Labor, Management Leaders Urge Better News Coverage

NEW ORLEANS — George M. Harrison, vice president of AFL-CIO, today accused the nation's editors of unfairness to labor in their coverage of the McClellan committee.

"I say that the newspapers have failed to point out that the dishonesty and racketeering revealed before the McClellan committee have involved just as many businessmen as labor leaders," Harrison said in a speech prepared for delivery to the Associated Press Managing Editors Assn.

"For every labor man who took a bribe or a kickback there was a businessman who gave it," Harrison, who also is president of the Brotherhood of Railway Clerks, said that the committee of Sen. John McClellan (D-Ark) was set up to investigate labor and management but "you'll find most newspapers have put the emphasis on the misdeeds of labor."

"You can probably guess that I don't think we've had a fair shake," Harrison added, "and that, incidentally, is all we ever ask, a fair shake."

Another request for fuller coverage came from management, in a speech prepared for delivery by Lamont du Pont Copeland, vice president and chairman of the Finance Committee of E. I. du Pont de Nemours & Co.

"There is good reason to doubt that the public understands as

High Winds Cause Damage In California

LOS ANGELES — Devastating winds dashed out of the desert with hurricane speed yesterday, whistled through metropolitan Los Angeles on a wrecking spree, and fanned a monstrous forest fire that was still running wild today.

The Forest Service said the fire, burning northeast of here in the Angeles National Forest, might cover as much as 25,000 acres. It had burned about 18,000.

Police and sheriff's switchboards around Los Angeles and in many other parts of Southern California were jammed with reports of damage caused by the shrieking winds.

Houses were wrecked, hundreds of trees were blown down, power lines were knocked out and a number of injuries were reported. There were no known deaths.

The forest fire started yesterday when a camp fire got away from a prison crew working on a highway west of Crystal Lake, about 25 miles north of Azusa.

The fire had moved 22 miles early today. At times it was whistling along at the rate of 200 feet a minute, fanned by winds that hit 100 miles an hour in gusts.

Dave Waite, Angeles Forest fire prevention officer, said the blaze was burning only a couple of miles north of the town of Monrovia in the San Gabriel Mountain foothills. County Fire Chief Keith Klinger said other communities in danger included Azusa, Duarte, East Pasadena and Sierra Madre. All are northwest of Los Angeles.

Waite said the famous observatory atop Mt. Wilson was in "serious danger," as were half a dozen or so Los Angeles television transmitters on the mountaintop. The crews manning these facilities were alerted for possible evacuation.

Waite said about 100 summer homes in Big Santa Anita Canyon were threatened. Four or five families occupying homes in the area were told they might have to leave.

A hundred children at Camp Hi-Hill, a Long Beach city school facility, were evacuated by bus.

KIDS IN RUNAWAY CAR
 WAYCROSS, Ga. (UP) — Five small children rode a runaway car at speeds up to 45 miles an hour Thursday. The car, running in reverse, finally backed into a tree. The children escaped unharmed.

UFO SIGHTED

CHEROKEE, Ala. (UP) — High school principal Homer Blankenship and his wife reported seeing a flying saucer Thursday night, its lights "flashing on and off."

Blankenship said the object, about 100 feet wide and tapered at the bottom, hovered over the highway moving up and down. He said, "It definitely was an object with enough speed to scare my wife and me half to death."
