

Russian Observers Watch Nixon On Campaign Tour

LOS ANGELES (UP) — Three Russian observers of the U. S. political campaign heard Vice President Richard M. Nixon speak today before leaving for San Francisco and more observing.

The Russians sat on the sidelines this morning as Nixon addressed a precinct workers' rally at the Ambassador Hotel. Then the interested visitors accompanied Nixon in a motorcade to nearby Santa Monica for another Republican rally.

The trio later boarded a plane at International Airport for San Francisco to climax a three-day visit in Southern California. During the tour, the Russians heard

both Democratic and Republican candidates and also took time off to visit movie studios in Hollywood.

During a press conference at UCLA Saturday, the language barrier created quite a problem and also one big laugh.

L. N. Solovyev, deputy of the Supreme Soviet, told the newsmen through a State Department translator that "the first step toward world peace is prohibition of atomic weapons."

The translator, Vasia Gnirkin, continued the translation as follows:

"When this problem is settled then the people of the world may rest in peace."

The phrase, "rest in peace" brought a hilarious outburst and Gnirkin quickly revised it to "remain in peace."

One of the other observers, V. L. Kudryautsev, an Izvestia editor, charged that the U.S. news releases of the crucial events in

Poland and Hungary were "too sensational." He added that even Russian newspapermen tend to dig up anything sensational.

Kudryautsev also declared that Russian Premier Nikolai Bulganin's recent letter to President Eisenhower on the H-bomb was not intended to interfere in American elections.

The other member of the Russian group is M. L. Rubinshtein, of the Russian Academy of Sciences and also a magazine editor.

Tide Traps Trio Of Fishermen

SAN FRANCISCO (UP) — Three fishermen nearly drowned in Brisbane Lagoon Sunday when a strong tide and turbulent waters overturned their nine-foot skiff.

Waters of the muddy lagoon were lapping at the chins of the three when San Mateo County sheriff's deputies pulled them from the slime in which they were mired.

The three men were Fred Zihn, 40, and his brother, Andrew J. Zihn, 27, and Joe Hidalgo, 36, all of San Francisco.

Singapore Quiets Down After Riot

SINGAPORE (AP) — Only scattered outbreaks marred an uneasy calm in Singapore Monday as the strife-torn colony passed its first peaceful day since anti-government riots flared Thursday.

As police and troops patrolled the city, authorities lifted the tight curfew for four hours to permit residents to attend to essential business and buy food.

Chinese Communists reportedly stoned some cars as thousands hastened to the business district. But there was no recurrence of the Communist-led mass violence which killed 16 persons and injured about 200.

How much time will you devote to the job of County Judge, Mr. Mack?

Oregon law provides that county courts shall meet at "10 a.m. the first Wednesday of each month." However, I anticipate giving the job all the time required to insure taxpayers efficient service — even if it takes 10 hours a day, 7 days a week.

County Court meetings should be held regularly and be publicized sufficiently so that interested persons have an opportunity to help guide and direct decisions of the court.

As your County Judge, I will want and ask for your opinions in order to conduct your \$3,000,000.00 business in a professional manner.

When you hire a man for County Judge, Nov. 6th, hire the best qualified, most experienced man for the job.
