Odds & Ends

By Ronnie Owens

Congratulations to the new senior class officers! They are Hugh Swaney, president; Bob Niles, vice president; Pat Carroll, secretary; and Swan James, yell-leader. Wednesday, October 2, marked the date of the first very enjoyable community concert, which I hope you attended as all are very worthwhile.

The graduating class of KU last year numbered approximately 300 students, but did you know that in 1895, the graduating class consisted of one person, Doctor George Wright, who has been practicing medicine since 1909. He has also been the team physician and scorekeeper at many KU football games. (I don't imagine they had to pick up the paper and read my column.) You see, there is a method to my madness.

Many Attend GAA Playday

By SHARON SUMMERS

"Participation" is the key word to winning awards in Girls Athletic Association, one of KU's most active groups. Fifty points the first year gets one the numerals, a star, and a GAA pin. The second year gains one the emblem "K" and another star. A chemille pelican and a statewide senior pin is achieved the third and fourth years.

Helen Shearer, president of the GAA, gave the welcome speech at the playday held here Friday, September 27. The girls were divided into teams and their various activities throughout the day included swimming, basketball, volleyball, tumbling, table tennis, badminton, and a balloon stomp.

One hundred and nine girls from Lakeview, Medford, Chiloquin, Sacred Heart, Crater and Henley participated.

Other activities planned are two more playdays, a Halloween hayride and to take a bus to the Grants Pass football game.

More School Spirit Urged

By SANDRA BURNEY

Is one guilty to want to show that he has spirit? The proper kind of spirit that supports a school, that leads its team to greater glories, that oftentimes wins a doubtful game.

Such spirit, only few of the students of KUHS endeavor to display. Only a few want to have pep rallies and other such exhibits of school enthusiasm. A very small percentage of us participate in any show of pep or emotion.

What is the reason? Could it be that we have become so accustomed to the privileges awarded us that we take them for granted?

The way we take advantage of our opportunities is a reflection of what we are. It takes only a few to build a bad reputation for us all. Let's make it a point not to be one of those few.

NO CAP FOR CAROL?

What do little girls dream of? Take Carol—she always dreams of being a nurse in a big hospital some day. But her chances are pretty slim.

Carol lives in a community where there's a serious shortage of classrooms, teachers and good schoolbooks. That means less schooling for Carol than she needs.

Let's see that this doesn't happen in our schools. You can help by supporting our School Board, by attending PTA meetings and school conferences.
