

Here's Your Candidate

Dorothy Lowell is a Democratic candidate for the office of county clerk of Klamath County. Mrs. Lowell has been a resident of Klamath County for more than 30 years, is married, and is the mother of four children.

In the field of business experience she has been office manager of the Klamath Packing Company, office manager and bookkeeper for Klamath Livestock, Incorporated, and for the past 12 years had assisted in the management and operation of Lowell's Lockers.

She is a high school graduate and completed business college training. She is a member of the First Christian Church, has been active in toastmistress and business and professional women's club work, and is a member of the League

of Women Voters, the NAACP and the Farm Bureau.

Concerning her candidacy for the office of county clerk, Mrs. Lowell says:

"I am and will remain a Democrat but if elected I shall conduct the office on a non-partisan basis with everyone being welcomed and treated with courtesy. I will devote my full time to the job and will be on duty at all times, and my only promise to the voters will be honest, efficient and courteous service."

(Editor's Note — This candidate sketch is presented under sponsorship of the Klamath County Chapter of the League of Women Voters.)

Three Students Said Eligible

OREGON STATE COLLEGE — Klamath Falls students Myron R. Hurlbut, Dale L. Lowther, and Theodore E. Siemens have been named as three of 51 Oregon State College juniors eligible to receive "junior awards" for outstanding scholastic achievement.

Junior honors are awarded each fall to students who made a B plus average or better during the three quarters of their sophomore year.

Sponsored by Phi Kappa Phi, national scholastic honor society; junior honors rate as the top sophomore scholarship recognition at OSC. Certificates of achievement are awarded each student who qualifies.

The honors program was established by OSC's Phi Kappa Phi chapter to "recognize and encourage high scholarship."

Hurlbut is majoring in electrical engineering. Lowther is in science, and Siemens is enrolled in pharmacy.

DOROTHY LOWELL

LOOKING OVER THE HENLEY HIGH SCHOOL FOOTBALL FIELD this week to see how the seed planted in the spring of 1955 has grown was state Speaker of the House of Representatives E. A. Geary, second from left. Geary donated the grass seed for the field in 1955. He has also donated the grass seed for the Merrill Park, Big Springs park at Bonanza and the Malin Park. The first time the football field at Klamath Union High School was seeded in the early 1930s Geary also donated the seed for that field. Shown here with Geary at far left is George Ellioff, Henley principal, Geary, Al Fairchild, Henley coach, and Eddie Coble, Henley student body president.

Rotary Official Visits KF Club

TULELAKE — Charles E. Glick, Corning, California, governor of Rotary District No. 157, including northern and central California, was honored by the Tulelake Rotary Club Thursday, during his official visit to this area. He was accompanied here by Mrs. Glick.

The local members at a noon luncheon at the Sportsman's Hotel, presided over by Douglas L. Thomas, president of the Tulelake club. The evening meeting was held in the new home economics building at the Tulelake - Butte Valley Fairgrounds.

The governor at this session spoke on the four-way test of Rotary, "Is It True, Is It Fair to All Concerned, Will It Build Good Will and Friendship and Will It Be Beneficial To All Concerned?"

Mrs. Glick was entertained at luncheon by Mrs. Douglas Thomas and Mrs. Tom Horn and at reception during the afternoon at the home of Mrs. Thomas.

California Politics

Editor's Note: This is the fourth of a series of articles discussing the measures found on the California State Ballot for November 6. Information and recommendations are taken from many state organizations, a few of which are: Farm Bureau, PTA and Teachers Association, County Supervisors Association, Federation of Labor, Taxpayers Association, League of Women Voters, Agricultural Council, and California Chamber of Commerce.

By ROSS RAGLAND

Proposition No. 16 is an Assembly Constitutional Amendment which would eliminate the time limits of 30 days in criminal matters, 60 days in civil matters now within which a supreme court hearing may be ordered and authorize the Judicial Council to fix such time limits by rule. The present time limit allows neither parties seeking hearing nor the court enough time. The Judicial Council, composed of representatives from all courts is well qualified to set appropriate time limits.

All organizations studied recommended a Yes Vote on No. 16. Proposition No. 17. This Assembly Constitutional Amendment would repeal Section 17 of the constitution which formerly regulated salaries of superior court judges. The voters in 1924 adopted a Constitutional Amendment which provided that judicial salaries would be fixed by the Legislature then making Section 17 obsolete. As this measure removes a "deadwood" clause in the constitution there is no opposition. Vote Yes.

Proposition No. 18. An Assembly Constitutional Amendment which would make the judge of a justice court eligible for office as judge of a superseding municipal court established before January 1, 1960 even though he is not an attorney where he has served as inferior court judge continuously since Nov. 7, 1945. Presently,

justices of the peace having five years of consecutive service whose courts were directly superseded by municipal courts were exempt from requirements that such judges must be attorneys. This amendment would extend the exemption to all such justices and would ensure uniform treatment. The Federation of Labor was the only organization recommending a No vote and their reason is that this measure is a backward step in our effort to improve administration of justice and qualifications of judges.

Proposition No. 19 is a Senate Constitutional Amendment which would empower the Legislature to change, alter, and redefine California's state boundaries in cooperation with adjoining states, subject to congressional approval and also authorizes adjustment of property taxes affected by boundary changes. The amendment is necessary to authorize permanent settlement of the boundary between Arizona and California now dependent on the shifting Colorado River. Unclear boundaries raise legal questions concerning water rights, law enforcements, etc. No opposition. Vote Yes.

Bonanza Club Holds Meeting

BONANZA—The Bonanza Parents and Patrons Club met at the school auditorium 8 p.m. on October 22.

After a very short business meeting, E. A. Geary, candidate for state senator, explained the measures to be voted on November 6.

Herb Pollard of the First National Bank presented the 4-H awards and pins. Lillian Hoffman introduced the boys and girls. Refreshments were served following adjournment.

Goose Lake Pact Asked

LAKEVIEW — Congressman Sam Coon has proposed that an interstate compact be set up between Oregon and California to preserve the waters of Goose Lake in southern Lake County.

The lawmaker said that if elected he would introduce enabling legislation next year for such a compact, which then would have to be approved by the legislatures of both states.

Coon said that this would be the best method of preventing irrigationists in the Central Valley of California from tapping the lake and thereby making a dust bowl out of southern Lake and northern Modoc counties.

"I believe that the means should be provided for the two states to reach an agreement to keep the lake at its existing level for the benefit of agriculture, livestock and wildlife in Lake and Modoc counties," Coon declared.

A big advantage of an interstate agreement would be that it would involve no cost to the taxpayers of the two counties, Coon emphasized.

He said that if the Californians began draining water from the lake, they in effect would be extending their water rights on up to the Oregon streams which supply 90 per cent of the intake.

"This lake must not be permitted to be dried up, as it was in the early 1930's, at which time terrible dust storms plagued Lakeview and the rest of Goose Lake Valley," he emphasized.

Coon said that weather forecasters are predicting 40 years of abnormal precipitation in the area, and that "this water should be saved for the benefit of your economy, rather than given away to central California."
