

In The Day's News

By FRANK JENKINS
The big question as this is written:
What's happening to Zhukov?

The air is full of rumors. A French newspaper says Krushev wants the deposed defense minister and (former) head of the red army to sign a public confession of his sins against the communist party.

What did Zhukov do to get himself in the doghouse? Again we have to put two and two together and draw our own conclusions.

Another question: IF something has happened to Zhukov — WHY did it happen?

That one is easy. Krushev got scared of him and put him out of the way at the first opportunity.

U.S. defense note: Army Secretary Wilber Brucker says rapid development is being made in development of a missile to knock out any rocket fired at America.

If what he says is true, military history is repeating itself. Since the beginning of warfare, every new offensive weapon has called forth a new and eventually effective method of defense.

Leaping from the hazards of war to the hazards of peace, the National Safety Council gives out with some encouraging news.

The report gives the credit to MORE CAREFUL DRIVING. Maybe we're getting somewhere.

Suspect Held For Shooting

City police are holding Tom J. Alfred, 40-year-old Klamath Falls man, on charges of assault with a dangerous weapon in connection with the late Thursday night gunshot injury to James Nave, 49-year-old local man.

Nave was shot in the stomach at close range with a 12-gauge shotgun and is in critical condition at the Klamath Valley Hospital.

In a statement this morning Alfred gave the following account of events leading to the shooting.

Alfred said he was driving by his former residence at 520 Broad Street when he noted Nave's automobile parked in the driveway. Alfred and his wife were separated more than a month ago, and his wife is still living at the 520 Broad Street address.

Alfred told police he stopped and went into his sister's home next door, at 518 Broad. He said his sister called his estranged wife to ask that Nave remove his automobile. The estranged wife reportedly said that Nave was not there.

Knowland Denies Deal With Knight

SAN FRANCISCO (AP) — Sen. William F. Knowland (R-Calif.) said Friday that no deal was involved in the persistent reports that Gov. Goodwin Knight has decided to withdraw from the race against him for governor of California in the 1958 primaries next June.

The reports were that Knight now plans to seek the Senate seat Knowland is vacating in order to run for governor.

Knowland issued a statement saying if the reports were true then Knight was acting "on his own responsibility" and "there has been no commitment directly or indirectly on my part."

The charge of a deal came from Atty. Gen. Edmund G. Brown, who is seeking the Democratic gubernatorial nomination.

Scanning published reports Knight has decided to switch from the governor to the Senate race. Brown called it "a cynical deal engineered by a grasping reactionary with eyes fixed on the White House."

Brown has accused Knowland of seeking to use the governorship as a pawn in a bid for the presidency.

The Los Angeles and San Francisco published reports that Knight has decided to withdraw created fresh turmoil in the hectic political campaign.

Such a decision would, in effect, hand the Republican nomination for governor to Sen. William F. Knowland and spare the GOP a bitter intraparty battle in next June's primary.

Atty. Gen. Edmund G. Brown is unopposed on the Democratic ticket.

There was no direct confirmation from the 60-year-old governor. He left for a three-week rest Monday on doctor's orders after saying he still intended to seek reelection.

His press secretary, Tom Bright phoned the latest reports to Knight's secret retreat and quoted the governor as saying he had no comment.

Brown accepting the reports at face value, denounced Knight's asserted shift as "a cynical deal engineered by a grasping reactionary with eyes fixed on the White House."

"The governor was forced to change his mind," Brown continued. "He became the victim of a plot engineered by Knowland that tried to use the sources of his campaign funds and enticed away many of his big name supporters."

Knowland in the Republican contest, and Knight might like to close out his long political career without a defeat.

Weather FORECAST — Klamath Falls and vicinity: Fair through Saturday. Low Friday night 22-30; high Saturday 50-55.

Reports Say Zhukov Ousted By Soviet; Given Minor Job
BELGRADE, Yugoslavia (AP) — Diplomatic reports reaching Belgrade from Moscow today said that Marshal Georgi Zhukov has been expelled from the Soviet Communist party's Central Committee and its ruling Presidium—the party politburo.

Agreement By Syrians Ends Debate

UNITED NATIONS, N. Y. (AP) — The U. N. General Assembly ended Friday its bitter Middle East debate Friday after Syria agreed it would not press for action at this time.

The Syrian declaration was part of an agreed formula to shut off the discussion without a show-down on Syria's demand for U.N. inquiry and a rival proposal to have Secretary General Dag Hammarskjold step into the picture.

The key to the agreement was Syria's consent to let the matter rest without a vote on its resolution. The sponsors of the rival 7-nation resolution in turn agreed that they would not ask for a vote.

The end of the debate was preceded by these rapid-fire developments: 1. Indonesia, according to an advance arrangement, appealed to the sponsors of the two resolutions not to push for a vote.

2. Ambassador Hans Engen of Norway, speaking for the 7-nation proposal, told the Assembly his group was ready to comply if Syria would do so.

3. Syrian Foreign Minister Salah Bitar agreed. 4. Sir Leslie Munro of New Zealand, president of the Assembly, took note of their declarations and expressed confidence that the delegates would regard this "as a satisfactory outcome of the debate."

The issue was brought to the Assembly early this month by Syria, which charged that Turkey, with the support of the United States, was planning an attack on Syria.

The Soviet Union vigorously supported Syria.

Expert Tells Science Lag
CHICAGO (AP)—A ranking scientific manpower authority said today it will be months before the government can even begin to re-tool its scientific training programs to cope with "events of the past three weeks."

The three-week period cited by M. H. Trytten covers approximately the time in which Russia lotted its Sputnik and claimed to have perfected a hydrogen war-head for guided missiles.

Trytten added in a speech prepared for a scientific and engineering education conference: "We know, too, that in spite of all we can do in the next few years the shortage of high level researchers will remain and our relative supply in comparison to the Iron Curtain countries will become worse over the immediate future measured in years."

Trytten is director of the Office of Scientific Personnel of the National Academy of Sciences-National Research Council, Washington. The twin agencies are non-governmental but work closely with the government.

"The challenge which has broken upon us," Trytten said, "is so massive . . . that it will be months before the various new programs and the reorientation of old ones can be analyzed for their manpower requirements."

completely under the political leadership of the party," Moscow Radio broadcast the article on its home service. "A revolutionary army, being the strongest weapon of the dictatorship of the proletariat, must be completely under the political leadership of the party," the Peiping organ declared.

GROCCER ROY LIEN, far right, had nothing but a landslide of business throughout Thursday evening when the south suburban ghouls and goblins were making their trick-or-treat rounds. Lien operates Lien's Grocery at 3860 Summers Lane, and was the genial host to a steady stream of young spooks last night when the witches had their brooms in high gear.

DR. HARRY FREDRICKS

Kiwanis Club Chiefs Named

Dr. Harry J. Fredricks has been elected president of the Kiwanis Club for the coming year. Announcement of the new slate of officers was made at the regular meeting on Thursday at the Willard.

Robert Kent was named vice president, Bert C. Thomas, treasurer, and John Holzgang, secretary.

The nine man board of directors is composed of Phil Jackson, Frank Drew, Gene Favell, Eric Carlson, Harry Molator, Gus Vlahos, Ed Niles, Andy Silani and Richard Hicks.

Greer Drew is outgoing president. The new officers will be installed in December, and take office January 1.

GAITSKELL HEADS PARTY

LONDON (UPI)—Hugh Gaitskell will again lead the Labor opposition party in the next session of Parliament, it was announced Thursday night.

James Griffiths will be deputy leader and Herbert Bowden the chief whip. No other candidates had been proposed when nominations closed Thursday night.

KF Chamber Urges Kerbow To Support Boivin Measure

The Klamath County Chamber of Commerce has directed a wire to Representative John Kerbow asking that Kerbow do all possible to bring out of the House Tax Committee the Senate bill which is designed to take the state out of the property tax business.

The measure, tabbed Senate Bill 1, was approved by the Senate 29-1 Wednesday and was directed to the House Tax Committee. In essence, it would remove from the state the power to levy as much as a 6-mill property tax at any time when other revenue raising sources failed to raise the budgetary needs of the state.

The measure was introduced by Sen. Harry Boivin, a Klamath County Democrat, Republican Sen. Warren Gill of Lebanon, and Democratic Sen. G. D. Gleason of Multnomah County.

During the 1957 Legislature, Representative Kerbow was one of the key figures causing the bill to die on grounds that its passage would hamper the security of governmental bond sales.

The chamber telegram points out that Fred Paulus, chief deputy of the state treasury and bonding authority, has said it is his opinion that the passage of SB 1 would in no way affect the bonding security of the credit of the state.

The chamber telegram also points out that Blyth and Company of Portland, one of the major purchasers of state and municipal bonds, has expressed an opinion to the effect that bond measures would be regarded as no greater risk if SB 1 were put into effect.

In the message endorsing the passage of SB 1, the chamber further pointed out that the property taxes in Klamath County could be increased as much as 20 per cent if the state ever elected to assess a 6-mill property levy from the state level.

Senator Boivin has steadfastly maintained that the state should be taken out of the property tax business, and that the ability of the state to levy the 6-mill tax is one of the primary causes of the state general fund surplus which now exists.

Boivin contends that the amounts which compute the state tax to be raised by any of the income tax formulas or other measures, intentionally underestimate the amount to be raised to avoid the possibility of having to revert to a property tax. During the past session of the Legislature the Klamath senator introduced a similar bill which was known as SB 92.

In the wire to Kerbow the chamber stressed the fact that the bill should be taken out of committee so that members of the House could have an opportunity to vote on the measure. During Wednesday's 29-1 Senate passage of the measure, Sen. Monroe Sweetland was the only dissenting vote. He has previously maintained that passage of the bill would tend to reduce the security of state bonding measures.

Lakeview—Donald Lee Ferguson, 32, accomplice of Jesse Thurman Hibdon in the armed robbery of the Paisley Post Office and murderer of John Troy Lawson, 60, on October 10, was sentenced to life imprisonment in the state penitentiary this morning by Circuit Judge Charles H. Foster. Ferguson entered a plea of guilty to second degree murder on Wednesday and did not change his plea at his 10 a. m. hearing today.

He was represented by Robert L. Welch who was appointed by the court. Julian Herndon handled the prosecution for the state. Lake County Sheriff Tom Elliott and Deputy Lynn Jones left for Salem with Ferguson before noon. Hibdon is serving a life sentence in the Oregon penitentiary after his plea of guilty to second degree murder in October.

Tax Group Backs GOP Cut Plans

By PAUL W. HARVEY JR. SALEM (AP) — The Oregon Senate appeared Friday to favor wiping out the 51 per cent income tax increases passed by the 1955 and 1957 legislatures.

This Republican plan was approved late Thursday by the Senate Taxation Committee by a 5-4 vote. It would prevent collection of 60 million dollars of the 74 million that the Tax Commission estimates would be surplus at the end of the biennium on June 30, 1959.

It is a sharp contrast to Gov. Holmes' bill for a 10 per cent cut, which would cut taxes 18 million during the biennium.

The governor's plan was approved 33-26 Thursday by the House in almost a straight party line vote. The Republican minority in the House held out for a 25 per cent reduction.

But the Senate Taxation Committee amended the bill by approving a reduction even greater than 25 per cent.

Senate Republicans, having half the membership of the upper house, have the support of two Democrats. That gives them enough strength to put through their plan to roll back income taxes to the 1953 level.

The two Democrats are Sens. Ben Musa, The Dalles, a member of the Senate Taxation Committee; and Harry Boivin, Klamath Falls. Both joined in proposing the big tax cut.

Although the Democrats control the Senate Taxation Committee 5-4, they couldn't get the committee to approve the 10 per cent cut because Musa voted with the Republican members.

The Senate probably will vote on the amended bill early next week. However, there is a feeling (Continued on Page Four)

Four Soldiers Die In Wreck

ABERDEEN (AP) — Four young Ft. Lewis soldiers were killed shortly before dawn Friday when their speeding car rammed an oncoming truck in a heavy fog at the small town of Brady 15 miles east of here.

Sheriff's officers said the car went out of control on a curve while passing through Brady, sheared off a telephone pole and veered into the path of the west bound truck.

Three of the soldiers were killed outright. The fourth died less than two hours later in a hospital here. The State Patrol identified them as:

Pvt. Richard F. Upsyke, 21, driver. Pvt. Victor R. Campbell, 21, who was married only a month ago to an Aberdeen girl. Pvt. Leroy V. Garcia, 21. Pvt. James A. Hill, 20, who died at St. Josephs Hospital here. No hometowns were immediately available.

The patrol said the soldiers apparently were returning to Ft. Lewis after having spent the evening in Aberdeen. Milton Rose July, 35, Aberdeen, driver of the United Truck Lines truck, suffered minor leg and back injuries. The car was described as a total loss and the truck was damaged extensively.

Residents Of BC Ponder 'What Is Legal On Sabbath'
VANCOUVER, B. C. (AP) — With a Vancouver baseball team lined up for playing on Sunday and a New Westminster police commissioner charged for failing to go to church, British Columbians are pondering what is permitted on the Sabbath.

Lawyers say it depends where you live. Residents of nearby Vancouver Island are governed only by the federal Lord's Day Act, but those living on the mainland are covered by a 1625 English Sunday Observance Act as well.

Eisenhower's First 'Booster' Talk Slated

WASHINGTON (AP) — President Eisenhower will deliver in Oklahoma City Nov. 13 the first of his planned series of speeches intended to bolster the nation's confidence in American scientific achievements and national defense.

The topic of the Oklahoma speech, a half hour address at 10:30 p. m. EST, will be "Science and Security."

The White House released Friday an exchange of telegrams between the President and Gov. Raymond Gary in which Eisenhower accepted an invitation to make the speech in Oklahoma City in connection with the state's semi-centennial celebration. The occasion marks the 50th anniversary of the state's admission to the Union.

The theme of the semi-centennial, which began in June and continues to Nov. 16, is "Arrows to Atoms."

On the latter date the University of Oklahoma football, undefeated in 45 games, will host Notre Dame. The presidential address will be carried by all major national radio and television networks.

The presidential address is one of a number the chief executive promised when he addressed the National Fund for Medical Education in New York City Oct. 21. The objective was listed as an effort to strengthen American confidence in the nation's scientific advances, national defense, economic strength, and foreign policy.

Eisenhower plans to fly to Oklahoma City around midday on Nov. 13. He will return to Washington either that night or the following day.

Bond Election Polls Listed

Below listed are the corrected polling places for the Tuesday, November 5, South Suburban Sanitation District bond election. The voting will be between 8 a. m. and 8 p. m.

The North Shasta and East Shasta precincts will vote at Shasta School, 1951 Madison Street.

The Shasta, West Shasta and South Shasta precincts will vote at the Peace Memorial Presbyterian Church, 4431 Sixth Street.

The South Homedale and Pine Grove precincts will vote at Peterson School on Bristol Avenue.

The North Homedale and East Homedale precincts will vote at the South Suburban Fire Station, corner of Gettler and Crosby streets.

The South Enterprise, North Enterprise, South Altamont and North Altamont precincts will vote at the First Church of God at the intersection of Altamont and Delaware.

Employees Cut At U.S. Lab
LEXINGTON, Mass. (AP) — The Lincoln Laboratory—creator for U. S. air defense research and development—has released 160 persons, some of them scientists and engineers, it was disclosed Thursday night.

The laboratory has about 2,000 employees, about a third of them scientists and engineers engaged in top-secret work.

In those affected by the order received notices that their services will not be needed after Feb. 1. They were told they are free to seek other employment.

Allen S. Richmond, public information officer, said cuts in Defense Department appropriations was only one of a number of factors considered when the decision to make cuts was made.

ISRAEL ENDS PROJECT
JERUSALEM, Israel (UPI)—The draining of the marshes around Lake Huleh—one of Israel's greatest engineering feats—has been completed, it was announced today. The job, which took six years, eliminated the last breeding ground in Israel of malaria-carrying mosquitoes. The land is to be used for growing rice and sugar cane.
