CZECH'S SEIZE TWO
VIENNA (UP)—Prague Radio announced Tuesday night the arrest of two "spies" who allegedly worked for Western intelligence services. The broadcast said Martin Schmitt and his wife of Prague were seized by Czech police on charges of spying for the British Secret Service.

Firing Of Jupiter Rocket Called Success By Army

MISSILE TEST CENTER, Cape Canaveral, Fla. (AP) — A Jupiter rocket soared skyward last night in a spectacular and successful test of the Army's intermediate range ballistic missile.

The missile, designed to travel 1,500 miles, was reported officially to have taken its prescribed course and landed in its preselected target area. It was the first time the Defense Department had identified a missile fired from here or had given an immediate report on the outcome of a test.

The Pentagon, however, would not reveal how far the Jupiter had traveled. A spokesman said that still is secret information.

The mighty missile trailed a long oval flame which lighted up the Cape Canaveral area. Minutes after the launching the Miami Herald, 200 miles to the south, was flooded with calls from residents who said they saw it pass overhead.

There still was no word on when the scheduled test of the Navy's Vanguard missile will take place. The three-stage rocket, intended to carry a U.S. earth satellite into space, is due for a tryout of its first-stage engine. High winds apparently have caused postponements of the test.

Yesterday's Jupiter test was the second of the day. A small missile was launched during daylight

hours but authorities have declined to give any information about it beyond that it was not the Vanguard. It began wobbling shortly after takeoff and apparently fell into the Atlantic.

As the huge Jupiter was about to be launched, searchlights shone brightly on it and a glow appeared around it. Seconds later it began a slow ascent, gathered speed, vanished momentarily in a cloud bank, then reappeared. It could be seen for about 2 1/2 minutes before it disappeared to the southeast.

In Washington, Defense Department officials indicated more information about missile tests and their results will be provided in the future. Murray Snyder, assistant secretary of defense for public affairs, said the missile test program here "has reached a stage where certain information may now be made public."

YOUR NEXT PLYMOUTH JUST TAMED THE TOUGHEST TEST TRACK ON EARTH!

That's the "track" scrawled across the map: 58,000 miles... more than twice around the world. Six years of driving crammed into 58 days by a brand-new 1958 Plymouth. Read below, see how it affects your future.

When you step into an auto showroom and plunk down hard-earned cash for a new car, you've got a right to more than just surface beauty. You've got a right to a car that's going to stand up under the punishment of day in, day out driving. A car that can go on delivering new-car comfort and economy season after season.

We designed the 1958 Plymouth to do just that. But we didn't settle for endurance in theory. We wanted proof.

See that route outlined above? It spells out "Plymouth '58" across 37 states. We ran a new Plymouth—one of the first stock production models to roll off the lines—across the route three times to roll up 58,000 miles in just 58 days. That's 1000 miles a day!

Here are just a few of the results. And even experienced automotive editors who were there

when the Plymouth braked to the final halt were impressed by the results of this extraordinary test.

- Total miles traveled: 58,000
- Total days elapsed: 58
- Number of brake applications: 37,551
- Number of wheel revolutions: 47,732,000
- Number of engine tune-ups: 6

And for all its punishment, the test Plymouth still rode, handled and looked like new. The figures above are just a few of the hundreds collected during this trip. Your Plymouth dealer will be glad to furnish you with lots more details.

You'll be able to see and drive this amazing new Plymouth in a very few days. Wait for it. It's going to show you how much you can expect in a low-price car. And you can expect it only in Plymouth for '58!
