

REFLECTIONS FROM

Milly's Mirror

"ONE OF US HAS GOT TO GO"

"WANTED - To Rent - A large loft or empty building to house Selache maximus. Call the Robert L. Mueller residence."

The other day Pat (Mrs. Robert) Mueller answered the doorbell and opened the door to a man struggling with a huge and unwieldy package about nine feet long - six feet wide and one and one-half feet deep - conservative measurements those are.

He was definitely delivering it to their address. She told him that there must be some mistake - that she wasn't expecting any such package. He showed her. "See? Dr. Robert L. Mueller - this is Dr. Mueller's residence isn't it?" Pat said "Yes" and accepted the big bundle.

Being a woman she didn't eye it very long before she opened it. And looked into the cold dead eye of a sailfish - mounted and all ready to be a proudly displayed souvenir of a last February fishing trip at Acapulco, Mexico.

She'd almost forgotten about it and certainly had forgotten how big it was. On the wall - ANY wall the marine monstrosity (as it was rapidly becoming) would occupy a space at least nine feet long and with its dorsal fin mounted open - six feet high. Besides it would project about one and one half feet from the wall.

As a piece of bric-a-brac it certainly was a challenge to the housewife. And one she couldn't meet. A phone call to her husband brought delighted sounds from the other end of the line - and Bob solved her problem quickly by the thought of saying it would go over the fireplace.

That wasn't exactly the thing to say. It would dwarf the fireplace. Then put it on the stairway wall. And have that thing sticking out almost half the width of the stairs? You can just come and get it and take it down to your office or any place that's out of this house. The house, incidentally is large and roomy - but not THAT roomy.

Well, Bob did come and get it and took it down to the Klamath Medical Clinic intending to find a permanent place for it there. The process of preserving this piscatorial trophy didn't make it very pliable - and he couldn't even negotiate the corridors of the

clinic with his rigid, finny friend. It's now in the guest house back of their home, 1931 Huron. And to anyone stepping into those quarters, it's a soul-shaking shock to suddenly be confronted with. And it will certainly discourage an excess of overnight guests.

ARTHUR SIMPKINS scheduled for a one-night singing engagement here soon under the sponsorship of the KP Branch of BPW should draw a capacity crowd to the Pelican Theater. He and other talent will be brought here by George Amato - of Amato's in Portland.

THE SENIOR CLASS of '58 are pretty certain of the traditional end-of-school banquet. Mrs. Lloyd Prock happily reported on the successful Parents-Patrons sponsored rummage sale staged by Mrs. Prock, chairman - The banquet is an annual event - and so has Ann's chairmanship been annual - in fact it's getting to be more perennial. Anyway the funds raised indicate that the senior class won't starve - even if they don't sup in actual splendor - they'll sup substantially.

ALLAN PRIAULX - son of the Arthur Priaulx, Portland, got a press bid recently that I think is worth mentioning. He will be in Dearborn, Michigan, October 15-16 attending a national junior press conference sponsored by Ford Motor Company. The 17-year-old Grant High senior will represent The Oregonian at the conference, being held in connection with the unveiling of 1958 model Ford cars.

"AUTUMN NOCTURNE" is the theme chosen for the Klamath Anchor Club informal dance, slated for October 19. Committee members pictured above, from the left, are Mrs. Adolph Zamsky, Mrs. Richard Maxwell, Mrs. Harold (Bud) Cloake, Mrs. Neil F. Black and Mrs. H. O. Juckeland.

The picture was taken at the Juckeland home where plans were discussed including making the decorations from

original designs created by Mrs. Murdo Morrison. Mrs. Maxwell and Mrs. Black are in charge of cocktail hour arrangements (from 7 to 9 p.m.). Mrs. Juckeland, entertainment, said that dancing from 9 p.m. to 1 a.m. will be to music by the LaMar Jensen Trio. Other committee members are Mrs. Hugh Swaney, Mrs. Maury Clark and Mrs. Keith Coddington. - Photo by Otto Ellis

KLAMATH FALLS

EULALONA CHAPTER DAR Eulalona Chapter, Daughters of the American Revolution, met Monday, October 7, at 8 p.m. at the home of Mrs. Dick Henzel on the Lakeview Highway. The usual patriotic opening exercises were held.

Following the business meeting, the program was in charge of Irene Foster, state DAR chairman of American Indians, who spoke on two Indian schools that are under the care of the National Society, DAR, American Indian Committee.

The first school is St. Mary's School for Indian girls, a high school established by the Episcopal Church in 1873 and still under their supervision. The girls attending this school are from the Rosebud Reservation in South Dakota, an extremely poverty stricken reservation. The other National Project school is Bacon School in Oklahoma, a junior co-educational college and the only junior college for Indians in the world. The DAR helps both of these schools with scholarships, dormitory furnishings, books and used clothing.

Eulalona Chapter will send a box of clothing and other items to Oregon Indians at Celilo. A third grade level book about life with the Celilo Indians titled "Linda's Indian Home" has been written by Martha Ferguson McKeown, a DAR member of Hood River. It has beautiful photography done by Archie McKeown. These books may be purchased through Eulalona Chapter, and
