

Marine Gets Beating Rap

YOKOSUKA, Japan (AP) — One Texas Marine was convicted and one acquitted by a U.S. Navy court-martial today on charges of roughing up American sailors in a brig at Sasebo naval base.

Cpl. James T. Ray, 21, Texas City, was sentenced to 15 days at hard labor without confinement, forfeiture of \$30 pay, and reduction in rank to private first class for punching a prisoner in the stomach. He was found innocent of a second charge filed by another sailor.

Sgt. Bobby Phillips, 22, Tyler, was cleared of a similar charge of striking a sailor.

Ray's sentence is subject to review.

The Texas Leathernecks are among 16 Marines being court-martialed for alleged brutality at the south Japan base. So far three have been convicted and two acquitted.

Ray was convicted on testimony of Seaman Donald Cherry, 21, Chicago, Cherry, who was convicted for using marijuana and heroin aboard ship, told of being punched "a definite blow" in the stomach by Ray.

Phillips was cleared of a charge of punching Curtis Tisdell, 22, Houston, Tex. Another Marine, Sgt. Robert J. Irvin, Newark, N.J., told the court Phillips was not on duty at the time.

COMPOSER OF "Blue Suede Shoes," Carl Perkins, will appear Thanksgiving night in the old armory with his band. Perkins will be featured with Johnny Cash and his Grand Ole Opry unit in a dance and show. Also appearing on the program will be singer Don Deal. The show is a Baldy Evans presentation.

Trial Opens For Ex-FBI Man Accused Of Acting For Trujillo

WASHINGTON (AP) — The government called witnesses Tuesday in an effort to prove that former FBI Agent John Joseph Frank acted illegally as an agent for Generalissimo Rafael Trujillo.

Trial of Frank, charged with failing to register as an agent for the Dominican Republic's strong man, went into its second day. Opposing attorneys estimated it may last two weeks.

FBI Agent Fred C. Woodcock told the federal district court jury Monday that Frank told him he had acted as a security adviser for Trujillo on three occasions. But he said Frank took the position that this did not make it necessary for him to register as an agent of a foreign principal.

Woodcock said Frank told of setting up security precautions for a Trujillo visit to Spain in 1944, a visit to Kansas City in 1955 and for a Dominican fair in December 1955.

In an opening statement Monday, Chief Prosecutor William G. Hundley said the government would show that Frank made a personal investigation of the New York activities of Dr. Jesus Maria De Galindez and Nicholas Silfa.

De Galindez, a Columbia University professor, disappeared from New York City in March. Both he and Silfa have been identified as critics of the Trujillo regime.

Hundley told the jury the government also would prove that

Frank worked with Gerald J. Murphy, Eugene, Ore., 23-year-old pilot who vanished in the Dominican capital last Dec. 3.

An official Dominican explanation said he had been killed by another pilot who later committed suicide. Strong doubts of the story have been voiced by Murphy's family and others.

Some reports said Murphy spoke

of having some knowledge of the circumstances surrounding the disappearance of De Galindez before Murphy himself vanished.

Hundley said the government also would prove that Frank worked with Murphy, and rented an airplane that was flown to the Dominican Republic. Hundley did not say who piloted the plane or who flew in it.

Woodcock testified that Frank

Frank, 52, now a Washington attorney, also once was a lawyer for the supersecret Central Intelligence Agency.

Regime Eyes Plot By U.S.

JAKARTA, Indonesia (AP) — A spokesman today said the Indonesian government is studying documents purporting to link the U.S. Embassy in Jakarta with a plot to overthrow President Sukarno's regime.

The official, Foreign Ministry Secretary General Suwito Kusumowidagodo, did not say from whom the documents were obtained or if they were believed genuine.

However, Indonesian newspapers for several days have been playing up a Communist Chinese report that vandals who raided the U.S. Embassy on Formosa obtained photostats of messages showing the Jakarta embassy was involved in a plot against Sukarno.

There was no comment from the American Embassy.
