

"From this report, young lady, it's evident you saw the movie and the TV version—but it's difficult to believe you read the book!"

### Senator Gore Gives Report On Red Plans For A-Plants

WASHINGTON (AP)—Sen. Gore (D-Tenn.) said today the Russians strong opposition from the Eisenhower administration. Gore contends such a program is essential because it is economically feasible for private utilities to pour large sums into such work now.

Gore, who returned yesterday from a European trip including five days in the Soviet Union, said he was not permitted to see either plant. But he added in an interview that he knew no reason to doubt the Russian claims. He said he was more determined than ever to push for strong U.S. moves to win the international atomic power race.

The Russian experts told him one of the plants would generate 420,000 kilowatts of electricity and the other plant 400,000, Gore reported. The completion date for both was set as 1960.

"We don't even have a 100,000 kilowatt plant in prospect before 1961," he commented. "And anything bigger than 200,000 kilowatts isn't even in the talking stage over here."

The senator, who serves on the Senate House Atomic Energy Committee, sponsored a bill last year for a 400-million-dollar program of government construction of reactors. It passed the Senate but was beaten in the House with

strong opposition from the Eisenhower administration. Gore contends such a program is essential because it is economically feasible for private utilities to pour large sums into such work now.

The Russian atomic experts impressed him as "skilled, confident, suave and maybe a mite confident," Gore said. He said his impression was the nation has "what we would call a strict wartime regimentation of the economy."

LOS ANGELES (AP)—Actress Marie Wilson, her cheeks wet with tears, reluctantly gave up her baby to the child's natural mother.

The unwed mother, pretty Linda Leabow, a 21-year-old UCLA coed, took a long look at her daughter yesterday and said softly: "Ah, baby—I love you."

Miss Wilson and her husband, television producer Bob Fallon, turned over 3½-month-old Christine at a doctor's office shortly after they decided not to fight to retain custody of the child.

The Fallons and Miss Leabow did not meet. The physician, Dr. Gilbert Jorgensen, took the baby from Miss Wilson's arms in one room, then placed her in the arms of Miss Leabow, waiting in an adjoining room.

Earlier, the Fallons issued a statement saying that they believed "further airing of this incident in court would only make a legal football out of an innocent baby and cause further grief to everyone concerned."

The mother had agreed before the child was born to give the Fallons custody, but she later changed her mind and said she would fight any adoption attempt.

After Christine had been turned over to her mother, Miss Wilson and Fallon returned to their Hollywood Hills home and to their previously adopted son, Gregson, 2. "We still want more children," Fallon said.

## Vote Held For School Study Group

The school boards and school committees of Klamath County had little difficulty electing a nine-member school reorganization study group which will view the schools and submit proposals relative to any recommended reorganizational plans.

Elected as members of the nine-person committee were Ray Garrison, south suburban area, Klamath Falls; Ed Robinson, Klamath Falls; Wyatt Padgett, Klamath Falls; Scott Warren, Algona; Ed Stasny, Malin; Orin Sample, Gilchrist; Dave Campbell, Bly; John Kerns, Keno and Elmer Lemler of Merrill.

Elected as alternates for the committee were Paul Fairclough, Henley, first alternate; Louis Randall, Bonanza, second alternate; Nelson Reed, Klamath Falls, third alternate; Letha Murphy, Klamath Falls, fourth alternate and Homer Clark, Keno, fifth alternate.

All members of both the committee and the alternate group are now required to submit written acceptance to the posts.

County Superintendent of Schools Carrol Howe, acting as secretary for the group, praised the school board members for having elected a committee which is representative of the entire county. He added that the reorganizational topic is not one to become apprehensive about, inasmuch as it will probably affect Klamath County to little or no extent.

Howe pointed out that the reorganizational bill approved by the last session of the Oregon Legislature was designed to reduce the number of school districts in counties where there are numerous smaller units, and that the action was not meant to alter the programs in counties such as Klamath where there are now only three well consolidated school districts.

He added that he has talked with other school superintendents within the state, and it is the general opinion of the superintendents that the county unit counties (those with a minimum number of school districts) should be exempt from provisions of the school reorganizational law.

In addition to Klamath County, other county unit counties are Hood River, Lincoln, Crook and Josephine. Howe said an attorney will be made to have the county unit counties exempt from provisions of the law at the next Legislature, and that the matter will be presented at the forthcoming special session if the opportunity presents itself.

### Pravda Tells War Danger

MOSCOW (AP)—Pravda declared Friday "the extremely grave situation" in Syria could lead to world war.

The Communist Party newspaper repeated Soviet charges that the United States is urging Turkey to attack Syria and added: "U.S. armed forces stand ready to push themselves into the armed conflict they are preparing. American imperialists and Turkish extremists . . . are playing a dangerous game."

Pravda said the Western press, particularly that in the United States, is trying to lull public opinion with reports the situation in Syria is returning to normal, in order to launch a surprise attack.

The Pravda article followed charges by Soviet Foreign Minister Andrei Gromyko in the United Nations. Gromyko asserted the Turkish general staff, aided by U.S. military advisers, planned an invasion of Syria immediately after the Turkish elections Oct. 27.

Gromyko's charge and his warning that the Soviet Union stood ready to suppress such aggression with its armed forces was published for the first time in the Soviet press Friday. He made the statement Wednesday.

### 'Trunk Murder' Mystery Solved

REDWOOD CITY, Calif. (AP)—Sheriff Earl B. Whitmore's office has solved the Half Moon Bay "trunk murder case."

John Dooley, 10, told police Sunday he saw a body being stuffed into the rear end of a car. After 40 hours of investigating, the sheriff's office learned yesterday: The body was that of a live high school student who wanted to avoid paying the 90-cent admission to hot rod drag races.

### DOG FOUND

City police advise that anyone missing a Weimaraner pup with a red collar and no tag can pick it up at the city dog pound. The police, picked up the dog Thursday night when it was noted darting in and out of traffic near the intersection of East Main and Applegate streets.

BEING PRESENTED a \$500 diamond wrist watch as a major prize winner in the Modernfold Door salesman contest in the Northwest, is Roy L. Townsend, left, of 1400 Lakeshore Drive. Townsend is a salesman for the McCollum Lumber Company Home Mart, a retail outlet for Modernfold Doors, which are manufactured in Indiana. Right is Marvin David of the Oregon Division of Modernfold.

### Textile-Union Chiefs Shifted

WASHINGTON (AP)—The corruption-tainted United Textile Workers Union rejuvined its leadership Friday in a move designed to avoid threatened ouster of the 40,000-member union from the AFL-CIO.

Lloyd Klener stepped out as the UTW secretary-treasurer. The union's executive board elected Francis K. Schaufelin of Lawrence, Mass., to succeed him.

In another change, Joseph Jacobs, who has been both the union's general counsel and its Southern director, was dropped from the latter post. Henceforth he will serve only as general counsel.

Klener, Jacobs and President Anthony Valente had all been criticized in testimony given before the Senate Rackets Investigating Committee. Valente, asked whether he was staying on as the union's president, told a reporter: "I hope so."

Valente said he and a UTW committee will appear before the AFL-CIO Executive Council next week to defend the union against a threatened ouster from the federation.

### JAPAN SEEKS AWARDS

TOKYO (UP)—Japan will claim \$138,000 from Britain for damages suffered by Japanese fishermen as a result of British nuclear tests in the South Pacific this summer, informed sources said today.

The sources said the claim was based on investigations conducted by the Japan Fishery Agency in cooperation with the Japan Tuna Fishing Association. The estimated damages were limited to those caused by detours and the shortened fishing period during the Christmas Island tests, the sources said.

### FULLY EQUIPPED?

PEORIA, Ill. (UP)—A used car dealer here has found that his coupe runneth over. He's advertising a 1957 Sputnik with only two small meteor dents for \$195.

### Obituary

KASPER Michael Uriah Kasper, 58, died here October 17. He was a native of Poland and a resident of this city for the past 34 years. He is survived by four sons, Robert, William, Donald, Olympe, Washington; John, Bossier City, Louisiana and James, Austin, Texas; five daughters, Katherine Collins and Eula Kasper, Klamath Falls; Jean Newman, Newmarket, England; Mary Kelly, Laramie, Wyoming; Martha Holdery, Good-year, Arizona and 20 grandchildren. Funeral arrangements will be announced later by Ward's Klamath Funeral Home.

PAYNE Bessie Payne, 74, a native of Lynn County, Oregon and a resident of this city for 25 years died here October 17. She is survived by a sister Mrs. Frankie Fernandez; a niece Mrs. Violet Mettaker; three nephews, Arthur Bostwick; Harvey Bostwick of Klamath Falls; and Delbert Crane of Baltimore, Maryland. Funeral services will be held in O'Hair's Memorial Chapel Saturday, October 19 at 10 a.m. Interment will be in Klamath Memorial Park.

### Funerals

DUNSMUIR — Iiram J. Derby, 66, died at his home Wednesday evening, October 16. A native of Shasta County and a Dunsmuir resident for many years, he was a retired Southern Pacific Company boilermaker. He is survived by his widow and a daughter, Mrs. Jack Bronner. Funeral services will be conducted by Dunsmuir Masonic Lodge No. 297, F and AM, at 2 p.m. Saturday at the Masonic Temple. Funeral arrangements are being handled by Noble's Chapel of Mount Shasta.

The Fallons and Miss Leabow did not meet. The physician, Dr. Gilbert Jorgensen, took the baby from Miss Wilson's arms in one room, then placed her in the arms of Miss Leabow, waiting in an adjoining room.

Earlier, the Fallons issued a statement saying that they believed "further airing of this incident in court would only make a legal football out of an innocent baby and cause further grief to everyone concerned."

The mother had agreed before the child was born to give the Fallons custody, but she later changed her mind and said she would fight any adoption attempt.

After Christine had been turned over to her mother, Miss Wilson and Fallon returned to their Hollywood Hills home and to their previously adopted son, Gregson, 2. "We still want more children," Fallon said.

### Burglars Hit Actor's Home

HOLLYWOOD (AP)—While actor Marlon Brando and his new bride, actress Anna Kashfi, were honeymooning, burglars entered his Hollywood Hills home and made off with items valued at \$3,000.

Brando told police yesterday that two cameras, a typewriter, some perfume and jewelry and a filing cabinet containing story material and personal letters were stolen.

He offered a \$1,000 reward for the return of the filing cabinet with its contents intact.

### Nevada Lists Gambling Take

CARSON CITY, Nev. (AP)—The so-called tight money market hasn't made itself felt on Nevada's legal gambling tables.

In fact, gambling house winnings during April, May and June, as reported to the State Tax Commission, indicate that somebody has more money than ever to spend.

Nevada casinos won 35 million dollars in these three months. That's \$1 million more than they won in the same period last year and only 4 million less than they took in during the record winning season of July-August-September 1956. Summer figures for 1957 are expected to set a new record.

State officials are at a loss to explain the ever-increasing gambling business.

You seldom hear of major individual losses any more. The last big one was \$50,000 lost by a man the night the plush hotel opened in Las Vegas last spring. In the late 40s, single losses up to \$50,000 were not infrequent.

"I guess there are just more \$5 and \$10 players who lose their money quick and go on their way," said one top gambling official.

Las Vegas accounted for about 60 per cent of the increased gambling take. Reno showed only a half-million-dollar increase compared with the \$1 million jump in Las Vegas.

### Storm Study Planes Halted

WASHINGTON (AP)—The Pentagon says three Air Force planes will be withdrawn from a hurricane research program because the craft are needed elsewhere, and because of lack of funds.

The planes are to be withdrawn from the project at West Palm Beach, Fla., by Nov. 15.

The project was started about 18 months ago in an effort to improve hurricane forecasting and to determine whether the storms could be directed away from populated areas.

The Defense Department said it had agreed to provide three planes from July 1-Oct. 31 for the 1956 and 1957 hurricane seasons, but that it had extended the date to Nov. 15.

The Pentagon comments came after the Palm Beach Times reported it had learned the planes were being stripped of intricate scientific equipment used in storm research.

### Arson Suspect

A short time following that the firemen extinguished a fire which had originated in the Cozy Hotel room. The Cozy Hotel fire was on September 29 and Chief Rowe said his investigation indicated that Hurley had been at the hotel a short time prior to the blaze outbreak.

Rowe said Hurley became a No. 1 suspect on October 7 when the firemen were called to extinguish an office fire at the Klamath Valley Hospital where Hurley was employed as a laboratory technician. Rowe said the blaze had been started by pouring acetone on the floor, one of the desks, and a filing cabinet.

"We were lucky on that one," Rowe said, "had we been a moment later the fire would have been moving out of control and our function would have been to move people out of the hospital rather than fight the fire."

A short time following the October 7 fire, Rowe intensified his investigation, and three days ago representatives of the state police arson squad were called into the case. Assisting Rowe in the investigation were the city police, state police, and Captain Tucker and Lieutenant Beers of the state arson squad.

Rowe said Hurley never admitted being implicated in the fire, but at one point during the investigation he said, "I could have done it but if I did I was blacked out at the time."

Sheriff Britton recalled that Hurley had insisted that he be able to write his wife a letter when being hooked in the jail Thursday night. "I told him the lights were out at the jail, that it was 11 o'clock, and that I would make arrangements for him to write the letter early Friday morning," Britton said.

Hurley apparently agreed with the suggestion and went to his cell without further requests.

Britton said investigation indicates that the man may have on two occasions been confined in Arizona mental institutions prior to coming to Klamath Falls.

District Attorney Richard C. Beesley added that an autopsy will be performed on Hurley shortly to determine if he was a suicide.

Beesley said that there is no doubt but that Hurley did take his own life, but "we must always confirm our suspicions."

### Fire Training Used By Girl

ALAMEDA, Idaho (AP)—An 8-year-old girl who did "just what they told me at school" avoided serious injury and possible death.

Kerry Lee Thurman was in the kitchen making soup for her father, C. G. Thurman, Kerry Lee reached into a cupboard and her dress caught fire from an electric range.

Later she strolled into another room and told her father, "Look daddy, I burned my dress. I got down and rolled."

Kerry Lee exhibited her burned dress, singed hair, two charred petticoats and a minor arm burn.

The third-grader was in school last week when Alameda firemen handed out junior fire marshal rings and advised children to roll instead of running should they catch fire.
