Russ Claims Huge Airliner

WASHINGTON (UP) — Russia claimed today to have a giant turbo-prop airliner that can carry 200 passengers at 600 miles an hour.

There is some suspicion the Soviets may have in mind using such a giant for flights to the United States if current American-Russian negotiations produce an agreement for reciprocal air service between the two nations. Russia has suggested such an agreement.

The Soviet plane would not necessarily be any bigger than some U.S. planes already in use or in production. Aviation sources said large jet airliners like the new Boeing 707 and Douglas DC8 are being planned to accommodate 150 passengers. But if some of the roominess was eliminated by adding more seats, they could carry 200 persons easily.

The Russian claim for the plane was carried in the latest issue of Russia's English-language monthly propaganda magazine "U.S.S.R." published in the U.S. The magazine was filled with picture-word stories about progress made in Russia during the 40 years since the Bolshevik revolution of Nov. 7, 1917.

Among the achievements cited by Russia's technicians was the TU104A jet airliner, which carries 70 passengers. The magazine said this is only one of several new types manufactured by Soviet industry.

"Among the new turbo-prop planes is an airliner that carries 200 passengers and cruises at 600 miles per hour," the magazine said.

It also boasted of Russia's atomic ice breaker now being built. It said the vessel "will soon be launched."

Bandits Take 'Big Treat'

LYMAN, S. C. (AP)—A supermarket manager was robbed of about \$20,000 last night by two Halloween-masked gunmen who bound and slugged him before fleeing in his car.

Robert Littlejohn said he was just closing the Community Cash supermarket when two white men, both wearing robe-type Halloween costumes, accosted him.

"Hello, fellows, you playing trick or treat?" Littlejohn asked.

"This ain't going to be no treat!" the manager said both replied as they drew .33 caliber pistols. He said they ordered him to hand over a bag containing the night's receipts.

Littlejohn said they forced him to open the supermarket and then remove the contents of a safe. The manager, who estimated the total receipts at about \$20,000, said the pair bound him and knocked him out before fleeing in his car.

When he regained consciousness Littlejohn said he reported the incident to police.

He told officers that the car headed north from here.

Three Enlisted Men Held For Forging U.S. Checks

WASHINGTON (AP)—Government agents have disclosed the arrest of three Air Force enlisted men in connection with the forging and cashing of at least \$100,000 in Air Force checks in 1955-56.

Secret Service chief U. E. Baughman yesterday listed two of the men as S.Sgt. Charles A. Evans, 27, of Dyersburg, Tenn., and T.Sgt. Theodore Barry, 28, of Louisville, Ky. Barry's real name was given as Theodore Goldberg.

The Secret Service office in San Francisco last night announced the arrest of a third man in the case, Airman 2.C. James R. Hoyle 21. Hoyle's address was not given. Baughman said Evans and Barry were stationed at Parks Air Force Base near Livermore, Calif. when the alleged forgeries occurred. Presumably Hoyle also was stationed at Parks.

Barry was quoted as saying he opened a restaurant in Livermore in August 1956 to make check cashing easier, and he said \$10,000 was lost in the operation of the restaurant.

The Secret Service said Evans worked in the finance office at the base handling paychecks, and that he cashed a few checks with forged endorsements.

In a statement to agents, Barry said Evans suggested that he go in on the deal, and that a few months later Evans began making up phony payrolls, with up to 150 names.

Barry said Evans would give him the checks to cash. The Secret Service said Evans confessed. In San Francisco, the Secret Service said Airman Hoyle admitted he signed the name of a fictitious payee to nearly 100 checks and was paid \$2 to 10 per cent in each case.

Authorities said Barry then would cash the checks through the Livermore restaurant.

The Secret Service went into the case after authorities noticed evidence of irregularities at Parks. Barry was arrested at Denver Oct. 2 and is being held under \$5,000 bond. Evans was brought back from Japanese duty and arrested Oct. 21 in Denver. He is under \$1,000 bond.

Hoyle's status was not immediately known. Auditors now are going over 400,000 checks issued at Parks while Barry and Evans were stationed there. Until that audit is completed, the Secret Service says it cannot determine the total amount involved.

Garcia Seeks Vote Support

MANILA (AP)—A politician with a bent for poetry and chess, Carlos P. Garcia is asking Filipinos to endorse his seven months as their president and elect him to a four-year term.

As of today, it looks as if the voters will do it. The election is Nov. 12. Eight months ago Garcia hardly rated a second look as a politician. Short, dark and soft-spoken, he was vice president under Ramon Magaysay. It seemed doubtful that the Nacionalista party, in renominating that popular chief executive, would bother to pick up Garcia's option.

Then Magaysay died in a plane crash and Garcia became president. He played a strong hand in July's nominating convention and won a first ballot nomination. He has lost some support but has kept the party machine behind him.

He is in the midst of the most expensive campaign this 11-year-old republic has had. Newspapers and radios are saturated with political propaganda. The 7,300,000 voters are being bombarded with promises from all sides—more roads and irrigation ditches, a sound economy, an end to corruption, more U. S. aid.

Garcia has four opponents. Jose Yulo—Liberal—and Manuel P. Manahan—Progressive—seem the ones to reckon with. Little chance is conceded Claro M. Recto and Antonio Quirino.

Ike To Attend Class Reunion

WASHINGTON (AP)—President Eisenhower travels to West Point, N. Y., today for a reunion at the military academy with some of his 1916 classmates. He also will see Army's football team play Colgate tomorrow.

The President and Mrs. Eisenhower arranged to take off in mid-afternoon aboard his private plane, Columbine III. After a scheduled 90-minute flight to Stewart Air Force Base, they go by automobile to the nearby academy and stay overnight at the Thayer Hotel.

This is Eisenhower's first trip back to his alma mater since June 1955, when he returned for the 40th reunion of his graduation class and also delivered that year's commencement address.

Tonight the Eisenhowers plan a quiet dinner in their hotel suite, probably with a small group of friends.

Tomorrow morning the President and about 30 of his classmates—approximately one third of those still living—will assemble on the West Point parade grounds for presentation of a class gift, a drinking fountain, to the academy.

After that ceremony Eisenhower will review the corps of cadets.

The President will go from the parade grounds to Cullum Hall where he and Mrs. Eisenhower will join his classmates and their wives for lunch in advance of the Army-Colgate football game at Mitchie Stadium.

The President and Mrs. Eisenhower plan to fly back to Washington after tomorrow's game.
