

**A \$3,000,000.00
INVESTMENT
TO BRING YOU**

BETTER MILK!

Just as modernizing your kitchen has helped give your family better prepared food with less effort, the modernization of Klamath's Grade "A" Dairies has helped bring you richer, fresher, cleaner milk . . . with no added expense to you.

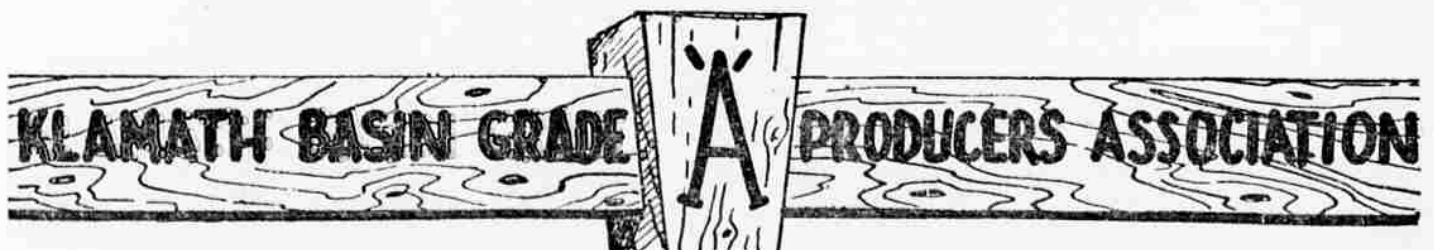

Your Basin dairy farmers have invested more than \$150,000.00 in the past few years on important improvements—milking parlors that aid in bringing you cleaner milk—stainless steel refrigerated milk tanks that cool the milk and keep it fresh—refrigerated tank trucks that bring the milk to the creameries faster and cooler than the old fashioned cream cans.

Your Klamath Basin Grade "A" dairy-men have a total investment of \$3,000,000 to bring you the finest milk available at the lowest cost possible. And they will continue to keep abreast with the latest developments in dairy farming.
