

Man Invades TV Program

NEW YORK (AP) — Viewers watching The \$64,000 Challenge TV quiz last night were startled to hear themselves challenged.

In the midst of the program, a man later identified by police as Richard Fichter, 34, of Route 1, Springfield, Pa., walked in front of a camera and read from a prepared statement: "America, I have a challenge. The Russians are ahead of you."

Fichter got no further. The camera swung away from him, he was grabbed by the stage director and was ushered into the wings after his brief performance.

The director, Seymour Robbie, said later he saw Fichter walk into a television area that included three contestants and a master of ceremonies but thought he was a CBS employe. As soon as Fichter began to read, Robbie shouted through an intercom system: "Remove him."

Fichter was taken by police to Bellevue Hospital, where he was admitted to the psychiatric ward. Police refused to divulge the contents of his statement. They said it was headed: "\$64,000 Challenge as Prepared by Richard Fichter."

Legitimately on stage at the time were the M. C., Ralph Story, and three contestants, Teddy Nadler, Norman Fruman and Barry Simmons. All three had already won \$4,000 and Story was asking Fruman the \$8,000 question when Fichter appeared.

Frumman, a comic book writer from the Bronx, finally answered the question correctly.

The three contestants were involved in an elimination match in the "general knowledge" quiz category. Nadler, a former civil service clerk from St. Louis, and Simmons, a 20-year-old New York City public relations man, will have a chance next week to draw even again with Fruman.

Storm Heads For Formosa

TAIPEI, Formosa (AP)—Typhoon Lola whirled toward Formosa today as storm-lashed Guam went about cleanup and repair operations.

The typhoon's center winds slowed from 200 to 150 miles an hour as Lola moved northwestward at seven to nine miles an hour.

The eye of the storm at mid-afternoon was about 1,000 miles southeast of Taipei. The island would be struck in about five days if the typhoon continued on its present course and at the present speed.

Guam was raked Friday night and property damage was estimated at more than a million dollars. There were no casualties. The U.S. Navy's biggest loss was half a million dollars worth of electronics equipment.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEREETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath).
