Give the United Way

Now Here's  **an Idea!**

by Brad Lawrence

INTERLOCKING PANELS: Designed for easy do-it-yourself installation, these interlocking, multicolored plastic wall panels come in 1' x 8' and 1' x 4½" sections. The striated panels lock neatly together much like tongue-and-groove wood paneling, and they won't chip, buckle, or crack. About \$3.12 per 1' x 8' panel. Cernak Tile, 4901 Brookpark Road, Cleveland, O.

MAKES YOUR WINDOWS TILT: Like to be able to make your windows tilt inward for draft-free, rainproof ventilation and for safe, easy cleaning from inside? New conversion hardware which you can install yourself on any double-hung window allows you to tilt both sashes in at any angle you choose, but they still go up and down as usual, too. Gilbert Corp., 6140 Germantown Ave., Philadelphia 44, Pa.

VACUUM CLEANS BLINDS: Slip this new attachment over the hose of any popular vacuum cleaner and it simplifies the job of dusting venetian blinds. As the soft, deep-pile fabric cleans both sides of the slats at the same time, dust is sucked into the hose without scattering. \$3.70. W & W Mfg. Co., Grandview, Mo.

CHROME SAFETY TAPE: Instead of the usual red reflective tape for your car, this new kind looks like chrome by day but vividly reflects headlights by night. It has a pattern of diagonal lines which light up under approaching headlights. The one-inch-wide tape sticks at a touch to metal, and to glass or painted wood as well. 98c. *Minnesota Mining and Mfg., 900 Bush St., St. Paul 6, Minn.*

ROLL IT ON: Tiling a floor? You can apply a new kind of adhesive simply and speedily from a standing position. Spread with a special roller, it's said to cover twice as much area as conventional trowel-on adhesives—up to 300 sq. ft. per gallon. You can use it with asphalt and vinyl-asbestos tile on felt, wood, and concrete floors. *Mastic Tile Corp., Box 986, Newburgh, N. Y.*

PLEATS YOUR DRAPES: New plastic shells make it simple to form top-to-bottom folds in drapes in a few minutes. They eliminate bulky gathers and permanent dust-collecting pleats, and they can be removed quickly, converting the drapes back to flat material for easy cleaning. Ten shells, enough for 6 feet of drapery. \$2.49. *Hudson Enterprises, 840 N. Broadway, Escondido, Calif.*

VARIABLE-FOCUS MOVIES: Now you can get an 8-mm movie projector with the first variable-focus lens that lets you vary picture size without moving either projector or screen. By rotating the front of the lens, you can enlarge the picture to fill the screen even when projector and screen are only a few feet apart. **Bell & Howell, 7100 McCormick Road, Chicago 45, Ill.**
