"WASH AND WEAR" FABRICS NEED NO IRONING

NO—not in the new Maytag! The exclusive "Wash and Wear" control on the new Maytag takes out the wrinkles and saves ironing, while the "Heat of Heat" dries ordinary fabrics as fast as you can wash them. Klamath Falls home-makers are invited to test the new Maytag dryers for themselves, too! Just bring your wet clothes to Merit's and run them through one of the new dryers now on display there. Surprisingly enough, even with all the exclusive features in the new Maytags, they are amazingly low priced!

Signs of perspiration on a dress often spoil an otherwise cool, attractive look. One way to avoid this is by wearing dress shields. Perhaps you need to shift to another deodorant for more protection.

Prolonged driving puts a strain on the feet of the driver. A change of shoes and hose will give some relief. Stop for periodic rests, walk around and wriggle your toes and ankles.
