KF Police Seek Driver

City police took the car into custody Monday evening and they are now searching for the driver.

The officers noticed the vehicle go through a stop sign at the intersection of Commercial and Elm streets and overtook the machine to question the driver. He had no operator's license, the vehicle license was outdated, and the man was told to follow the police car to the station.

The officers started driving toward the station and went back to check when the other vehicle did not follow. A quick check proved that the driver had abandoned the car and made his escape across a vacant lot. Police added that the lights from the vehicle had blinded them when attempting to observe the car through the rear view mirror, and that the man had not been seen leaving the machine.

The car has been impounded and is registered to Irene Tabor of an unknown address. The missing man is described as about 6 feet tall, thin, and approximately 45 years of age.

A GOOD BUY!

We Have Made a Good Buy That We Are Passing On To Our Customers ---

Appliance dealers can sometimes make good buys from their factories at the end of a model year. A few days ago, our distributor phoned to tell us that the GE factory had just notified him that they had a few thousand 1957 colored washers and dryers available at very low, close out prices.

We bought 26 pairs of these washers and dryers for our four stores. The price was so good that we wanted more but this was our share. These washers and dryers will arrive in a few days and we will have 10 pair for sale in Klamath Falls. We will have three green pair, five pink pair, and two yellow pair.

The washer is the medium priced General Electric Filter-Flo model and the dryer is our matching Air Flo model. The washer and dryer were priced at \$499.90. We will offer these special purchase colored pairs at only \$396.00. This is a saving of \$103.90, or about 20% from our 1957 prices.

It is our policy to make good buys like this for our customers every chance we can. We will take orders on these washer and dryer pairs now, for delivery when they arrive, on a first come first served basis. We also have some of these washers and dryers in stock that are white that we bought earlier. We have the clearance price of \$439.90 on our white pairs. Although this is a saving of \$60 from the 1957 prices it is not nearly as good of a deal as the \$396.00 price on the colored pairs that are coming!
