

Truck Driver Loses License

YREKA, Calif. (AP) — The driver of the runaway truck that killed two men in Dunsuir last July was placed on probation Tuesday for three years.

The driver, Buel Kinchloe, was told to surrender his chauffeur's license and instructed not to drive a truck during the period of probation. He may drive an automobile.

Judge James M. Allen of superior court said he did not order a jail term because "I think his health is such that he might die in jail."

Kinchloe collapsed twice at the start of his trial Oct. 29 and was in the hospital for a long period. After the charge was reduced from felony manslaughter to a misdemeanor status he pleaded guilty.

The Tucson, Ariz., man's big truck-trailer, carrying 76,000 pounds of plywood from Albany, Ore., to Tucson, got out of control on a long downgrade into Dunsuir. It sideswiped 12 cars in town, knocked the fronts off four buildings, and overturned.

The ICC in Washington, D.C., Tuesday said the truck's brakes had failed completely, and added, "This accident serves to demonstrate the effect of inadequate maintenance at its worst."

The ICC said Kinchloe had been stopped not long before the accident and told to repair a missing brake drum. The ICC said it appeared the vehicle had brakes on only five of its ten wheels.

The ICC also said, "The driver involved did not possess the minimum physical and experience qualifications required of drivers of vehicles in interstate commerce."

Large Hoffa Fund Reported

CHICAGO (AP) — The Tribune said today that a legal defense fund which may reach two million dollars is being raised by officials of the International Brotherhood of Teamsters for the use of James R. Hoffa, the union's president-elect, and other teamster officers.

The Tribune said this was disclosed by Harold J. Gibbons of St. Louis, a Teamster international vice president.

Gibbons, who was not immediately available to confirm the Tribune story, was quoted as saying he hoped to receive \$1,000 contributions from 2,000 union officers in 800 Teamster locals throughout the country and in Canada.

"This money could be used by Hoffa and any other Teamster who finds himself in trouble with the federal government and the Senate investigating committee," the Tribune quoted Gibbons.

Jones, dean of administration of the University of Oregon, who spoke on "What The Future Holds For Youth." Talks by two local high school youths who attended a Y Youth Conference in Ohio and slides of the Y summer camp were also presented.

P.T.A. NEWS

SHASTA
By Mrs. Laddie Tofell
Shasta School had something new this year. When plans were discussed at the last PTA meeting for the PTA annual fund raising project the budget committee reported there were enough funds on hand to handle this year's budget. Rather than miss one of the schools "family get-together" nights, it was suggested the project be carried out as planned, with one exception, everything free. So it was born—"Free Fun Night."

The children took readable funny books and white elephants to school to be used as prizes. A committee, headed by Mrs. J. M. Woodward, worked out the details, including a potluck dinner to start the evening.

The dinner, featuring meat dishes, salads, rolls, pies, punch and coffee, was served at 6:30 in the school cafeteria. Mrs. Robert Payne and Mrs. Melvin McCollum decorated the tables with pretty fall arrangements. The kitchen committee included Mrs. E. L. Fishback, Mrs. Lloyd Crank, Mrs. James Brown, Mrs. Floyd Buck and Mrs. James Kufner. Mrs. Driesen, Mrs. Clawson and Mrs. Brown served coffee and punch at the tables. Mrs. Alm and Mrs. Raymond Tice helped clean up.

The adults played a game after dinner winning the white elephants for prizes. J. M. Woodward, Mrs. Roy Buckingham and Mrs. Gladys Morrison ran the game. The children played free games in the gym winning comic books and other prizes. Others helping were Mrs. R. O. Peterson, Mrs. John

Vaughn, Mrs. Dan McAuliffe, Mrs. Leslie Dunn, and Mr. and Mrs. Laddie Tofell.

The free prize was won by Mrs. R. O. Peterson.

HOME REMEDY
CLEVELAND (UP)—When police found a 30 gallon drum used for making whisky in Walter Thomas' basement, a pint of moonshine in his icebox and several empty jugs that smelled suspicious, they fined him \$200 and costs and put him on probation. Thomas denied the moonshine was for sale, said he was just brewing medicine to cure a friend's five children of Asian flu and attempted to prove it with testimony by the friend that her children were cured the next day.

Solon Urges Lower Taxes

WASHINGTON (AP) — Sen. Clark (D-Pa.) Wednesday urged lower taxes on small business as a means of reducing small business failures.

Clark said he is confident that some action will be taken in the coming session of Congress to provide small business relief.

The senator's remarks were made in a statement submitted to a hearing before the House Select Committee on Small Business.

Clark now is vacationing in Italy. Upon his return to the United States Dec. 4, Clark will begin Senate subcommittee hearings on housing in Portland, Maine, Philadelphia and Pittsburgh.

Clark's statement Wednesday noted that the federal tax rate in business now is 30 per cent of all taxable income and another 22 per cent of income in excess of \$25,000.

"This seems to me to be backward," he said. "I would like to see the lower portions of income taxed at the lower rate, with adjustments in the upper bracket or brackets of the graduated scale as may be necessary to avoid loss of federal revenue."

Congress took no action on similar proposals at the last session.

Clark said that in addition, small business must have access to new channels of credit and capital.

But he emphasized that although credit of all kinds is necessary, "loans can never take the place of earnings as a source for business expansion."
