

ISRAELI ARMY INVADES EGYPT

In The Day's News

By FRANK JENKINS
There isn't much time today for thrashing over the now nearly worn out political straw of this 1956 election year.

Too many BIG things are happening in the world. They hold for us such IMMENSE promise — if they should turn out to be true — that the tiresome yackety-yacking of the professional politicians leaves us cold and unresponsive.

Our eyes are fixed on more significant horizons.

American correspondents are arriving in Hungary, and we're beginning to get news. One of them tells us this morning that the fighting in Budapest has been far bloodier than had hitherto appeared. Some three thousand persons, he says, have already been killed in the capital city alone and up to 50,000 wounded.

That's WAR — not just mere guerrilla sniping.

There is a strong hint in the news of typical communist treachery.

Early today, the communist newspaper in Budapest conceded FULL VICTORY to the Hungarian rebels. It said Russian troops were being withdrawn from Budapest — and the correspondents on the ground actually saw Russian trucks loaded with Russian dead and wounded moving out of the city.

The communist radio announced that Russian troops wouldn't leave the city until 24 hours after the rebels had turned in their arms. At the same time there were reports of MORE Russian troops being rushed into Hungary. A rebel radio station announced defiantly that the rebels won't stop fighting until the Russians are clear out of Hungary, because "no one can believe communist promises."

About that time communications were cut off again and as this is written there is no further news.

Meanwhile from all over the world expressions of sympathy with the Hungarian rebels are pouring forth. In Rome, thousands of students march through the streets cheering them. In Paris, the Socialist Transportation Workers union calls for mass demonstrations in front of the Russian embassy supporting the Hungarian uprising.

In the eyes of the world, Russia is being definitely identified as a bloody tyrant.

Tension rises in the Middle East, where Israel calls for partial mobilization of her military forces. In Cairo, Arab League officials say: "If Israel attacks, we are ready." Evacuation of American families on both sides of the Israel-Arab frontier is reported to be under way.

In Washington, State Secretary Dulles calls in members of the senate foreign relations committee to discuss with them the Middle Eastern situation, which is described as so grave that shooting might start at any moment.

As to that, this much is clear: If Russia is kept too busy with what seems to be happening in Eastern Europe to mix into the Arab-Israeli ruckus the situation there can be handled.

With the world in a new upsurge, the New York stock market is behaving strangely. It RALLIED strongly this morning. At noon, the Associated Press 60-stock average was UP 1.2 points. That is unusual. In the modern world, threats of shooting war tend to send the stock exchanges into a tailspin.

How come?
It must be that among investors generally there is an upsurge of hope this morning that the inherent futility of Russian communism is becoming so clearly apparent that the time is being brought nearer when the communist system must fall of the weight of its own futility.
That could change the whole outlook of the world.

KILLED
VISALIA (UP) — David Santa Cruz, 37, a Visalia area ranch worker, was electrocuted Saturday when his walnut tree shaking pole struck a high power line.
The accident occurred at Visalia Orchard Co. property about five miles east of Visalia.

Two Die In Highway 97 Car Wreck

Two persons were killed instantly early Sunday morning when the vehicle in which they were riding left Highway 97 about 14 miles north of Klamath Falls, climbed an embankment, and then overturned several times. The dead are Nancy Lee Jackson, 16, of Chiloquin, and Carmel Mae Weeks, 30, also of Chiloquin.

Also riding in the car were Mrs. Weeks' three minor children.

Two escaped without injury and the 3-year-old girl suffered a broken leg and multiple cuts and bruises.

State police investigation indicated that the car, driven by Mrs. Weeks, was northbound and passed a cattle truck. When she moved the car back into the northbound lane after making the pass, it began to fishtail and went out of control.

It went off the left side of the road, climbed an embankment approximately 15 feet high, and turned over several times while rolling back down the incline. The machine came to rest on the shoulder of the highway.

Both women were thrown from the machine, the body of one being found in a nearby cinder collection and the other being located more than 350 feet from the car. The latter body had gone down an embankment, through the railroad guard wires, and came to rest on the railroad tracks.

Survivors of Carmel Weeks include her mother, Norma Weeks; daughters, Carmel Mae, Bonnie Marie and Norma Marinda; sons, Leon and Donald; and sisters, Victoria Jackson and Winifred Anderson. All survivors are of Chiloquin.

Funeral services for the two women will be from the Full Gospel Church, Chiloquin, at 10:30 a.m. and 1:30 p.m. Wednesday. Rev. William Rantz will officiate, with Ward's Klamath Funeral Home in charge of arrangements. Interment will be in the Hill Cemetery.

Evidence Spoils In Hassle Over Who Shot Deer

TRUCKEE (UP) — The hassle outlasted the prize in the case of three hunters feuding over a single deer, Nevada County officials reported today.

The deer, used as "exhibit A" in the judicial court hunting controversy, spoiled.

Two of the hunters, Wesley Fair of Truckee and R. L. Hall of Long Beach, were found innocent of assault charges brought by a third sportsman, Peter Del Ponet of Sacramento. Del Ponet charged Fair and Hall with attacking him during an argument over which man shot the animal.

Escaped Prisoners Nailed In Red Bluff After Break

RENO (UP) — Six of eight prisoners who escaped from the Washoe County jail there, by burrowing through a brick wall with broken shower pipes were recaptured early today by Red Bluff, Calif., police, Sheriff C. W. Young reported.

Young said he had been informed that the fugitives, who had armed themselves with two sawed off shotguns, two pistols and a rifle, were spotted shortly after midnight while parked in a Red Bluff residential area by a patrol car. They apparently offered no resistance to arresting officers.

They were still driving one of two cars stolen from the Reno and Carson City areas following the escape, Young said. Red Bluff authorities reported the fugitives admitted burglarizing a Greenville, Calif., hardware store during their flight.
The eight prisoners who escaped Sunday between 4 a.m. and 7 a.m. included five being held for trial on federal charges. They wriggled through a 14-inch square hole they

OTI HEAD COACH REX HUNSAKER (center) couldn't have felt better than he did Saturday night when receiving an award from Klamath Scouting groups in appreciation for his untiring efforts when assisting with the Scout programs. Making the presentation are Loyd Seely (left), and Bob Luse. Hunsaker was particularly cited for his extensive swim program instruction during the past five years, it being estimated that he has during that period taught more than 1,000 youngsters to swim.

Hungarian Situation 'Tense'

BULLETIN
VIENNA (AP) — The high command of the Hungarian army announced Monday night that rebels in Budapest will surrender their arms at 9 a.m. Tuesday. It said the withdrawal of Russian troops from the city has already started.

VIENNA (AP) — Hungary's shadow Communist government said Monday night Soviet troops would leave Budapest as soon as the rebels lay down their arms. Defiant rebel radio broadcasts immediately rejected the whole idea.

The Freedom Radio at Győr, rebel stronghold in the northwest, called on revolution fighters to hang on to their weapons and not surrender to Premier Imre Nagy "a tool of the Communists."

The rebel radio at Miskolc urged students in Budapest to pay no heed to the reported agreement for Soviet forces to pull out 24 hours after the rebels disarm themselves.

In Moscow, Soviet Foreign Minister Shepilov backed up Nagy with a declaration that Russian soldiers would not be pulled out of Budapest until the rebels lay down their weapons.

At the same time, the government-controlled radio announced Interior Minister Ferenc Muen-

nich had dissolved the dread Communist secret police.
Muenich announced that secret police guilty of torture and oppression would be punished.

The agreement concerning the surrender of rebel arms was concluded by Defense Minister Karoly Janza. It was not announced who negotiated for the forces of the rebellion.

The broadcast said the agreement provided that Russian army forces will leave Budapest 24 hours after rebel weapons have been delivered.

Only a short time before this broadcast, British Foreign Secretary Lloyd told the House of Commons in London the Soviet Union is pouring more troops in Hungary, not withdrawing them.

A dispatch from Endre Marton, Associated Press correspondent in Budapest, said the government had virtually capitulated to a six-day revolt led by a few thousand daring young men. He said the most important concession in principle was an acknowledgement that the revolution was "caused by the grave crimes of the past decade."

Dissolution of the security police and departure of Russian troops from the capital would fulfill two of the extensive concessions made to the rebels by Premier Imre Nagy Sunday.

While the Communist government has not promised free elections, free press and other democratic institutions demanded by a large segment of the rebels, it was generally felt here the rebels have won a solid victory.

There were unconfirmed reports that Russian troops already have begun withdrawal from Budapest and other sections of the country. These could not be verified, but announcement of the agreement

on rebel arms indicated a Russian withdrawal, at least from Budapest, was imminent.
In Western Hungary, Soviet troops were still in their garrets, but were not active. Rebels were in control of much of the area in which they were stationed.

Only a short time before these developments, there still was fighting in Budapest.

Budapest Radio reported that "armed workers' units" searching houses for arms were met with gunfire.

Solons Study War Threat

WASHINGTON (AP) — Secretary Dulles called three senators to the State Department for a talk Monday on the Middle East. The administration was reported gravely alarmed at the possibility of war there in 24 to 48 hours.

The senators were George (D-Ga.), Fulbright (D-Ark) and Langer (R-ND).
Department officials said Dulles, in keeping with his policy during any international crisis, arranged the meeting to brief the lawmakers on what the United States is doing.

George is chairman of the Senate Foreign Relations Committee. Fulbright and Langer are members of it.
Officials are said to feel that only the highest order of Israeli-Arab statesmanship could avert a Middle East explosion. They were looking mainly to Israel's Prime Minister David Ben-Gurion, as the man who held the decision.

However, officials were less pessimistic about the situation Monday than they were Sunday. They credited a personal appeal by Eisenhower to Ben-Gurion, made public Sunday, with having done much to help cool the situation.

Poll Shows Ike Leading

SALEM (AP) — President Eisenhower and three other Republicans led by topheavy majorities and Douglas McKay by a small one as the Capital Journal straw vote went close to the 5,000 mark Monday.

The race between McKay and Sen. Wayne Morse has been close since the first results were announced two weeks ago.
The new totals are: President, Eisenhower 3364, Stevenson 1820; Senator, McKay 2654, Morse 2477; Congress, Lee 1854, Norblad 3135; Governor, Holmes 2061, Smith 3125; secretary of state, Hatfield 3273, Sweetland 1779.

The votes have come from 12 high schools and three colleges in Marion, Polk, Yamhill, all Republican in registration, and Linn County, which is Democratic, plus four clubs in Salem and from a business office ballot box in the Capital Journal. Final figures will be announced Nov. 3.

TOUGH LUCK
TOKYO (AP) — When the staff at Japan's Central Meteorological Agency decided to hold a family picnic and field day they took no chances. Top forecasters were consulted as far back as July and all agreed that Oct. 29 would be just right, weatherwise. Monday, the picnic was postponed. It's raining.

First Either-Sex Deer Season Leaves California Counting Dead, Wounded

SACRAMENTO (UP) — The smoke cleared today over the Sierra Nevada after the area's first either-sex deer shoot, with two hunters dead, another missing and presumed dead and at least nine wounded.

Reports were scanty on the dead, wounded and missing, and more were expected to trickle in from the outlying regions. Reports on the actual results of the hunt also were sparse.

Marland H. Murchie, 31, Lafayette bartender, was killed Saturday when he was struck in the

neck by a bullet. Fish and Game Department officials in Redding said Murchie was shot by another hunter who thought he was a bear. He had been hunting in northeastern Modoc County.

The other known fatality was Roy Lish, 57, Citrus Heights, who died Saturday after suffering a heart attack while hunting 14 miles southeast of Placerville.

CALL OFF SEARCH
Meanwhile, Tehama County Sheriff Lyle Williams called off a three-day search for 30-year-old James Davis of Chico. Five airplanes and more than 100 persons on horseback, in Jeeps and on foot had searched the Devil's Den area some 25 miles northeast of Chico since Davis was reported missing Wednesday night.

Williams said temperatures had been below freezing in the area, described as the roughest part of Tehama County. Williams said "we don't believe he is alive." One of the search planes had been piloted by Davis' wife.

Williams' office said at least 25 hunters had been reported lost in the county during the three days of the either-sex shoot.

Mrs. Vernal Triebisch, Davis, and Ralph Throop, Susanville, were wounded Friday by the same rifle bullet. The shell entered Mrs. Triebisch's back and came through her chest, striking Throop in the forearm.

INJURIES REPORTED
Other hunting injuries included: Floyd Murray, Macdoel, was struck in the spine by a stray bullet while getting out of his automobile in Red Rock Valley in Siskiyou County.

Roy John Schanaker Jr., Visalia, was shot through the side by another hunter while hunting near Blackmore in Modoc County. The other hunter was identified as Clarence I. Butler of Bull Creek in Humboldt County.

Earl Charles Wilson, Erisbane, was shot in the knee 20 miles east of Red Bluff. Wilson was shot by another hunter as a barrage was laid down on a running buck.

Richard Bodemier, Burney, shot himself in the knee while hunting near McArthur.
Jack Baker, San Francisco, was struck in the groin by a hitchcocking bullet while hunting in Shasta County.

WOMAN LOSES FINGER
Mrs. Bert Vincent, Redding, lost a finger when her rifle discharged accidentally. She was hunting in Shasta County.

Others were more fortunate. Teen-aged David Lassiter, son of Mrs. Alma Lassiter of Ceres, was found Sunday after being lost two days in the Doakes Ridge region of Amador County. He suffered from slight exposure, despite going two days without food or shelter.

William T. Ditter, 66, Paradise, was reported missing Friday in Tehama County but hitchhiked out of the area safely.
Wesley Thompson, Antioch, was found Friday in the Mendocino National Forest after being lost 24 hours in the Squaw Hill territory of Glenn County.

Wife Foils Attempt At Kidnaping

SACRAMENTO (UP) — The daring action of Mrs. Frank Kassis, wife of a supermarket executive, foiled an apparent kidnap attempt on her husband Sunday night at almost the same time one of his stores was being held up.

Deputy Sheriff Cal Florence said two gunmen obtained entry to the Kassis home in suburban Sacramento. When the Kassis' son, Frank Jr., 13, called his father, they donned Halloween masks and one put a pistol to Kassis' head.

Mrs. Muriel Kassis heard the gunmen from upstairs and locked herself in a bathroom. She jumped out the window to the ground, 14 feet below, and ran to a neighbor's house to summon help.

A third man, waiting outside the Kassis' home in an automobile blew the horn when he heard the alarm sounded by Mrs. Kassis and a neighbor. The two men inside dropped rolls of adhesive bandage, apparently to have been used to bind Kassis, and escaped.

At about the same time, a man with a shotgun attempted to hold up a Stop and Shop market in Del Paso Heights. Kassis and other members of his family own the Stop and Shop chain, one of the largest in Northern California.

The gunman, Raymond L. Towner, 26, Kirkland, Wash., was shot and wounded by Lt. Dave Yates, a member of the Sacramento merchants patrol who was in the market checking locks.

Yates fired at Towner three times before Towner drove away in an automobile. The vehicle was found abandoned a short time later and Towner was found slumped over the steering wheel of another nearby vehicle.

Biggest Vote Turnout Seen

County Clerk Charles DeLap predicted Monday that the November 6 general election will be marked by the largest turnout of voters in the history of Klamath County.

"Only a severe storm will cause a light vote," he added. "From present indications, if the weather is good, between 75 and 80 per cent of the registered voters will go to the polls."

According to official records, Klamath County has 22,431 residents who are eligible to vote. Of these, 12,654 are Democrats, 9,427 Republicans and 359 Independents.

In 1954 there were 21,274 registered voters in the county including 11,823 Democrats, 9,342 Republicans and 309 Independents.

First Mail In Months Reaches Antarctic Base

McMURDO SOUND, Antarctica (AP) — A group of 73 snowbound American occupants of Little America No. 5 read their first letters from home in eight months Monday.

Some 500 pounds of mail were flown in Sunday to the base perched on Ross ice shelf some 300 miles east of the McMurdo Sound headquarters for advance units of America's International Geophysical Year expedition in the antarctic.
The mail plane's pilot, Lt. Cmdr. Edward Frankiewicz of Rutland, Vt., said the base where the group spent the subzero winter was so buried in snow it was barely visible from the air. Only the radio towers showed near the station.

Suez Canal In Path Of Invaders

JERUSALEM (AP) — The Israeli army drove across the Egyptian border toward the Suez Canal Monday night and appeared to have gone at least 75 miles into Egyptian territory. The two-pronged attack was announced by Israeli military authorities.

The announcement said units attacked across the border near the Egyptian town of El Kuntilla, about 40 miles north of the Gulf of Aqaba, and at Ras el Naueb, about 10 miles north of Aqaba.

They took up positions at Nahel Road junction, the announcement said.
Kuntilla, or El Kuntilla, is on the Sinai Peninsula. The Bible says Ishmael, ancestor of the Arabs, lived there.

The action was announced in the midst of a Middle East war scare. Israel is on a war footing. The United States is evacuating its citizens from Israel, Egypt, Jordan and Syria.

The announcement said the attack was necessary because of what it called continued Egyptian attacks on citizens and on Israeli sea and land communications. It said Egypt's purpose was to cause destruction and deprive residents of the possibility of peaceful existence.

Israel, announcing the callup of reserve battalions in what it termed a "partial mobilization," denied it had any aggressive intent.

At the same time, Israeli security authorities said two Egyptian destroyers and other warships apparently headed toward Israel Monday.

The informants said the vessels, five or six in all, left their base at Alexandria Monday morning. TENSION

Tension in Israel has mounted since Jordan, which has the longest frontier with Israel of any Arab state, formed a joint military command with Syria and Egypt last week. A pro-Egyptian Parliament was elected in Jordan a week ago.

President Eisenhower, taking a grave view of the mobilization, sent two messages to Israeli Premier David Ben-Gurion, eastern Blackmore in Modoc County. The other hunter was identified as Clarence I. Butler of Bull Creek in Humboldt County.

Earl Charles Wilson, Erisbane, was shot in the knee 20 miles east of Red Bluff. Wilson was shot by another hunter as a barrage was laid down on a running buck.

Richard Bodemier, Burney, shot himself in the knee while hunting near McArthur.
Jack Baker, San Francisco, was struck in the groin by a hitchcocking bullet while hunting in Shasta County.

WOMAN LOSES FINGER
Mrs. Bert Vincent, Redding, lost a finger when her rifle discharged accidentally. She was hunting in Shasta County.

Others were more fortunate. Teen-aged David Lassiter, son of Mrs. Alma Lassiter of Ceres, was found Sunday after being lost two days in the Doakes Ridge region of Amador County. He suffered from slight exposure, despite going two days without food or shelter.
