ALL-NEW '58 RAMBLER...AMBASSADOR

For 1958, Rambler (the nation's No. 1 car in sales growth) presents 17 entirely new cars in three series . . . Economy 6, Rebel V-8 and a new Ambassador by Rambler—a luxurious 270 horsepower V-8.

The sleek new styling is as advanced in concept as Rambler itself—only car to combine American big car room and comfort with European small car economy and handling ease. Among major advances are Pushbutton-controlled automatic transmission, Power-Lok anti-spin differential, Four-Beam Headlights and America's first full-dip rustproofing (instead of old-fashioned spray method).

Most important are the 7 better differences offered by Rambler: (1) The best of both: Big car roomy luxury—Small car economy. (2) Single unit construction—all-welded, twice as strong, far safer. Major reason why Rambler is first in resale value. (3) Record penny-a-mile gas economy.* (4) Shortest turning radius, easiest parking. (5) Airliner Reclining Seats, Twin Travel Beds. (6) Lowest cost, more efficient All-Season Air Conditioning. (7) Fresh, distinctive jet stream styling.
