eration "Cool Dip," a First Marine Division cold weather landing exercise on Kodiak Island in the Alaskan Gulf during October. Plans call for the division units to return to Camp Pendleton, California, in mid-November.

### Nixon's Area May Be First To Have Negro Residents

ATLANTA (AP)—A member of a Georgia organization formed to resettle Negroes in exclusive Northern white neighborhoods says Vice President Richard Nixon may be the group's first target. But the founder of the group, American Resettlement Foundation, Inc., said any such report was entirely without foundation. State Welfare Director Alan Kemper, a charter member of the foundation, was asked about the Nixon report yesterday, and replied: "I would say Nixon is a pretty good candidate." He declined, however, to be more specific. State Rep. A. A. Fowler Jr. of Douglasville, founder of the organization, told The Associated

Press there was nothing to the report. "It is absolutely without foundation," Fowler declared. Kemper said a Negro family, preferably a large one, will be moved into a swank Northern white residential area by Christmas and that Fowler had obtained an option on a house in the \$75,000 class in what he described as one of the outstanding cities in the United States. Reports had located the house in the Wesley Heights area of northwest Washington where the Nixons live and had identified the owner as Mrs. Mary H. Renshaw. A check made by the Washington Post and Times Herald revealed that Mrs. Renshaw was out of town. Reached by telephone in Douglasville late last night, Fowler had this to say about the report: "I haven't said anything about any house anywhere except to say we have an option on a house in a major American city into which we hope to move a worthy and qualified Negro family by Christmas."

### Discussion Held At Meet

A large group of American Association of University Women members and guests met for a dinner meeting on October 28, at Reames Golf Club. Ruth Lobaugh, music chairman, presented Don Hallick, senior at Klamath Union High School, who played a saxophone solo. Mildred Lowden acted as moderator for a panel which consisted of Dr. Dean Brooks, superintendent of the Oregon State Hospital; Muriel Young, mental health nursing consultant, State Board of Health; Dr. Seth Kerron, Klamath County health officer; and Mrs. Paul Sharp and William Holford, Klamath Falls physicians. Dr. Brooks and Miss Young presented their views on problems and responsibilities that are faced by the state regarding the mentally ill. Drs. Sharp and Holford spoke on the mentally ill and our responsibilities to them based on local and family level. A question and answer period followed the discussion.

### Basin Pupils Receive Honor

OREGON STATE COLLEGE — Loren D. Meeker, Klamath Falls and James Patrick Madden, Malin were among 49 Oregon State College juniors to be singled out this fall to receive "junior honors" for outstanding scholastic achievement. Junior honors are awarded to students who made a B plus average or better during the three quarters of their sophomore year. President A. L. Strand presented certificates of achievement to the 49 students who qualified for the recognition. Sponsored by Phi Kappa Phi, national scholastic honor society, junior honors rate as the top sophomore scholarship recognition at OSC. Meeker is the son of Mr. and Mrs. L. F. Meeker of 2603 Altamont Drive. A 1950 graduate of Bonanza High School, he is majoring in science. Madden is the son of Mr. and Mrs. John J. Madden of Malin. A 1953 graduate of Malin High School, he is majoring in agriculture.

In a later telephone talk with the Post and Times Herald, Fowler amplified his earlier statement. "I have nothing to do with the Washington rumor," the Washington paper quoted him. "My contact is in another place. In fact, I have negotiations going on in several cities. Many volunteers have written me offering property. We hope to have a wholesome Georgia family located in a Northern city before Christmas." Fowler made a statement along these same lines in an address Wednesday at Augusta, Ga. Later the Augusta Herald said it had learned from a source close to Fowler that the house is near the Nixon home. Fowler said the foundation has several transactions in various cities in the process of being completed, but he reiterated he could not be more specific at this time. "We have many volunteers helping us all over the country," Fowler said. "They are helping locate and lease homes and to raise money. They feel, as I do, that it is time for the race question to stop being played with as a political football." The foundation for moving Negroes into white sections of Northern cities was formed by Fowler, Kemper and Roy Harris of Augusta. Harris recently was elected president of the Georgia States Rights Council, a group of segregationists. The foundation was granted a 35-year charter by Fulton County (Atlanta) Superior Court Judge Luther Alverson Oct. 11. Four days later, Fowler said, the first group of 5,000 letters were mailed out asking for contributions. He said the letters went mostly to Southerners, but also were sent to persons in the North, East and West who previously had expressed interest in the plan. Fowler said last night that "quite a bit of money has come in and more is coming in every day." But, he said, "I've been traveling so much I have no idea of the amount."
