

"Prentiss came into a little inheritance! His uncle joined the navy and left him a half-dozen silk ties!"

Less Alliance Between U.S., Britain Wanted By Diplomat

LONDON (AP)—It has been a long time since a British foreign secretary argued that what is needed for world peace is less—rather than more—alliance between Washington and London.

Other of which is capable of wiping out not only the other camp but all mankind as well.

Three Dead, Many Homeless As Floods, Twisters Hit Texas

DALLAS (AP)—Floods, storms and tornadoes punched across Texas yesterday, killing three persons, injuring at least three and driving hundreds from their homes.

Hard rains continued across the state, sending angry crests swirling down scores of streams. More rain is forecast.

One man drowned in central Texas when his auto plunged into a rain-swollen creek. Another drowned in southeast Texas when a bridge gave way beneath him and a third was lost in the same area when high winds swamped his small boat.

The floods also stranded seven persons in a school bus, wrecked a passenger train. Dozens of highways were closed.

At Ballinger in West Texas, which had the worst flooding, about 150 spent last night at a Red Cross shelter.

The Texas Department of Public Safety said another twister wrecked a drive-in theater and several farm homes at Waller, about 40 miles northwest of Houston.

The Weather Bureau said it had reports of 8.86 inches of rain at Palestine in East Texas and 7.60 at Hutto in central Texas.

The rain was greeted with joy in some areas.

The ranch country around San Angelo got the heaviest since 1949 and 1950.

State police took seven persons by boat from a school bus stranded between two creeks near Taylor in central Texas.

A Missouri-Kansas-Texas freight car at Weir, in central Texas, collapsed, derailed the engine and four baggage cars of a San Antonio-Dallas passenger train. No one was injured.

The water at Ballinger, a town of 6,000, extended over a 50-block area and reached a few business houses at the southern edge of the downtown business section.

Oregon Weather

Northern Oregon beaches—Clear Tuesday night with patches of morning fog; partly sunny with variable high clouds Wednesday.

Eastern Oregon—Fair through Wednesday; slightly warmer on Wednesday. Highs 55-65; low Tuesday night 30-40.

Western Oregon—Fair Tuesday night with patches of fog late at night and early Wednesday; increasing cloudiness Wednesday with a few showers in north by evening.

Loggers Fire Weather—Increasing fire danger in all areas with clear skies and lowering humidity.

Increasing fire danger in all areas with clear skies and lowering humidity. Lowest humidity 30-35 per cent, except 25-35 per cent in extreme southwest Oregon.

Klamath School Districts May Need Building Bonds

Members of the Klamath Falls school boards were advised Monday evening that in the immediate future they should decide whether or not to seek bond issues as a means of continuing the required school building construction programs within the systems.

The topic came up when members of the board were asked to approve the calling of bids for grading work in front of the partially completed Ponderosa School.

Grallup told board members that the student enrollment is growing faster than the \$120,000 annually is able to provide buildings for, and that expansion of the Ponderosa School into a complete junior high school to accommodate as many as 1,000 students is vitally necessary in the immediate years ahead.

The superintendent pointed out that the passage of similar serial levies when the present levies expire within the next two years would constitute no saving of money.

He explained that the rising construction costs from year to year are more than offsetting the amount which would be paid in the form of bonding interest, and that due to the growth of the student bodies and the need for reducing enrollment pressures within the elementary schools, the added school rooms will be critically required before the needed funds could be raised by serial levy.

In addition to the anticipated bond issue for added construction at the Ponderosa School, or for the establishment of another elementary school to the south, the directors of District 2 are also considering a request for bond levies to complete the south wing construction which is now underway at the high school.

In other Monday night business the boards:

1. Set 3 p.m., October 31, as the date when bids for the Ponderosa grading would be opened in the offices of Architect Howard Perrin.

Obituary

De MUSEY MOUNT SHASTA—Funeral arrangements for William De Musey will be announced by Noble's Mortuary pending arrival of relatives.

Mr. De Musey died following a logging accident the afternoon of October 11 before his arrival at the hospital. A native of Chicago, born April 11, 1920, Mr. De Musey had been a resident of Mount Shasta less than two years. He was a pianist and timber worker.

Survivors include his widow, Norma; two daughters, Donna Lee, 12, and Barbara Jean, 2; one son, William Jr., 6, and his mother, Mrs. Marie Brokke of Portland.

Funeral services for Thomas Ray Skiens, 58, of 4623 Cannon Avenue, city, will be held at 2 p.m. Wednesday, October 16, in O'Hair's Memorial Chapel. Final rites and interment will be in Klamath Memorial Park.

Skiens, an electrician for the last 15 years for the Southern Pacific Railroad, was killed instantly Friday, October 11, as the result of a head-on automobile collision on U.S. Highway No. 50, near Lee's Summit, Missouri.

The Missouri Highway Patrol stated a car driven by Skiens' son, Thomas J. Skiens, 21, stationed with the Air Force at Topeka, Kansas, crashed with a car driven by Robert F. Brown, 42, of Jefferson City, Missouri.

The highway patrol further stated that Brown had lost control of his car and had skidded on a curve, going off the right side of the road and then suddenly back to the highway and into Skiens' car. The elder Skiens was thrown from the car which then passed over him.

Mr. and Mrs. Skiens had been visiting their only son, Tom, at Topeka. When the accident occurred, the family was driving to Sedalia, Missouri, to visit relatives of Mrs. Skiens. Brown, the airman and his mother, Mrs. Cecile Skiens, escaped injury other than minor bruises.

Mr. and Mrs. Skiens had been visiting their only son, Tom, at Topeka. When the accident occurred, the family was driving to Sedalia, Missouri, to visit relatives of Mrs. Skiens. Brown, the airman and his mother, Mrs. Cecile Skiens, escaped injury other than minor bruises.

AL Groups Plan Confab

The American Legion and auxiliary will hold a district conference in the memorial building in Lakview Thursday, October 17, at 7 p.m.

Those attending from the Klamath Basin area are Irene Freitag, child welfare committee of the Malin auxiliary; Elizabeth Peterstetter, trophy and awards committee, Klamath Falls; Charles Poole, commander of Klamath Falls auxiliary.

Others attending the district conference are Mrs. Anson (Edith) Ingels, Salem, department president; Mrs. Don (Muriel) Acton, Portland, department vice president; Mrs. Grover (Nota) Francis, Portland, department secretary; Charles H. Huggins, commander; George Nelson, vice commander and Joseph P. McDonald, adjutant and a department service officer.

The auxiliary meeting will be in charge of Ann Lahoda, district president of Malin.

DEER HIDES WANTED MOUNT SHASTA—The Mount Shasta Rod and Gun Club is making a drive to collect deer hides which would not otherwise be used to be sold for benefit of the club.

President William K. Oxner heads a committee of five members who will contact all known successful deer hunters to ask for donations of the hides to the club.

A Father At One Hundred Geo. N. Taylor, Wheaton, Ill. Abraham was one hundred and dead so far as becoming a father had to do. Sarah, his wife, was also far past the age of child-bearing.

Yet God had promised that a son would be born to them. And in due time, Isaac, the son was born to them. — as God had promised. Abraham ever believed that God would do as he had promised and so Abraham is called "The Father of the Faithful." Now bring it home to yourself. God changes not. To you he will also be faithful. He is to give you eternal life, if down in your heart, you hold Christ to be your Lord and Savior.

This Message is by God's people who want you to know. Adv.

Finland Beauty 'Miss World'

LONDON (AP)—The new Miss World, a statuesque blonde who makes her living by taking care of people's feet, gave some special attention to her feet today.

Ice-eyed Marita Lindahl of Finland took the line for the judges and walked off with the beauty title last night.

While the judges were surveying her classically lovely face, long golden hair and shapely legs, Miss Lindahl thought of her feet.

"They hurt," she said. "I will now have to give them more attention."

The 18-year-old Miss Finland, a pedicurist by profession, was the tallest and heaviest of the 23 girls in the competition. She stands 5 feet 7 1/2, weighs 136 1/2 and is contoured 37, 22 1/2, 37.

She was rewarded with a sports car and 500 pounds (\$1,400). Lillian Madson, representing Denmark, won second place and 100 pounds (\$280). Miss South Africa, Adelle Kruger, was third and Miss Tunisia, Jacqueline Tapia, fourth.

Charlotte Sheffield, a 21-year-old graduate of the University of Utah, competed as Miss United States but did not show up among the six finalists. It was the first time an American girl had not been among the front runners.

Pilot Plans Second Flight

GALVESTON, Tex. (AP)—William Wyatt, 25, of Dallas will try again tomorrow or Thursday to fly a light plane nonstop from Galveston to Rome.

The former Marine pilot was scheduled to leave at dawn today, but he said weather forced him to postpone the flight.

Wyatt said he would follow the same route he took when he was forced by head winds and icing to abandon a previous attempt Oct. 4.

He will fly a Mooney Mark 20, a small single-engine monoplane, which he took as far as Charlottesville, Prince Edward Island, after running six hours behind schedule.

He said he believed he could make the 5,500-odd miles in 38 to 40 hours. The light plane record of 4,857 miles was set in 1949 by William Odom, who flew from Honolulu to Teterboro, N.J.

FLU VACCINE REPORT WASHINGTON (AP)—Producers are distributing Asian Flu vaccine almost as fast as it is tested and released, the U.S. Public Health Service reports. The agency said yesterday 13,502,947 shots were released during August and September and 11,245,055 doses had been packaged and shipped out by Oct. 4. The Armed Services received 4,371,800 shots of the total and 6,873,735 went for civilian use.

Newspaper Blasts Nehru

HONG KONG (AP)—One of Hong Kong's two major English-language newspapers today accused Prime Minister Nehru of India of failing to live up to his "moralistic pronouncements."

The Hong Kong Standard said in a lengthy editorial that Nehru offered only "a crumbling molehill of moral timidity" during the Hungarian revolt last November.

Nehru, stopping in Hong Kong on the way home from Japan, told the Indian community last night the world "is not really civilized today." He called for a suspension of nuclear weapon tests "completely without reservations."

The Standard conceded that Nehru's moralistic pronouncements "more than once have—to the good of all mankind—pricked the world's collective conscience."

But when it came to practicing morality during the Hungarian revolt, the paper said, "as the free world looked to Pandit Nehru for a mountain of courage, he offered instead a crumbling molehill of moral timidity, indicting his long-held international status as moralist and leader in man's struggle against tyranny."

BULL KILLS MAN MADRID, Spain (UP)—A 44-year-old man who jumped into a bullfighting ring to show his valor has become the fourth victim of the sport this year in Spain. Enrique Mondragon, who was badly gored at the village of Vall de Uso, died of his injuries Monday. Previously, two young Toreros were killed in the ring and an elderly attendant was killed when a bull jumped the fence into the narrow no-mans-land between the stands and ring.

News Censor Lift Sought

HAVANA (AP)—Cuban newspapers and magazines have appealed to President Fulgencio Batista to lift a tight censorship of the press but there's no indication that he is going to do anything about it soon.

He recently told representatives of the Inter-American Press Assn. that censorship was necessary because of the unstable internal security situation. He said he would lift it whenever that appeared to be in the national interest.

Censorship of press and radio was applied under the suspension of constitutional guarantees, effective until Oct. 30. The suspension may then be removed, or extended for another 45 days.

The Cuban press bloc has urged that the press again be permitted full freedom of expression and the right to inform all Cubans on all social, political, economic and other news developments.

Broadcaster Files Charge WASHINGTON (AP)—Radio broadcaster Fulton Lewis Jr. accused Mrs. Pearl A. Wanamaker, former superintendent of public instruction in Washington state, of malicious prosecution Tuesday.

In a petition filed in federal district court here, Lewis asked permission to file a counterclaim for \$150,000 against Mrs. Wanamaker. Mrs. Wanamaker has pending here a libel suit against Lewis asking damage of one million dollars.
