Proctor Hits Moss Charge

Wally Moss, Klamath County chairman of the Democratic Veterans Advisory Committee, was blasted Tuesday for his assertion that ex-servicemen have been given the "run-around" by President Eisenhower.

George Proctor, Klamath County Republican Central Committee chairman, bluntly charged that Moss was not telling the truth when he said Monday that President Eisenhower failed to keep his 1952 campaign promises as far as veterans were concerned.

"The fact is," Proctor said, "that the 1952 pledges of President Eisenhower were kept and the Republican hard Congress increased compensation and pensions for 3,500,000 ex-servicemen and their dependents."

"The 83rd Congress also protected insurance contracts for veterans," Proctor continued, "by providing automatic renewal of insurance and improving the GI loan program. Equal benefits for Korean war veterans also were provided and the states were assisted in providing better care by increasing federal aid to \$700 per year for each veteran given care in state facilities."

Proctor also pointed out that during the tenure of the 84th Congress, President Eisenhower signed measures providing for increased benefits for widows, orphans and dependent parents of veterans and made it possible to provide educational aid for those who served in the Korean War.

"If Mr. Moss believes that veterans did not receive their fair share of beneficial legislation in the Democratic-controlled 84th Congress," Proctor concluded, "then he, along with other veterans should vote for a Republican-controlled Congress in the November 6 election."

Nervous Marilyn Monroe Meets English Royalty

LONDON (AP)—A nervous Marilyn Monroe was presented to British Queen Elizabeth II last night and found the monarch a "very warm" person.

"She radiates a wonderful womanly essence and softness," said the actress. The introduction came at the annual royal command film performance where members of the royal family met a group of international film stars.

"How do you like living in Windsor?" the Queen asked Marilyn. The startled actress blinked, said "What?" then hastened to add, "I thought we lived at Englefield Green."

"Oh, we're neighbors," said Queen Elizabeth, explaining that Englefield Green, where the actress and her husband, playwright Arthur Miller, have rented a large manor, is near Windsor Castle.

The Queen and the film star, both 30, also chatted about the film Marilyn is making in England, "The Sleeping Prince." Queen Elizabeth stopped to talk with each of the stars in the line. She was followed down the row of movie personalities by her sister Princess Margaret.

Mark Hatfield KNOWS HOW To Provide Good Government Seldom do you find a candidate who is actually trained for service in government. Mark Hatfield is such a man. He has more experience for the job than any candidate for the office. He has spent years in the study and instruction of political science and he has six years of outstanding service in the legislature as well. Senator Hatfield understands, from first-hand knowledge, the function of institutions and state institutions are a direct responsibility of the Secretary of State. The Oregon Statesman, Oct. 11, 1956, said of Mark Hatfield: "Hatfield brings knowledge of government" "His election will not only insure a diligent administration of the secretary of state's office and careful attention to the work of the Board of Control but it will confirm this able young man in the career of public service to which he dedicates himself. The Statesman cordially recommends the election of Mark Hatfield for Secretary of State."
