*Casually Yours
in Maple*

BY RUTH W. LEE, HOME-FURNISHINGS CONSULTANT

MODERN FURNITURE? Not at all. But contemporary, oh yes. American Provincial in mellow maple is available today, faithfully reproduced and well constructed, with all its tradition of gracious informality. It's flexible and versatile, too.

Storage chests (does anyone ever have enough storage space?) are suitable for use in any room. Chairs are at home almost anywhere—before the fire, beside the bed, or at the dining table. And those wonderful dining tables! They take up so little space when not in use—but raise one leaf, then two, and you've a comfortably large table for family meals.

Today—all over America women are discovering

No Feminine Hygiene Method Protects Like Zonitors

Gynecologist reports on new, easy, more positive method of Feminine Hygiene—provides continuous protection.

At last, science has developed a method of feminine hygiene a woman can use with confidence because it gives the germicidal protection of an antiseptic douche—but does it immediately and for a prolonged period—as no douche can. So quick and easy, this new method depends on remarkable vaginal suppositories, called Zonitors.

Once inserted, Zonitors dissolve gradually, coating tissues with a protective film which lasts for hours—and are ready to work instantly. Zonitors guard against—destroy odors completely, too—helping to maintain a high degree of comfort, convenience, safety and personal daintiness not possible with douches.

Zonitors' amazing effectiveness is due to one of the most potent antiseptic principles ever developed—the discovery of a prominent surgeon and chemist.

Doctor's Discovery—Hospital Proved!
Zonitors were thoroughly tested in a large Eastern hospital. The supervising gynecologist pronounced them unusually effective,

tive, yet safe and non-irritating. They are now available without prescription in local drugstores. Zonitors are greaseless and stainless—cost little for 12 dainty, snow white vaginal suppositories, individually packed to carry conveniently in a purse.

Shrinks Hemorrhoids New Way Without Surgery

Science Finds Healing
Substance That Relieves Pain
—Shrinks Hemorrhoids

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name of Preparation H®. Ask for it at all drug counters—money back guarantee.
