SHOP EARLY for Christmas this year. Once again from the House of Lanvin, gift sets in Arpege and My Sin fragrances are available. The packages contain the famous perfume-filled Lanvinette and the square cut bottle of Eau de Lanvin.

ENTERTAINING at home this evening? Take a tip from this glamour-girl and give your tresses a beauty touch-up with Helene Curtis Suave and Spray Net. Suave hair-dressing and conditioner adds that finishing touch to your grooming. Its lanolin content has a special softening effect on brittle ends that prevents them from splitting. It never leaves a sticky coating but makes your hair soft, shining and naturally lovely. The "at home" outfit is by Dorian.

New Two-Some For Hair Beauty

Autumn is beauty tonic time for your hair.

After summer's sun has done its damage, some reconditioning is really a necessity. Helene Curtis comes to the rescue with two products ideally suited to do the job best. They are Suave Hair-dressing and Conditioner and Spray Net.

Her special combination package features the Spray Net in either the regular or super soft formula, plus a free sample size bottle of the fabulous Suave.

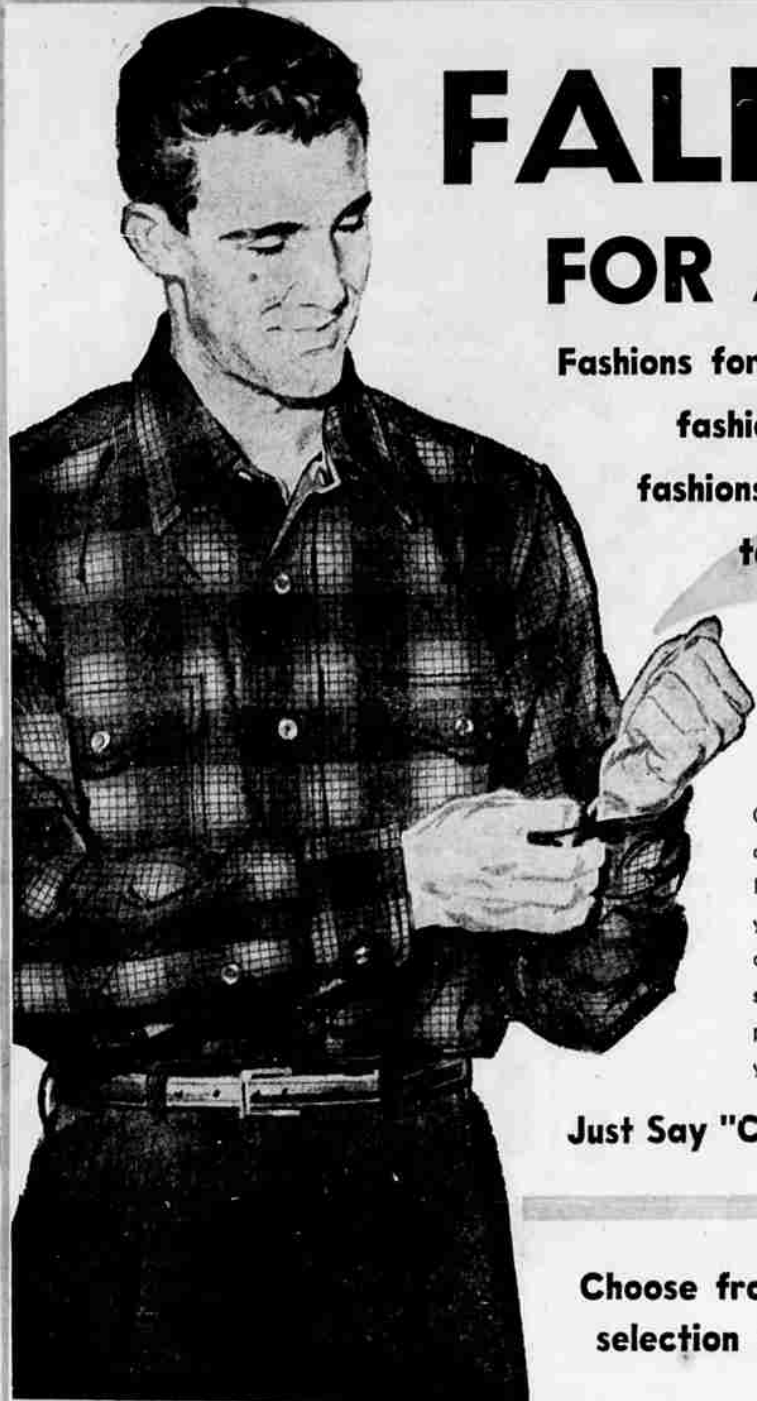

This new special beauty two-some will bring new life, new luster and new loveliness back to "tired" hair in no time at all.

You can use Suave in so many different ways. A little application before going out will keep your coiffure soft, gleaming and beautifully in place. After shampooing it makes your hair manageable and so much easier to set. After permanents it prevents

excessive drying and protects ends against cracking or splitting. So make sure your "crowning glory" is just that and let Helene Curtis help you do it the easy way.

STUFFED ONIONS
Combine 1/2 cup chopped, toasted Oregon filberts, 1/2 cup bread crumbs and cooked (and drained) sausage with the chopped cooked onion from the centers of 3 onions with 1 egg to make stuffed onions. Add salt and pepper and 1/4 teaspoon of sage if you like that seasoning.

PLATTER GARNISH
That leftover sliced meat for Sunday night supper will look more attractive if you serve it on a platter surrounded with cauliflower, sliced tomatoes and any cooked vegetables you wish. If meat and all the vegetables are cold, serve tartar sauce.
