## DO IT YOURSELF

DENISON, Tex. (AP)—Bob Tate, who never has ridden in a real airplane, soars up to 50 feet in a craft he built for \$5.50. He calls the invention, made of discarded TV antenna pipe and plywood, a "giro-glider."

Tate directs it to either side or up and down while an auto tows it on a cable. He's been up 14 times. "Balance is everything," he says. "A shift in your weight and you're in trouble."
