an important note to mothers!

Almost every child is born with perfect feet ... but few reach the age of 20 with feet so perfect. Why? There's nothing wrong with the design of children's shoes ... nor the quality (even inexpensive shoes are fine). The whole trouble boils down to the little three-letter word: fit.

We feel that the "fit" is so important that WE ASSUME THE RESPONSIBILITY and GUARANTEE, UNCONDITIONALLY, this fit. How is this possible? Because our entire staff is trained, and qualified, to fit your child's feet. We keep an accurate record of every pair of shoes your youngster wears from House of Shoes. We've over 5000 Klamath Basin youngsters on file to date.

In your child's earliest years, when his feet are growing by leaps and bounds, he may need a change of shoes every 6 or 7 weeks. Here, we feel it is sometimes important to reverse the preference of quality over quantity. How much you pay is often unimportant beside how often you pay. Yes, Mothers, we assume the responsibility of "fit" ... by complete knowledge of your child's needs and a complete stock of shoes (in all prices). Feel free to ask any questions you like about the proper shoe and size when you shop at House of Shoes.

Open till 9 weekdays,
