Xmas Bureau Plans Opening

The Christmas Bureau, an annual community service organization, will officially open on Monday, December 2, to operate until Christmas cheer is taken to every needy person whose name is turned in to the bureau.

All organizations and individuals are urged to be sure that names of needy persons are cleared through the bureau to prevent duplication of effort.

Anyone wrapping gifts or toys is asked to label the package with the age and sex of child for whom the gift is suitable.

Names should be cleared with the bureau at the earliest possible moment to assist the volunteer workers in making all of Santa's deliveries on Christmas Eve.

A telephone number for the bureau will be made public in the near future.

THE BIG M FOR '58...FIRST WITH SPORTS-CAR CONTROL AND THE SOLID, LUXURIOUS RIDE OF A LIMOUSINE

AND FEATURING EVERYTHING NEW FROM SELF-ADJUSTING BRAKES TO A NEW HILL CONTROL

Awaiting you at your Mercury dealer's is a car that, in many ways, makes driving a new experience. Here are four examples:

**Big new brakes that adjust themselves automatically!**  
Mercury's new brakes are self-adjusting for the life of the brake lining. They automatically adjust for lining wear during the course of your daily driving—save time and cost of frequent brake adjustments.

**A chime that warns you when you exceed the speed limit.**  
Mercury offers a Speed-limit Safety Monitor which can be set at any desired speed. A warning chime sounds when this speed is reached—saves having to watch the speedometer.

**A power feature that automatically lubricates your car every time you start it.**  
Mercury offers you power lubrication. It works automatically whenever you start the engine, or push a button on the dash. And each lubrication costs less than one-half cent—cuts down on trips to the service station.

**A separate push-button that gives you engine braking on down-hill grades.**  
All Mercurys equipped with Merc-O-Matic

Keyboard Control have a new Hill Control. Just push a button for the extra safety of engine braking. (Your brakes last longer, too.)

Equally important are Mercury's new road-hugging size and weight—and revolutionary Cool-Power Marauder engines. Teamed with Mercury's wonderful new driving aids, they result in a car that can't be matched anywhere for control, handling ease, performance and comfort.

We invite you to try Mercury's new sports-car spirit with limousine ride. Just stop in at our showroom. See how much more your money buys in a Mercury.
