and Games

Here's a new one to add to your list of games for the youngsters' Halloween party.

"Chip on a string" is a game requiring only potato chips and a length of twine. Pierce 10 potato chips of fairly uniform size with a sharp object such as ice pick or darning needle and arrange on a length of string.

Object of the game is to bite off the potato chips without any dropping on the floor. The player who gets his 10 potato chips off the string with the least muss on the floor is declared winner.

The first annual October Potato Chip Month is being celebrated in Oregon and Washington this year. It would seem that October is a good choice of months as Halloween is a good climax to promotion of increased eating of potato chips.

The five Oregon and Washington manufacturers of potato chips which have joined in forming the new Pacific Northwest Potato Chip Industry organization are Nalley's, Inc., of Tacoma, with branches in Spokane and Springfield, Oregon; Williams and Company of Seattle with a branch in Portland; Blue Bell Potato Chip Company of Portland; Good-ee Potato Chip Company of Vancouver and Jackson's, Inc., of Pasco, Washington.

The potato chip manufacturers are bringing us the finest possible product and several of them are now packaging the chips in twin waxed paper bags for additional convenience and freshness.

Oddly enough, this Pacific Northwest area consumes about half as many potato chips annually as the average in the United States. The manufacturers of potato chips suggest we eat more of what we produce in our own area.

NEW GLAMOUR for the holidays, Avon's new fragrance, Elegance, inspired this feather fantasy designed by Sally Victor. The hat matches the rich red damask-designed package in which this opulent new fragrance is present.
